CONDITION OF THE ARMY

Military Secretary Makes First Report Since Creation of the Office.

MILITIA OF STATES IS PROGRESSING

Satisfactory Results Follow Attempt to Bring State Guards Up to Standard of United States Regulars.

WASHINGTON, Nov. 10.—The first annual report of General F. C. Ainsworth, the military secretary of the army, issued from his office since its creation by congress at its last session, gives the total strength of the army at the close of the last fiscal year as 3,771 officers and 82,948 enlisted men. The loss of officers from death, dismissal, retirement and other causes was 154. The number of enlisted men lost by death was 466.

A reduction in the number of malarial fever cases at West Point is attributed to an attack made on the mosquitoes. Speaking of the discipline of the cadets, the report says it is believed that the close observation of the regulations governing the treatment of fourth-class men is due as much to an increasing disposition to yield ready obedience to authority as to the fear of the results of disobedience. The average cost of subsisting cadets was stated to be 64.3 cents, as against 53.3 cents the previous year.

"This increase in cost," the report relates, "was partly due to the unusually high prices of all food supplies and partly to the maintenance of an extra table during the active athletic season, and to the visits of instruction made by the classes during the year."

Militia Makes Progress. Of the 27,800 recruits enlisted during the last fiscal year, 3,067 were foreign born. Complaints as to the number of unsatisfactory recruits are said to have been unusually numerous.

Speaking of the militia, it is said that very satisfactory progress has been made toward bringing the organized militia, respecting armament, equipment and discipline, up to the standard of the regular army. A total of 5,996 officers and 83,102 enlisted men of the militia organizations were present at the inspections.

Referring to the act of congress providing for a roster of officers and enlisted men of the union and confederate armies, the report says that the responses of the governors addressed inviting their co-operation have been such as to assure the department that they fully appreciate the importance of the work and will cooperate heartily with the department in its efforts to give to the confederate soldier the place that is due him in the proposed compilation.

UNION PACIFIC AFFIDAVITS

Company Presents Statement Involving Alleged Unlawful Conduct in Connolly Damage Suit.

In support of their motion for a new trial in the case of John T. Connolly against the Union Pacific, in which the plaintiff was awarded \$7,500 damages, Attorneys Baldwin and Rich have filed affidavits to support the charges made by them against the alleged impartiality of Judge Estelle and the conduct of the attorneys for Connolly.

A. W. Jefferis swears he saw T. J. Mahoney, president of the Omaha Civic Federation, talking in the main corridor of the court house for several minutes with Jerry Glavin, one of the jurors. He also says in the presence of the jury the judge stepped to a desk and got out two magazines, one of which he read and the other passed to Connolly. Frank T. Snyder, who was at the trial as a watcher for the railway, tells of seeing Attorney Pritch talking to Glavin in the court room after the other jurors had passed out. He also saw Mahoney talking to this juror. He also says he saw Judge Estelle deliver his revolutionary remark about the Presbyterian church chicken dinner. Charles B. Frost and Fred A. Robertson, both of whom were in the secret service of the railroad, also make affidavits, the former, among other things, taking oath the legless man handed the judge a cigar.

Robertson says he saw Mahoney and Pritch talk to the jurorman, Edson Rich and Charles L. Dundy also take oath to various remarks and salutations said to have been given by the judge to the plaintiff which they say showed marked partiality. Dundy swears he saw J. A. C. Kennedy talking to Glavin. Ed S. Cook, a witness, swears he heard Glavin say in the corridor: "T. J. (I want to see you)," means the T. J. Mahoney.

HOPE TO DEFEAT INDIANS

Coach Booth Thinks it Unnecessary to Use Best Material Against Haskell.

WILL GET IDEA OF ILLINOIS' STYLE

Westover Goes to Evanston to See How Men Who Are to Come Thanksgiving Put Up Fight.

LINCOLN, Neb., Nov. 10.—(Special).—The Nebraska Corn Huskers are not to be without vocal support when they face the Haskell Indians next Saturday at Kansas City, as the efforts of the Nebraska manager to take foot ball enthusiasm from Lincoln to Kansas City have finally been successful. The Burlington and Missouri Pacific roads have entered into a joint agreement, fixing the round trip rate at \$4. one of the roads to take the trains to Kansas City and the other to handle the crowds on the return trip.

Not Afraid of Warren. It is Booth's belief that the Corn Huskers will give the Indians such a thorough trouncing that it would almost amount to a shame to call on any of the veterans. "We have all the men we need to wallop the Indians," he says, "and there is no necessity of using any of the old men, although they would be perfectly eligible if we cared to play them. We shall leave it to Haskell to run in players, as in the case of Warren. There may be several Warrens, for all we know, but we shall trim them just the same."

After having agreed upon Dr. John Outland, coach of Washburn college, and Ralph Hoagland of Chicago, to officiate Saturday, it now devolves upon the managements at Nebraska and Haskell to choose another referee, in which capacity Outland was to have served. Dr. Outland has declined to officiate, although his telegram to Nebraska does not give any reason. This is regretted by Coach Booth, who looks upon the Washburn coach as an ideal official. The Nebraska management has suggested Dr. Ervin of Lincoln, a Chicago university football veteran of the day when Stagg had a championship team, as Outland's successor. Coach Herstein of Haskell is said to look favorably upon the selection of Ervin, but Nebraska has not yet heard from the Haskell manager on the subject. There may be some trouble in agreeing upon the needed official in case Ervin is rejected by Haskell, but it is not believed that the situation is grave enough to lead to an open rupture and the cancellation of the game.

HOT GAME LOOKED FOR SATURDAY

Hot Contest Anticipated Between Creighton and South Dakota. Hard work has been the rule with the foot ball squad during the week at Creighton university, in preparation for the game at Vinton street park Saturday with the University of South Dakota. The local team expects it to be one of the hardest fought games of the schedule.

The eleven from South Dakota always has been a difficult proposition for Creighton, and this year, under the instruction of an eastern coach, the South Dakotans have developed a team much above their usual standard. The personnel Saturday of Coach Williams' aggregation will be somewhat different from the usual lineup. Men who have shown a disposition to loaf and neglect the daily practice will be relegated to the side lines, and only those who by their

faithful work show a determination to play winning foot ball will be seen. Fairbrother, who won his spurs as a foot ball player at the high school, is at Creighton this year. During the week he has donned the foot ball togs and is playing fast ball on one of the ends. Cullen, Thorn and Cy Lamphear, who have been on the hospital list, are in good condition for a game. Captain Callahan has been suffering from a sprained ankle, and although it is not entirely well, he hopes to be in shape by Saturday's game.

Creighton Juniors Win

The Creighton University Juniors and Boyles Commercial college foot ball teams played yesterday on Creighton field and as a result the Juniors ran up a score of 15 while Boyles' students were scoring no points. The game, played on a very hard and slippery field, was a real treat for the seventy-five yards. In the latter half Thomas retired in favor of Coad and Boyles' end runs, chiefly by Beckett, Kennedy and Captain Corrigan, while the Commercial boys score was made by Bertman after a spectacular chase across the field for seventy-five yards. A BAD DISORDER

In the fall of 1895 I contracted that fearful disease, Blood Poison. It gained such headway that I was compelled to resign my position and seek relief at Hot Springs. After spending all the means I had I went to Memphis. In less than three weeks I was in a hospital, and after nine weeks of suffering I was discharged as cured. In less than a month every bone in my body seemed to be affected and felt as if they would break at the least exertion. Again I was compelled to resign, and I returned to the hospital for a seven weeks stay. When I came out I was advised to try farming. When I first went on the farm I prevailed on the only firm who handled drugs to get me one dozen bottles of S. S. S. At that time both of my hands were broken out with blisters and I was covered with boils and sores. In the meantime my druggists had gotten two dozen bottles of S. S. S. for me and I began its use, and after taking the thirteenth bottle not a sore or boil was visible. R. B. POWELL. East 9th St., Little Rock, Ark.

Of all human diseases, Contagious Blood Poison is the most hideous and hateful. The victim is tortured with eating ulcers, sores and abscesses, unsightly blotches, eruptions and other symptoms of the miserable disease. S. S. S. has been used successfully for nearly fifty years for Contagious Blood Poison. It contains no mercury, potassium or other mineral. Our home treatment book gives all the symptoms of this disease. Medical advice free. The Swift Specific Company, Atlanta, Ga.
