Peninsular Planished Steel Ranges
The triumph of the steel range maker's art and the standard steel range of the world—NO DOUBT ABOUT IT! There's a greater variety of styles and sizes in Peninsular Ranges than in any other make on the market. They'll burn coal, wood or any old thing—17, 18 and 21-inch ovens, 8-inch tops. The double steel oven top in the Peninsular, which equalizes baking and prevents burning on top, is an exclusive feature in the Peninsular range. The oven bottom is made of ten-gauge steel and riveted through its center—it can never crack or warp. Examine the inside of a Peninsular, that is where the secret of its worth lies. Have their conveniences explained to you by our intelligent salesmen. Prices up from 26.00

What About Another Stamp Collecting Book?

You want to make a Christmas gift to your friend? You cannot get anything more acceptable than a Green Trading Stamp Premium. You've time enough to fill your book, and secure one with the object of making it the gift. You'll think more of it because of having earned it, and there's nothing in the whole realm of things for home adornment more substantially made or artistically finished than those premiums.
