NEW TELEPHONE COMPANY

Independent Concern Asks City Council for Twenty-Five-Year Franchise.

TO CONNECT WITH OUTSIDE TOLL LINES

Company is the Outgrowth of Action Taken by Commercial Club Last May and Combines Former Opposing Interests.

An ordinance granting a franchise to the ouncil Bluffs Independent Telephone compuny, articles of incorporation of which were filed in the office of the county reorder yesterday morning, was yesterday filed with City Clerk Zurmuehlen for submission to the city council at its meeting

The incorporators of the new company are: F. W. Miller, T. J. Shugart, Dell G. Morgan, C. Hafer, Emmet Tinley, William Coppock, W. H. Kimball, J. T. Stewart, cond. H. B. Jennings, T. N. Petersen, Lucius Wells, E. H. Lougee, E. H. Merriam, F. J. Day, T. G. Turner, F. R. Davis, F. H. Keys, Leonard Everett and R. H. Bloomer, all of Council Bluffs. The officers of the company are: President, E. H. Lougee; vice president, E. H. Merriam; secretary, F. J. Day; treasurer, T. G. Turner. These, with Messrs. Davis, Beno, Keys, Everett and Bloomer, compose the board of directors. The capital stock is placed at \$100,000, divided into 1,000 shares of \$100 each, which must be fully paid up when issued. Property or services may be taken in payment for stock in place of

The objects of the incorporation as set forth in the articles are to establish a telephone exchange in Council Bluffs to furnish connection with all independent companies and systems desiring such connection, to maintain toll lines, to conduct a general telephone business both local \$55,822. and long distance, to manufacture and deal in electrical apparatus and to maintain a

Incubating for Some Time.

The formation of the new company is a result of the meeting held in this city last May of representatives of independent telephone companies doing business in southwestern and western Iowa, which sought an entrance into Council Bluffs. F. W. Miller, E. H. Lougee and F. H. Hill were named as a committee by the Commercial club to take the matter up and form a company if possible. The work of promoting the company has been in progress since and a number of meetings have been held from time to time, although the promoters did not take the public into their confidence and only a select few were invited to attend the conferences,

Of the incorporators Emmet Tinley was one of the incorporators of the Council Bluffs Independent Telephone company, while C. Hafer and C. A. Beno were among the incorporators of the Pottawattamle Mutual Telephone company. Both these companies were before the last city. council with propositions for franchises, but owing to the opposition of E. H. Lougee, president of the new company, and then a member of the city council, and other aldermen their propositions were

turned down. The ordinance filed by the new company yesterday provides for a twenty-five year franchise. It is noticeable, however, that not a single mention is made in the ordinance relative to rates, this important matter presumably being left to be decided on later when the city council and the new company get together on the prop-

osition. According to the ordinance the company proposes to lay its wires in underground conduits on Broadway between First and Tenth streets, on Pearl street from Broadway to the intersection of Main street and on Main street from Broadway to Ninth avenue. On all other streets, avenues and e run at the option of the company.

alleys overhead or underground wires may Work on the construction of the system is to commence within one year from the granting of the franchise, otherwise the charter will become null and vold. Nothing is said in the ordinance as to when the installation of the system is to be completed.

Banks at El South Main street and the saloon of John Brennan at the corner of Ninth avenue and Main street. Both robberies were committed Sunday night and the two negroes were taken into custody late that night in Omaha as suspicious characters. They were brought back to Council Bluffs

Constable Alberti Accidentally Shot. By the accidental discharge of his re-volver Constable Lee Alberti of Justice Ouren's court received a nasty wound in his right leg yesterday afternoon, the bullet passing clear through the fleshy part of the calf. Alberti had a warrant for a man named Andrew Anderson and was driving in the vicinity of Lake Manawa when the accident happened. He had his revolver in the right hand pocket of his fur overcoat and in turning in his seat to speak to a man the hammer of the revolver caught in the clbow of the sent and discharged the weapon. Alberti at once drove back to the city and to the office of Dr. Trevnor, where his wound was dressed and

Lively Session of Library Board. The meeting of the library board last night was the occasion of a heated discussion as to the proper method to be used in disbursing the funds received from Andrew Carnegie for the construction of the new library building. It developed that President Rohrer of the board had been paying it out on his individual check as president of the board and to this Secretary Baird took objection, he contending that all orders for payment of library funds of any character should be countersigned by the secretary. President Rohrer took the position that as the money was sent to him by Mr. Carnegle's secretary he was justified in having adopted the method he had for disbursing it. Mayor Stewart contended that all funds belonging to the board should be placed in the hands of the city treasurer, he being the legal and authorized guardian of such funds. After over an hour's discussion, at times more or less heated, it was decided that henceforth all orders for payment of the Carnegie money, as well as other library funds, be made only on signature of the president

ing in the library, was placed on the permanent list and her salary placed at \$30 a month. Miss Sherman, assistant librarian, was detailed to prepare a catalogue. The report of the librarian for October showed 7,516 books issued during the month, as follows: Adults, 4,623; children, 2,893.
