BIG TRANSFER BY STICKNEY

Ninety Thousand Dellars of Property Turned Over to Terminal Company.

TRACT BOUGHT BY GREAT WESTERN

Forty Thousand Dollars Represents Five City Lots Above What Was Needed for the Terminals.

President A. B. Stickney of the Great Western railroad, or the Interstate Investment trust (limited), has transferred \$90,-600 worth of Omaha property to the Omaha Grain Terminals corporation.

The Interstate Investment trust (limited) is a corporation formed under the laws of Iowa, Into which Mr. Stickney throws all his purchases or real property until he is ready to put them into one concern or another which he is building up. The transfers are made in two deeds. The first is for \$50,000 and includes the greater part of the land bought and known as the grain terminals tract. This deed includes 43,317 square feet of ground in Summit addition to Omaha. The terminal company had some of the land of the tract in its own name before this, but now gets the entire tract. The land was bought for

Mr. Stickney about a year ago. The second deed is for \$40,000. It is on five city lots, four of them in the south half of the block between Leavenworth and Marcy streets and Fifteenth and Sixteenth streets. The fifth lot is at the northeast corner of the block. These lots were, according to the local agent of Mr. Stickney, part of the ground bought for the Great Western freight terminals. They were not needed by the road and are turned over to the terminal corporation with the idea of being held for speculation and sold when a good offer is received.
