

# GHIRARDELLI'S GROUND CHOCOLATE

A cup of Ghirardelli's Ground Chocolate at breakfast is the right way to begin the day.

It has all the good of other cocoa preparations without their acidity. It is made from the finest quality of cocoa beans, scientifically incorporated with high grade sugar, and being ground is more delicious, convenient and economical than any other brand.

Ghirardelli's is used by weak people as well as strong—children as well as grown ups.

It's smooth, rich, elegant flavor, its invigorating, nutritive qualities and rare comforting influences make it the ideal drink.

Try a cup every morning for a week and you won't ever want to change.

The consumption of Ghirardelli's Ground Chocolate in California is twice that of all other cocoa preparations combined.

## FAIRBANKS AT ST. LOUIS

Next Vice President of United States Visits the World's Fair.

BROOKLYN DAY IS NOW BEING OBSERVED

President of One Railway Brotherhood Pays Tribute to President Roosevelt for Work in Coal Strike.

ST. LOUIS, Nov. 15.—Vice President-elect Charles W. Fairbanks arrived today from Indianapolis over the Vandallia and was met at Union station by President D. R. Francis of the exposition and Colonel J. Butler.

The train was an hour late. When Senator Fairbanks, unaccompanied, alighted he made his way through the crowd until met by President Francis and Colonel Butler, who extended hearty greetings. The party then entered Colonel Butler's automobile and proceeded to the St. Louis club, where breakfast was taken, after which Senator Fairbanks was escorted to the World's fair.

Senator Fairbanks stated that his decision to visit the exposition had been made hastily and that he would not be able to remain more than one day. "I am feeling very well," he said, "and want to see the exposition if I have to walk all the time I am here."

Hurried arrangements were made for entertaining the vice president-elect and showing him as much of the exposition as possible in the limited period of his visit. After leaving the St. Louis club Senator Fairbanks was given an automobile tour through a portion of the fine residence section of West St. Louis and then proceeded to the exposition, where an informal reception was held in President Francis' office in the Administration building.

Will See Foot Ball Game.

He stated that he will proceed after his visit to St. Louis to witness the Yale-Harvard foot ball game next Saturday.

"I have a long standing engagement with my boys at college to run down east and see the Yale-Harvard foot ball game Saturday," he said. "Thursday Mrs. Fairbanks will accompany me to New Haven to keep the engagement. From there I will go to New York to attend the meeting of the McKinley Memorial association next Monday. I shall not be able to be in St. Louis with President Roosevelt."

"The Yellowstone park coach" that has been utilized by President Francis is exhibiting distinguished visitors at the exposition grounds was waiting in front of the Administration building and after the World's fair officials had met Senator Fairbanks and the informal reception was concluded he was escorted to the four-in-hand coach. The large assemblage of spectators tendered him a rousing cheer as the driver's whip cracked and the vice president-elect started on his tour of the grounds. President Francis personally directed the

## FORMER NEBRASKAN IS KILLED

George Tuttle, Once of Gage County, Has Trouble in Colorado.

BEATRICE, Neb., Nov. 15.—(Special.)—Information concerning the mysterious death of George Tuttle, who left Gage county several years ago and started a ranch near Akron, Colo., was received here yesterday by his friends. Not long ago Tuttle and his family had some difficulty with a neighboring ranchman, which resulted in the killing of Tuttle's son-in-law, Scott Stewart, the cowboy who did the shooting was found dead, and while there was no positive proof, everything seemed to point to the Tuttle family as the parties responsible for his death.

The Tuttle were arrested and one of the boys was sent to the penitentiary, and Mr. Tuttle himself would probably have gone but his son assumed so much of the responsibility in order to protect his father that George Tuttle was granted a new trial and released from the penitentiary. Mr. Tuttle family after the release of Mr. Tuttle was bitter and threats of violence were frequently heard.

A second trial in the murder case was soon to have been held, but a few days ago Tuttle was left alone on the ranch while the other members of the family had gone away on business, and upon their return they found him dead. The prevailing opinion is that the friends of the cowboy who was murdered killed Mr. Tuttle.

George Tuttle was well and favorably known throughout Gage county and had been here many times since his removal to Colorado buying and selling cattle to our stockmen. He was considered a good citizen and his neighbors all speak well of him and regret his mysterious death.

Woman's Club Anniversary.

HOOPER, Neb., Nov. 15.—(Special.)—On Monday evening the Hooper Woman's club celebrated its tenth anniversary at the home of its first president, Mrs. I. W. Lyman. The celebration was in the form of a reception tendered to the members and former members by the remaining three charter members, Mrs. J. W. Lyman, Mrs. Jerry Denlow and Miss Ella Hill. Several vocal and instrumental selections were rendered and a paper giving the history of the club was read by Mrs. Jerry Denlow.

Wanted for Forgery.

TECUMSEH, Neb., Nov. 15.—(Special.)—A warrant was issued from the county court here today for Joseph Geisels, a young man who forged two checks on businessmen of Cook, a village in this county. Geisels is charged with forging the name of Lewis Schacht twice, once on a \$10 check and once on a \$15 check. One check was disposed of to Henry Thiele and the other to H. H. Schacht. Geisels has left the country and the officers will go after him.

Canadian Train in Wreck.

ST. CATHARINES, Ont., Nov. 15.—The Chicago express, westbound, on the Grand Trunk railway collided with a light pilot engine today. Both engines were damaged and four coaches were turned up. Eleven persons were seriously injured.

## COUNTIES IN DEBT TO STATE

Enough Old Taxes Uncollected to Wipe Out Entire State Debt.

ESTIMATE OF THE STATE'S EXPENSES

Different Departments Preparing Estimates to Submit to the Coming Session of the Legislature.

(From a Staff Correspondent.)

LINCOLN, Nov. 15.—(Special.)—Deputy Auditor Anthony is preparing the report of the auditor for the biennium, and the report will show that if all the counties in the state that are delinquent in their taxes would pay up the state debt would be wiped out and forgotten in little less than no time. Thirty counties owe the state \$42,708.27, including the money that has been due since 1873. The remainder of the report of delinquent counties is still in the hands of the printer and the amount is more than \$2,000,000. It is expected that a good portion of this will be collected under the workings of the scavenger tax law. The counties that have been notified from the printer are delinquent as follows:

Hayes.....\$ 6,144 91 Loup.....\$ 1,109 02

Estimate of State Expenses.

State officers and the heads of departments are busy these days figuring out an estimate of what will be required to run the state house and the state institutions during the next biennium, in order to ask the legislature for the wherewithal to do it. So far only a few of the officers have completed their estimates and filed them with the state auditor. So far the same amount asked for two years ago. The office of the state superintendent will ask for \$1,000 more and Superintendent Fowler believes the increased demands on the office for printing county superintending supplies, telegraph, telephone, ink and supplies, etc., justified the demand. Two years ago, outside of salaries, the legislature appropriated \$1,000 for this office and this year Mr. Fowler estimates that the office should have \$2,000. The treasurer's office will ask for \$1,800 besides salaries, this same amount asked two years ago. This office will also ask that the legislature pay the cost of the bonds that have to be given. The other officers are still at work on their estimates.

When all are completed, the state officers will meet with the governor, and every dollar that can be lopped off will be, and only an amount that is absolutely necessary will be asked from the legislature. Governor Mickey is of the opinion that he can cut down the pay roll of the state institutions and the state officers intended to make a personal visit to all of them. A number of superintendents have already called on the governor and he has discussed with them the advisability of letting out some of the employees.

Thompson for Norris' Deputy.

W. T. Thompson of Merrick county will be the next deputy attorney general, and all signs fall. Mr. Thompson has been recommended by a number of prominent Republicans. A number of other prominent attorneys have applied to Norris Brown for the place, and while Mr. Brown has not officially announced that Mr. Thompson is the man there is little doubt but that he will be. W. E. Rose, at present assistant attorney general, and Miss Canning, stenographer, will each retain their old places. It is generally understood that Mr. Rose was offered the deputyship, but preferred his old place. Brown considers him an invaluable aid in the office.

Ben White Enters Disclaimers.

Ben White of the Northwestern railroad was attending supreme court here this morning and denied any knowledge as to whether his road would unite with the Burlington in its fight against paying taxes into the counties on a valuation fixed by the State Board of Assessment. It was told around the state house this morning that the Burlington local officials were not desirous of starting a fight on the payment of taxes, but that the eastern owners had issued such an order. It is not known here just what course the railroads will pursue in the matter. In several counties the amount being much less than the amount charged, and in some instances the amount was taken by the county treasurer and a receipt given for the sum paid.

Koetter Wants a Place.

Former Representative Koetter of Douglas county wants to be the next deputy labor commissioner and has filed his application. Fearing that he will be unable to land the job, he has also come out as a candidate for sergeant-at-arms of the house of representatives, and this morning he spent his time in Lincoln rounding up his former associates in the house from Lancaster county, putting in a plug for himself.

Judge Barnes Talks to Students.

Judge J. B. Barnes of the supreme court last night lectured informally to the students of the law department of the University of Nebraska on "Pleadings." Nearly all of the members of the law class, together with Dean Roscoe Pound, were present and heartily congratulated the judge on his lecture.

Dentist is Fined.

Dr. Shannon, a prominent Lincoln dentist, was fined \$100 by the city court for violating the Peace Grease on a charge of attempting to take undue liberties with one of his patients, Agnes Morrissey, aged 17 years. The doctor will appeal the case. It is not improbable that the State Dental board will be asked to take some action in the matter, should the higher court uphold the decision of the justice court.

Old Case Dismissed.

The case of Whitaker against Kilgore, involving possession of an island in the Platte river, which has been pending in the supreme court on motion for a rehearing, was dismissed this morning for want of briefs.

Mortensen's Expense Account.

State Treasurer Mortensen, in his expense statement filed with the secretary of state, swears that he gave \$900 to the state central committee, and spent \$1 in driving across country from Geneva.

YORK COUNTY MAKES PROTEST

Alleges that it Does Not Receive Justice in Crop Statistics.

YORK, Neb., Nov. 15.—(Special.)—The York Pacific railroad continues to do York county an injustice in giving the acreage and yield of alfalfa of York county in the list of counties growing alfalfa, when it is a fact that York county is one of the leading counties in the state in the acreage and production of alfalfa. York county has an acreage of about 18,000 acres, and the total yield must be somewhere near 50,000 tons. The acreage of timothy and clover is nearly 40,000 acres, and blue grass pastures the finest in the world are everywhere, as blue grass 'a' the last three years has driven out the prairie, and but few prairie pastures remain in the county.

Gypsies Are Smooth.

PLATTSBURGH, Neb., Nov. 15.—(Special.)—Five wagonloads of gypsies have arrived in the west portion of Plattsburgh for several days and are reported to have victimized a number of people while making the rounds of the city. One instance, in which an old resident was nearly felled out of a hard-earned silver dollar, was quite amusing. A gipsy woman persuaded him to have his fortune told for the small sum of 10 cents, but before proceeding with the task of revealing the hidden mysteries of the past, present and future the victim was requested to place a silver dollar upon his tongue, which he did. The woman then asked him a number of questions, and while attempting to answer them the dollar dropped from his mouth and was caught by the fortune teller. That was the last he saw of it.
