

FEW PLACES TO PASS AROUND

More Members of Lower House Than Appearative Places to Give Out.

SENATORS ARE SOME BETTER FIXED

Auditor's Books Show Over Two Million Dollars in Delinquent Taxes Are Due State from Various Counties.

(From a Staff Correspondent.) LINCOLN, Nov. 17.—(Special.)—With only seven days to pass before the members assemble from the elective offices, the eighty-nine republicans in the next house of representatives will have a strenuous time satisfying their constituents. The statutes provide that the house shall have as a speaker, a chief clerk, assistant chief clerk, sergeant-at-arms, doorkeeper, enrolling clerk, engrossing clerk, chaplain and such other officers as are necessary, not to exceed seventy-five. This doesn't make one clerk for each republican, consequently the man who lands a job will have to have a pretty good political pull.

The senators are better off in this respect. The statutes allow the members sixty-five employees, besides those officers elected by the body. As there are only thirty-three senators, more of their faithful constituents will be able to land some kind of a place. There is little doubt but that there will be a lively scramble for places, inasmuch as none of the employees receive less than \$1 a day, while the chief clerks in the houses receive \$4. This doesn't make the first assistant clerks. Though it has been customary to pay little attention to the number of employees insofar as conforming to the statutes is concerned, two years ago about twenty-five were lopped off the payroll when the Bee published that the statutes were being violated.

So far the only man mentioned for chief clerk of the house is John Wall of Arcadia, with Clyde Barnard as assistant. Both are old-timers at the business and held the positions they are now after two years ago.

This morning it was announced that Senator Fries of Arcadia was a candidate for president pro tem of the senate. He is a new man in the race.

A number of members-elect have been during the last few days and most of them agree that the session should be a short one. Governor Mickey has said that all the business should be wound up within forty days, but so far few of the members have so expressed themselves. Several of those interviewed, however, say that the legislature should be ready to adjourn within the sixty days.

Counties in Debt to the State

The books of the auditor's office show that there is now due the state in delinquent taxes by the various counties a total of \$3,930,213.22. Since 1902 there has been a little reduction made, a total of \$164,311.63 having been paid into the treasury. The books now show the various counties delinquent as follows: Douglas county, \$1,021,304.37; at the front with \$32,482.25 still owing:
