Nebraska Clothing Co. A Wonderful Sale of Women's Suits

For Particular Men.

CLOTHES FOR MEN AND WOMEN

At no time this season have we offered the men such a powerful assortment of suits and overcoats than will be found on our great second floor department tomorrow—and it's not due to chance, but to those forceful agencies, ENTERPRISE and CASH. A number of manufacturers with goods on their hands made us offers so alluring that we found it impossible to resist. These purchases permit us to present our patrons with values so attractive in Men's Suits and Overcoats that our great department of men's clothing should experience lively times tomorrow. A brief suggestion of prices and savings follow:

MEN'S SUITS and \$10 and 12.50 OVERCOATS

Our \$10.00 and \$12.50 Suits and Overcoats will more than likely appeal to all men who've been accustomed to paying anywhere from \$15.00 to \$20.00 for these garments.

\$15 and \$20 Custom Made SUITS and OVERCOATS

Our \$15.00 and \$20.00 Suits and Overcoats are meant to satisfy the most critical dressers. They're garments the foremost custom tailors in the city would be proud of, too. When we say custom made, we mean what we say. Every garment we offer at these prices is the very finest example of the most skilled tailors.

It is utterly impossible to equal the above values in Men's Suits and Overcoats, anywhere, at any time, and under any conditions or circumstances. The fact that the "NEBRASKA" clothing business is one of the largest in the United States shows pretty clearly how the public pulse is beating.

NEW PLANT FOR TELEPHONES

Three Substations or One Big Main Quarters Will Be Built.

PRESENT PLACE MAY BE ENLARGED

Rapid Increase in Business Overtaxes Switchboard and Company is Compelled to Provide Much Greater Facilities.

Will the Nebraska Telephone company put up three substation buildings or will additional operating room be provided in the older part of the present central exchange by tearing out some of the general offices?

That is the question which General Manager Vance Lane and his staff have been trying to answer during three weeks and which will take them something more than the same amount of time in the future to answer. The decision rests on which enlargement of facilities will give the lowest rate of operating expenses.

The company owns no more land at Eighteenth and Douglas streets than is now used by its two buildings. No more can be obtained there. But at Thirty-third and Harney streets the company has a lot which was bought some time before the newer part of the present exchange was begun. At that time the same question was under consideration and the substations were in favor. Later it was decided to build on Eighteenth street. If the investigations now under way tend to show the old stations are desirable a building about 60x100 feet in ground plan and two stories and basement in height will be put up at Thirty-third and Harney streets. If this is done, the system will be extended north and south and similar exchanges built in the vicinity of Twenty-fourth and Lake streets and Sixteenth and Castellar. The company does not own land, however, in either of these neighborhoods.

Ten Thousand Phones. The present switchboard will accommodate 10,000 phones. It was put in only this spring and at the time was supposed to be large enough to accommodate the increase of business for a long time. Now Mr. Lane is looking far beyond the 10,000. He is at present inclined to believe the most economical manner of increasing the capacity will be to use some of the present offices for operating space. This will take a considerable part of the space now used by the clerical and executive forces.

SMALL EFFECT IN OMAHA

Secretary Shaw's Demand on Banks Regarded by Local Bankers as Trivial Matter.

Secretary of the Treasury Shaw has called for the repayment of 25 per cent of the special deposits made by the department with national banks, 10 per cent to be paid January 19, 1905, and 15 per cent March 15. This is the second call on the special deposit funds, the last having been made last spring and for 25 per cent.

Asked what effect this action would have on the banks of this city Vice President McGrew of the Omaha National bank said: "It will be a matter of very little importance; probably not over \$75,000 will be withdrawn from our banks through this call. There is no reason why it should disturb the financial situation of the country in the slightest. If there was any danger of unsettling financial conditions Secretary Shaw would not make the demand."

Cian Gordon and St. Andrew's Day. St. Andrew's day, the natal day of Scotland's patron saint, happens Wednesday, November 23, and Cian Gordon will give a grand banquet in the M'Hard hotel that evening. All interested are invited to inform the undersigned of their intention to be present. Tickets, \$2 each. JAMES C. LINDRAY, 1508 Howard Street.

The Burlington Thanksgiving Rates.

Five and one-third for the round trip between points not more than 200 miles apart. Tickets on sale November 23 and 24, limited for return to November 28. J. B. Reynolds, city passenger agent, 1502 Farnam street, Omaha.

Dinner.

The ladies of the First Christian church will serve dinner at the Y. M. C. A. rooms Saturday, November 19, from 11:30 to 1:30 and from 5:30 to 7:30. Price, 25 cents.

JUDGE DAY GRANTS ORDER

Issues Alternative Writ of Mandamus for Civic Federation Against Mayor and Chief.

The alternative writ in the mandamus proceedings of E. E. Thomas, attorney of the Omaha Civic Federation, against Mayor Moore and Chief of Police Donahue was signed yesterday by Judge Day of the district court. It was made returnable before the same judge November 26. The mandamus is to compel the city administration to close the saloons at midnight and on Sundays, which it is claimed is not done now.

Cost of Coliseum.

Chairman Kierstead, who was connected for years with the Coliseum, said the structure had cost a total of \$4,000. The lots are now valued by Tax Commissioner Fleming at \$2,500. He had assessed the whole property at \$4,000, an increase of \$1,500 over last year, the increase being on account of improvements made by the Ak-Sar-Ben after its obtained possession.

The Stora Brewing Company has made a return on personal property of \$2,000, whereas last year the figures were only \$2,000. Of the valuation given this year \$4,000 is for money in the bank. Chairman Kierstead pointed out that the accumulation of cash is undoubtedly for the purpose of paying saloon licenses within the next month. The Stora company has forty-eight saloons in Omaha, the license for each being \$1,000, meaning \$48,000 in license money. The operation of the law will require the payment of taxes upon money paid as taxes, it appears.

The return is noted by the board as another instance to show that many corporations are striving to make honest returns this year.

Smelter's Figures the Same. The American Smelting and Refining Company has filed its schedule, giving the valuation at \$700,000, which is the same as the return and assessment last year.
