

RUSSIANS BACK FROM FIELDS

Five Thousand Return to Lincoln from Labors with the Beets.

HOBSON HAS PROBLEM IN IRRIGATION

K. T. Thompson of Merrick County Named by Norris Brown as Deputy Attorney General-Conductor in Insane.

(From a Staff Correspondent.)

LINCOLN, Nov. 19.—These are days of rejoicing in the little Russian colony, for yesterday and today over 5,000 Russians, heads of families and members of families, returned to their homes in the colony and there are more coming.

It is up to Secretary Hobson of the Irrigation board to decide whether an individual has the right to use the water from a spring located on his farm for irrigation purposes and as a result he is doing some tall talking.

A farmer located in the western section of the state sought to use the water of a spring rising on his place for the irrigation of his fields. Its water ran by a subterranean channel into Pumpkinseed creek, and his neighbor below, who had appropriated the waters of the stream for irrigation, complained. Then the query was put to the state official.

The secretary stated this morning that there is no question as to the man's right to use all the water needed for domestic purposes, but beyond that he is at sea. A Colorado court has held that the prior appropriator has a right to the water of a spring under similar conditions, after the owner of the spring has used what he needs for domestic purposes.

The decision in the case will have wide-spread effect, since future irrigation developments will depend largely on the use of underground waters. The individual owning a tract of land with a spring which is connected with the main stream will be obliged to defer his use of it until prior appropriators on the water course have used all they need.

Should the courts decide that the Colorado doctrine prevails in Nebraska, irrigation by means of wells will be rendered difficult, because of the rights of persons depending on neighboring streams for their water supply.

COACHMAN BECOMES INSANE

George R. Souter, a well known and very popular conductor on the Burlington, employed by the railroad company for the last twenty years, was this morning taken to the insane asylum here for treatment.

Mr. Souter was taken ill several days ago while out on his run and telegraphed in to headquarters for relief. Upon his arrival in Lincoln it was found that he was extremely nervous and was laboring under the hallucination that his wife and family were in great danger. It is believed that he will speedily recover.

ELEVATOR COMPANY FOR OMAHA

The Independent Elevator company of Omaha today filed articles of incorporation with the secretary of state. The capital stock is \$100,000 and when \$5,000 is paid up the company has a right to start business.

The incorporators are C. W. Wattle, Frank Murphy, Guy C. Barton, Abraham L. Reed, Edward C. Bruce and Freeman Kirkendall.

BROWN NAMES HIS DEPUTY

Norris Brown, newly elected attorney general, formally announced the appointment of W. T. Thompson of Merrick county as his deputy. Mr. Thompson has served several terms in the legislature and two years ago was a candidate for speaker of the house. He is well and favorably known throughout the state.

KENNEDY'S EXPENSE ACCOUNT

The expense statement filed by John L. Kennedy, the successful candidate for congress in the Second district, shows that he spent \$5,400 during the campaign. His opponent, Gilbert M. Hitchcock, besides losing the race, vouchers for an expenditure of \$28,715.

ROADS REFUSE TO PAY TAXES

Burlington and Union Pacific Offer a Part of Sum Assessed. HASTINGS, Neb., Nov. 19.—(Special.)—The Burlington tax commissioner, E. D. Pollard, called on County Treasurer Babcock on Friday and tendered \$7,838.55 in payment of the Burlington taxes in Adams county. Inasmuch as the amount charged against the company, as shown by the treasurer's record, is \$24,981.33, the tender was rejected and Mr. Pollard took his departure. The difference between what the company assumes to be a fair taxation and the sum recorded in the treasurer's office is \$17,142.78.

PRIZE FOR ALFALFA

YORK, Neb., Nov. 19.—(Special.)—August Drier, one of York county's well-to-do and successful farmers, claims that alfalfa plowed under will enrich the soil fully as much, if not more, than clover and that the general idea that alfalfa plowed under will not enrich the soil and that ground which has been in alfalfa for several years is hard to work is erroneous. For several years Mr. Drier has had a fine stand of alfalfa, cutting three and four crops, and the last three years blue grass combined to appear so that a part of the field was being taken with the blue grass. For this reason Mr. Drier last year plowed up the alfalfa and drilled in wheat, which yielded this year seven bushels to the acre more than wheat. Mr. Drier says that with a good year for wheat he believed the difference in the yield would have been at least fifteen bushels to the acre more.

CHARGED WITH GRAND LARCENY

STURGIS, S. D., Nov. 19.—(Special.)—Edward Green of Deadwood and Joseph Salmon of Custer were arrested here on a charge of grand larceny. They are alleged to have robbed Charles Merrill and John Ingram of a sum of money at a lodging house here last night. They were given a hearing today and pleaded not guilty. Both were bound over to the sum of \$200 each to the next term of the Meade county circuit court.

There are very few people in my neighborhood who do not know how I suffered. Seeing Doan's Kidney Pills advertised I sent to Kuhn & Co's drug store for a box. After using it I found the pain in my back had passed away. I cannot use words strong enough to express my opinion of Doan's Kidney Pills after what they did for me when everything else had failed."

WHEAT PRICES' BAD BREAK. Grain Over Two Cents a Bushel Lower Than Opening on Chicago Board.

CHICAGO, Nov. 19.—Under heavy liquidation wheat prices here today broke over 2 cents a bushel. The market was affected by the comparatively weak reports from foreign grain markets and by tone from Argentine claiming bumper crop under way. The decline was apparently started by liberal profit taking on the part of several large holders. On the break many stop-loss orders were reached and the result was additional weakness. The market closed practically at the lowest point of the day. Final quotations on December were down 2 1/2 cents at 81.00. May closed at 81.00, a loss of 2 1/2 cents.

CODY REPEATS THE CHARGES

Amended Petition for Divorce is Filed at Sheridan, Wyoming.

SAYS WIFE THREATENED TO POISON

Further Alleges Mrs. Cody Drove His Friends from His Home and Charged Him with Being Cause of Daughter's Death.

SHERIDAN, Wyo., Nov. 19.—(Special Telegram.)—Colonel William F. Cody's amended petition for divorce was filed here today. It contains charges against his wife, Louisa Cody, similar to those contained in the original petition, many of them being presented in more specific form.

The time for filing had been extended by stipulation, and the amended petition was filed at 2 o'clock this afternoon by Judge M. H. Campin and H. E. Rigley, attorney for Cody, with Clerk of the Court Holmes.

The first cause of action in the amended petition reiterates the allegation of an attempt at poisoning. The second cause of action declares the defendant has offered plaintiff such indignities as have rendered his position intolerable, and that defendant has pursued a regular and systematic course of such ill treatment of the plaintiff from 1878 until the present time. It names a particular instance in September, 1889, in North Platte, Neb., when Mrs. Cody refused to receive the defendant's friends and declared her servants and tried to break up the party. Appearing in dirty, old wearing apparel, it is charged, she told the guests that they had made her lots of trouble, that she hoped they would never see her again in her house and that she would not cook for them, using forceful and unbecoming language. Cody charges frequent instances of the kind and declares that she has interfered in his business by refusing to sign necessary papers with the plaintiff, by reason of all of which he was compelled to leave her. The third cause charges Mrs. Cody with declaring the colored was the cause of their daughter, Arta's, death, and refusing to listen to reconciliation, but she threatening instead, to denounce the colonel at the grave and create a scene. She is charged with having threatened the life of the colonel at that time and place and with having many times threatened to "fix the colonel" and to take his life.

AGED Farmer Meets Accident. KEARNEY, Neb., Nov. 19.—(Special Telegram.)—Paralyzed on one side, unconscious and with very slight prospect for recovery, James W. Crawford, aged 68 years, lies at his home about two miles northwest of this city. Mr. Crawford was hauling hay about 2 o'clock this morning, when in driving beside a deep ravine, the wagon overturned, throwing him to the hard ground, where he alighted on his head. The load of hay fell on top of him and it was a little time before he was rescued. The heavy fall resulted in rupturing some of the blood vessels in the head, with a consequent hemorrhage of the brain. He never has been conscious since the accident occurred.

AUBURN, Neb., Nov. 19.—(Special.)—W. D. Culwell and Joseph Letterlier met with a serious accident yesterday that will keep them both in bed for several weeks. They were engaged in hauling a load of hay from Mr. Culwell's farm and on the road to town the load was upset and both men thrown to the ground. Mr. Culwell had his leg broken at the ankle and Mr. Letterlier had several bones broken in the instep.
