CHECK TO PEACE CONFERENCE

Holland Will Cooperate When Czar Gives His Adhesion to Movement.

THE HAGUE, Nov. 21.—The government has notified the American charge d'affaires here that Queen Wilhelmina will be glad to see the second peace conference meet at The Hague, and that the United States must consent to the operation of the Netherlands as soon as Emperor Nicholas, the originator of the work begun in 1880, and other powers have given their adhesion to the proposal.

WASHINGTON, Nov. 21.—One by one the powers are lining up in hearty support of President Roosevelt's suggestion that another session of The Hague tribunal be convened to complete the work outlined by the first peace congress. Secretary Hay today received cordial acceptances from Sweden and Mexico. The Swedish government expresses its gratitude to President Roosevelt for calling the matter to the attention of the powers, heartily accepts the invitation and expresses the opinion that one of the most important subjects which the court should consider was the effect of war on the rights of neutrals and a definition of contraband of war.

ROME, Nov. 21.—The Giornale D'Italia asserts that the government today sent off a favorable reply to President Roosevelt's suggestion that the matter be referred to the Hague conference, though reserving assent as to date and details of the program of the conference.

Feeling ran so high that John Mitchell pressed the convention and stated that unless delegates voted to accept the resolution he would resign. The resolution was adopted by a vote of 100 to 10.

Another action of far-reaching importance was that taken on the report of a special committee on the demand by the Typographical union for an eight-hour day. The convention voted unanimously to endorse the demand and pledged itself to aid the movement by levying an assessment on each of the members, if such a course should become necessary.

The Typographical union has set January, 1906, as the time when the eight-hour day will be demanded by their organization.

EXCITING LABOR DEBATE

Socialist Element Makes Savage Attack Upon Gompers and Mitchell.

LEADERS GIVEN A VOTE OF CONFIDENCE

Suspension of Chicago Central Body Will Make Permanent Unless Makes an Agreement with National Officers.

SAN FRANCISCO, Nov. 21.—Today's session of the American Federation of Labor was the most exciting yet held. During the heated debate which followed the unexpected interjection of the question of socialism before the delegates Samuel Gompers and John Mitchell were charged with being traitors to the cause of labor. Those charges and the bitter socialist debate which followed were caused by the introduction of the following resolution by Delegate Victor Berger of Milwaukee:

Resolved, That the concentration of wealth in the United States and the rapid development of the trusts in almost every branch of industry make it obvious that capitalism will soon reach its culmination point and will have to make room for another phase of civilization.

Whereas, It is evident that this nation is destined to take the lead in this grand struggle for better conditions and higher culture; therefore be it

Resolved, That we hereby recommend to all organizations affiliated with the American Federation of Labor to have their members study the economic conditions and have lectures upon these subjects in their lodge rooms, homes and in meetings so arranged that the masses may be enlightened in their power for the enlightenment and intellectual advancement of the proletariat.

The resolution committee reported to the convention that it recommended the adoption of the measure with the exception of the clause following the first whereas. A socialist delegate stood and asked that the particular section should be expurgated. This opened the floodgates of oratory and vituperation, and the battle was not over until an hour and fifteen minutes after the regular time for adjournment.

By an overwhelming vote the delegates passed the resolution as recommended by the committee and expressed their confidence in John Mitchell and Samuel Gompers.

Max Hayes, who championed the socialist doctrine, in gratitude to President Roosevelt for calling the matter to the attention of the powers, heartily accepts the invitation and expresses the opinion that one of the most important subjects which the court should consider was the effect of war on the rights of neutrals and a definition of contraband of war.

ZEMSTVOS ARE CONFIDENT

Liberals Are Flooding to St. Petersburg to Participate in Conference.

INTERIOR MINISTER GRANTS PROTECTION

Among Speakers is Man Who Spent Twenty-Four Years in Exile and All Are Moderate.

ST. PETERSBURG, Nov. 21.—The interest in the meetings of the Zemstvo representatives is increasing such a gathering has never before been permitted in Russia. As evidence of the remarkable state of affairs it is sufficient to mention that one of the most prominent speakers yesterday was M. Petrunkevitch of Tver, who spent twenty-four years in exile and who had only been allowed since Prince Sviatopolk-Mirsky's advent to come to the capital. Nevertheless, the most able men in the assembly are counseling moderation and are doing everything which might prevent demonstrations which might compel interference. One of the strongest members of the conference said to the press:

We want to make our position plain to the government, but we desire to avoid every appearance of lawlessness or anything of the kind. We hope and expect that the provincial Zemstvos will follow our lead and demonstrate to the government that the voice of the nation is in favor of a direct share in the government by the people.

At the meeting of the delegates today section 9 of the memorial, by a vote of 100 to 10, was strengthened into a practical recommendation for a parliament, the language being changed to a specific declaration in favor of an elective body, not to participate in legislation, but to make the country's laws.

Sympathetic demonstrations are reported in various parts of Russia.

Small Panic at Kharkoff. KHARKOFF, Russia, Nov. 21.—The law society met at the university today in order to draw up a telegram of congratulation to Interior Minister Sviatopolk-Mirsky regarding also the election of the people for reform. Many who were not members of the society, including women, were present. A few members opposed the dispatch of the telegram as useless, which precipitated an uproar. In the midst of the tumult a large number of workmen entered the hall and showered the audience with revolutionary pamphlets. The chairman declared the meeting adjourned. A semi-panic followed and there was a great rush for the exit, many women in escaping leaving their wraps behind. The workmen and some students remained and held an impromptu meeting, afterward going out in procession singing revolutionary songs. The procession, however, was soon dispersed. No one is reported to have been injured.

Annual Meeting of B. & O. Largest Vote of Stockholders in History of Company is Polled.

BALTIMORE, Nov. 21.—The seventh annual meeting of the stockholders of the Baltimore & Ohio railroad was held in this city today. There were voted 1,400,179 shares of a total of 1,500,000, being the largest vote ever cast for directors at a meeting of the stockholders.

The following directors were re-elected: Edward B. Bacon, John P. Brown, Edward H. Harriman, James McCrea, Sutherland M. Prevost, Samuel Lea, Norman B. Ream, Jacob H. Schiff, James Speyer, Charles Steele and James Stillman. George F. Randolph, first vice president of the company, was elected to fill the vacancy caused by the death of John C. Cowley. The selection of Mr. Randolph to fill this vacancy is taken as indicative of the policy of the stockholders to keep within the company to a very large extent its management and control. The directors will meet in New York some time next month to organize, when the present officers will be re-elected.

Federal Court Called Upon St. Louis Railway Merger May Be Stopped by Dissatisfied Stockholders.

ST. LOUIS, Nov. 21.—An application for injunction to restrain the St. Louis Transit company, the United Railways company, the National Bank of Commerce and the directors of these corporations, who are interested among the defendants, from carrying out the proposed merger or transfer of stock of the Transit company to the United Railways company, was filed by J. Brock Johnson in the St. Louis circuit court today.

Mr. Johnson charges that the movement looking toward the absorption of the Transit company by the United Railways company means the payment of "an unlawful commission to Brown Brothers and company of New York," controlling stockholders of the United Railways company.

Loss at Cincinnati Fire. CINCINNATI, Nov. 21.—Revised estimates of Sunday's fire place the aggregate loss between \$400,000 and \$500,000, distributed among thirty-four individuals and firms. The bulk of the loss is in the hands of the Rudolph Wurlitzer company, dealers in musical instruments.

CORONERS INVESTIGATE DEATH

Hearing Progresses at Cincinnati Over Parker and Verdet Found at Chicago.

CINCINNATI, Nov. 21.—Coroner Weaver today began an inquest in the case of C. W. Parker, vice president of the Cincinnati, Hamilton & Dayton and the Pere Marquette railroads, who fell dead in his office here on Wednesday last. No autopsy was held at the time of his death, as no request had been made, and the death certificate gave no cause of death, merely saying "inquest pending."

Dr. S. B. Grimes was the first witness examined. He said he was called while Mr. Parker was dying. He smelled a pungent odor as of peach leaves. There were no convulsions. The pupils of the dying man's eyes were dilated. The witness asked what Mr. Parker had taken. He heard a voice say "don't say anything," and thought he was a ratiolator, who fell dead in his office here on Wednesday last. No autopsy was held at the time of his death, as no request had been made, and the death certificate gave no cause of death, merely saying "inquest pending."

Miss Rose Hagerman, stenographer for Mr. Parker, testified that she saw nothing unusual about him that day. He had just returned from Chicago and had dictated some correspondence to her.

He gave a special note of moroseness. She was the only woman present, and had no recollection of hearing Dr. Grimes ask what he had taken nor of saying "Don't say anything."

CHICAGO, Nov. 21.—Suicide while temporarily insane over the loss of her betrothed girl was charged by coroner's jury today in the case of Ella Gesterling, whose dead body was found Saturday in the girl's apartments at the Vendome hotel. The death of the young woman, according to police theory, may have been the result of a "suicide agreement" entered into by the dead girl and Charles A. Parker, official, in this manner it is said the young man learned that his father contemplated securing a divorce in order that he might marry Miss Gesterling.

Grief over this discovery and a feeling of shame at the father's estrangement were the cause, it is believed, of the son's suicide recently in St. Louis.

Attempt to Kidnap Woman Claimant of Omaha Estate Has Sensational Experience in Her Canadian Home.

WINDSOR, Ontario, Nov. 21.—(Special Telegram.)—Complaint was made today of an attempt to kidnap Mrs. John Scram, who resides in Ruthven, a Canadian village about twenty miles distant. She claims to be the sister of John Walker, who died in Omaha leaving about \$100,000 in an old trunk. Mrs. Scram declares she is the only living relative, but other claimants appeared. She retained Attorneys Rush and Sibbald of Omaha to defend her interests. It is alleged that emissaries of rival claimants have endeavored to prevent Mrs. Scram from asserting her rights. An attempt was made to abduct her by throwing a chloroformed cloak over her head while she was returning home. The unknown assailant was frightened away. A week ago an alleged relative, who claimed to be Father McFadden from Council Bluffs, called and was given an inhospitable reception. Mrs. Scram chased him away with a revolver. Early last Saturday morning Mrs. Scram's home was completely destroyed by fire, but she was rescued in her nightgown. When Mrs. Scram recovers sufficiently she will go to Omaha to prove her claims.

Locomotive Engineers Meet Eight Hundred Members of the Brotherhood Hold an Informal Session at Cleveland.

CLEVELAND, Nov. 21.—One of the most largely attended informal gatherings of the members of the Brotherhood of Locomotive Engineers was held in this city today. Eight hundred members of that organization are present from widely separated parts of the country. Other than an executive session of the engineers this morning, the remainder of the day and tonight has been given up to purely social events. The meeting this morning was said to have been for an interchange of ideas among the members, it being said by a prominent delegate present that there was nothing special under consideration, that the order was in fine condition and the relations of the engineers with the railroads were satisfactory.

A public reception was held this afternoon, at which informal addresses were given by Governor Herrick, Congressman Burton, P. H. Morrissey, grand master of the Brotherhood of Trainmen, and others.

GENERAL NOGI RECEIVES FRESH TROOPS

Tokio Hears that Japanese Have Advanced Their Attack Upon Pines and Have Taken Russian Counterscarp.

TOKIO, Nov. 21.—The Navy department reports the capture of the German steamer Batelan while attempting to run the Port Arthur blockade.

The department says that at 3 a. m. May 19 a Japanese squadron cruising off Pental sighted a vessel steaming for Port Arthur. The gunboat Valsuabio pursued and overtook the steamer at 5 o'clock in the morning. On board of the vessel was found a great quantity of winter clothing, blankets, medicine and canned meats. Its captain said he was bound for New Chwang. The route and cargo of the Batelan were considered to be suspicious and it was taken possession of and brought to Sasebo.

Reliable news is received that the Japanese mined and occupied a center scarp on Riblung mountain November 19.

Shanghai Hears of Capture. SHANGHAI, Nov. 21.—A former British steamer, the Thales, sold to Germans, has been captured while attempting to run the Port Arthur blockade and has been taken to Sasebo. It had on board a cargo of clothes, blankets, medicine and an enormous quantity of foodstuffs.

Russians captured near Port Arthur said that five men of war in the harbor have been rendered useless by the Japanese fire.

The Thales is undoubtedly the German steamer Hattelan referred to in a dispatch to the Associated Press from Tokio today as having been captured by the Japanese squadron while attempting to run the Port Arthur blockade. There was no record of the Batelan in the maritime registers available.

Fresh Troops for Nogi. CHIEF FOO, Nov. 21.—A Japanese official among the latest arrivals from Dalny states positively that the general attack upon Port Arthur has not been repulsed. Runners to that effect in Dalny have arisen because fresh troops, including the Seventh division, recently landed, are being sent to the front.

Grief over this discovery and a feeling of shame at the father's estrangement were the cause, it is believed, of the son's suicide recently in St. Louis.

Large Concourse of People Present at Obsequies of Kentucky Statesman.

LEXINGTON, Ky., Nov. 21.—The funeral of Colonel W. C. Breckenridge, held here today, was the largest since the funeral of Henry Clay and Senator James B. Beck. Leading citizens from all over the bluegrass region and lawyers and prominent men of other cities were present.

All the local civic bodies, confederate comrades, Fayette county bar and other societies to which the deceased belonged attended and formed a procession which escorted the body to the cemetery. The services were held in the First Presbyterian church. City offices and all business houses suspended business during the funeral.

One of the most attractive and costly floral designs was sent by Caleb Powers, charged with the Goebel murder, who is in jail in Louisville. Colonel Breckenridge made a vigorous fight in Powers' behalf and did much in editorial utterances to procure for him an unbiased jury.

TOPEKA, Kan., Nov. 21.—Mrs. J. R. Nickum, who was brained with an axe in her boarding house here Sunday, died today without regaining consciousness. The case is the most mysterious in the criminal history
