

NOTED MEN VISIT THE WEST

Jacob Schiff and King Edward's Secretary Stop in Omaha.

GENERAL WILSON ALSO IN THE PARTY

All Decline to Be Interviewed, Saying Their Trip is One of Pleasure and of No Significance.

Jacob Schiff, the directing head of the New York banking house of Kuhn, Loeb & Co., Sir Edward Cassell, financial secretary to King Edward VII of England, and General Wilson, retired, United States army, were with the party of English capitalists who arrived in Omaha yesterday in a special train running as the second section of No. 3 on the Chicago & North-western.

The fact that Sir Edward is with the party has given rise to the rumor that the purpose of the present trip is the investment of English capital in large western enterprises. Sir Edward would not discuss the purpose of the present trip. He said: "We have made it a strict rule upon the occasion of this trip not to speak for publication to the representatives of the press in any of the cities we have had the pleasure of visiting through I will say the present trip is largely for pleasure. We shall go to San Francisco and from there return to the east by way of New Orleans. We may stop for a few hours along the way for the purpose of sightseeing."

"Are any financial projects under consideration?" "There you go. I must decline to answer. Other than the reasons given I must decline to discuss."

None Will Be Interviewed.

Other members of the party were equally reticent. Mr. Schiff said he had no other thought in crossing the continent except to enjoy himself. One of the Englishmen in the party who was appeared to said no special significance attached to the trip.

"We have nothing 'up our sleeve,' as you express it," he said. "We are merely looking over the country."

"Is it true your visit to Chicago had in view the financing of the underground railroad system there?" "I can't say as to that."

"Is it a fact that Kuhn, Loeb & Co. are the financial backers of that enterprise?" "Really I'm not at liberty to talk. I know nothing of the Chicago tunnels that I am at liberty to talk about."

The party was met at the depot by A. L. Mohler, general manager of the Union Pacific, who will accompany the visitors to the coast; Thomas M. Orr, secretary to chief manager Mohler; John B. Berry, assistant, who went with the Vanderbilt tank and are the largest type of passenger locomotives in use.

The coaches consisted of one baggage car and private cars used by officials of the road. These were Nos. 100, '03 and '01, belonging to the Union Pacific officials, and No. 193 of the Short Line system.

Mortality Statistics. The following births and deaths have been reported to the Board of Health during the twenty-four hours ending at noon Tuesday:

Births—August Nelmeyer, 1907 Martha, boy; Charles Bucher, 315 North Twenty-sixth.

INTERESTING, IF TRUE

You Can Try It For Yourself and Prove It.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of meat, eggs or other wholesome food, and this claim has been proven by actual experiment which anyone can perform for himself in the following manner: Cut hard boiled eggs into very small pieces, as it would be if masticated, place the egg and two or three of the tablets in a bottle of jar containing warm water heated to 96 degrees (the temperature of the body) and keep it at this temperature for three and one-half hours, at the end of which time the egg will be as completely digested as if it had been in the healthy stomach of a hungry boy.

The point of this experiment is that what Stuart's Dyspepsia Tablets will do to the egg in the bottle it will do to the egg or meat in the stomach, and nothing else will feed and invigorate the stomach so safely and effectively. Even a little child can take Stuart's Tablets with safety and benefit if its digestion is weak and the thousands of cures accomplished by their regular daily use are easily explained when it is understood that they are composed of vegetable essences, aseptic pepsin, dextrose and Golden Seal, which, mingling with the food and digest it thoroughly, giving the over-worked stomach a chance to recuperate.

Dieting never cures dyspepsia, neither do pills and cathartic medicines, which simply irritate and inflame the intestines. When enough food is eaten and promptly digested there will be no constipation, not in fact will there be disease of any kind, because good digestion means good health in every organ.

The merit and success of Stuart's Dyspepsia Tablets are world wide and they are sold at the moderate price of 50 cts. for full sized package in every drug store in the United States and Canada, as well as in Europe.

Children's Coats Stylish and Jaunty. The assortment is large; sizes from 6 mo's to 8 years; best cloth—corduroy; zibeline, velvet, bear skin, crushed velvet, etc., in all the bright colors so popular this fall. \$3.75 to \$11.50 MRS. J. BENSON, 212 SOUTH SIXTEENTH ST. Walker, Adv.

AGAINST BILL OF LADING

Commercial Club Sends Its Formal Protest to Interstate Commerce Commission.

The Commercial club has forwarded its petition to the Interstate Commerce commission against the proposed uniform bill of lading. In notifying the commission of its action, the club says: "In transmitting this proposition we desire to say that we are not opposed to a uniform bill of lading and we have fully considered the uniform bill of lading and we are convinced that the adoption of it will work severe hardship upon our members."

Under the provisions of this uniform bill of lading the carriers attempt to escape their common liability. It provides that if shippers desire to hold the railroads responsible for the safety of their property while in transit they will be forced to pay an additional 20 per cent to the present tariff schedule; it requires signature of shipper to onerous conditions and complete common liability. It provides that all these conditions in writing. More than this, it makes bills of lading non-negotiable. In the opinion of eminent counsel the shipper for the first time in railroad history is tendered a legal choice between two rates, and if he ships at his own risk in consideration of the lower rate, that rate is a legal consideration and the waiver of common law liability and will prevent the shipper from recovering for any loss or damage while his goods are in transit.

LIVELY TILT ON COAL RATES

Competition Between Railroads Becomes Sharper and Omaha May Be Greatly Benefited.

Coal rates are decidedly warm around Omaha. The various roads hauling coal from Kansas and Missouri mines are getting together and agents are making visits to Omaha coal dealers in an effort to locate more trade and find out why the Burlington is doing two-thirds of the business with Missouri, Kansas and even Iowa.

The Illinois Central, heretofore different in its possibilities of Omaha and Nebraska, has come to the front and is endeavoring to secure from the Northwestern the same joint rate as accorded to the Burlington in order to compete in Northwestern territory in this state. So warm is the situation that coal dealers expect that the meeting of Tuesday next will produce a restoration of all the old rates and an agreement whereby Omaha will be on the map in equality with other Missouri river cities in the matter of freight rates. It is also expected that the discussion growing out of coal rates may lead to an equalization of the entire freight rate situation with regard to Nebraska in general and Omaha in particular.

BIG PLANS FOR A BIG GAME

Preparations for Indoor Football at Auditorium Promise Great Interest in Novel Affair.

Just as soon as the orchestra plays the last waltz at the policeman's ball in the Auditorium Wednesday night workmen will begin getting the arena floor ready for the first indoor football game in the city and the wrestling match Thanksgiving day. The change will be one of the kind that cause people to wonder how it was done. Several inches of soil and sawdust will be put on the floor, the same as was done for the horse show.

The Dodge Light Guards team of Council Bluffs is pitted against the Omaha Commercial college. In the wrestling match Captain Baehr of the Thurston Rifles and Patrick Cannon will compete for honors. The program will open with the first fall in the wrestling match, followed by the first half of the game, the second fall of the match taking place during the intermission and the last after the game, if a third struggle is necessary. The contest starts at 8 o'clock.

ESTELLE AFTER WARE'S JOB

Omaha Man Becomes Applicant for Position of Commissioner of Penitentiaries at Washington.

Judge Lee S. Estelle of the district court is an applicant for the position of commissioner of penitentiaries, made vacant January 1 by the resignation of Eugene F. Ware. It is thought the place Mr. Ware himself being a Kansan) will be filled from this section of the United States.

"I hadn't intended to say anything about it for a day or two," said Judge Estelle, "but now that it is out I will admit I have thought of the commissionship. I will have quite a list of signers for my application."

Marriage Licenses.

The following marriage licenses were issued up to noon November 22:
