RICHMOND, Ind., Nov. 28.-President Reosevelt's train arrived here at 9:45 a. m., leaving a few minutes later. After a sofourn of two days in St. Louis, which proved an experience thoroughly delightful and almost unique, President Roosevelt now is speeding toward Washington, where his train is scheduled to arrive at 7 o'clock tomorrow morning. The president, Mrs. Roosevelt and all the members of the party are congratulating themselves upon the success of the trip, which was regarded by many with serious apprehension. President Roosevelt has expressed his perfect satisfaction with the arrangements made for his safety, comfort and convenience, and just before his train pulled out of the exposition grounds last night, he congratulated and thanked President Francis and other exposition officials and the officers who were his personal attendants for the admirable work they had accomplished. Secretary Loeb, on whom fell the great task of perfecting the arrangements for the trip and for the safety of the president, now that the strain of responsibility so far as the visit to the fair is concerned, has ben removed, is feeling thoroughly

No Cranks Present. Throughout the experience in St. Louis there was a notable absence of cranks who JEWS PASS THROUGH DENMARK desired for various reasons to see the president. One woman was taken in charge by the secret service men at the Thompson residence last evening, but she made no trouble.

Just before the train pulled out of the stopped. "Try to lift me," she suggested on their arrival at their destination to the officers, but she was not crazy; she proved to be the magnetic woman who had found the steer at one of the shows on tion of the officers she led her curious pet away. The trip thus far has been without incident of particular note. Missourt to All Right. URBANA DEPOT, O., Nov. 28.-As the special train stopped at the station in Richmond, Ind., Mrs. William Dudley Foulke former Civil Service Commission Foulke, entered the president's car. The president and Mrs. Roosevelt chatted with them animatedly for a couple of minutes and then from the rear platform President Roosevelt addressed the considerable crowd as-

the pilot train preceding President Roose velt's special train was passing a lonely place near Brazii today four men threw stones, breaking several windows. The pilot train was stopped and secret service men chased the men, but they escaped. COLUMBUS, O., Nov. 3.-When President Rooseveit's special train arrived this afternoon the president greeted a large crowd at the station, expressing his thanks for the reception. The train remained only long enough to change engines.

Short Speech at Pittsburg. PITTSBURG, Nov. 28.-The special train bearing President Roosevelt to Washington from St. Louis arrived in Pittsburg tonight at 10:30 and departed ten minutes later. A large and enthusiastic crowd was present at the Union station and cheer after cheer greeted the chief executive when he appeared on the platform of the rear car. The president said:

I am pleased to again get to Pittsburg an absence of a little over eighty fours. I have been to St. Louis to see he fair and thoroughly enjoyed myself, have also had the privilege of greeting american citizens in Pennsylvania, Ohio, adiana, Illinois and Missouri, which I appreciated

A large squad of police and detectives were lined up on either side of the train during its stay in this city and every pre-

JACKSON, Miss., Nov. 28.-Governor Vardaman today received a telegram from President Francis of the World's fair, stat ing that President Roosevelt visited and greatly admired the Mississippi building while at the fair Saturday. The governor wired a reply containing the following: It is of course gratifying to the people of Mississippi to know that they have done ne thing that the present president of the United States approves. Doubless the president's admiration of the Mississippi building is due to his admiration of Jefferson Davis, of whose last home it is a replica.

ST. PETERSBURG, Nov. 28 .- 6:50 p. m .-Russia has accepted the invitation of the ANALYSIS OF THE BOMB OUTRAGE United States to conclude an arbitration treaty on the lines of the American-French

States.

The American proposal was submitted to Russia in the form of a note from Secretary Hay, which was presented personally to Foreign Secretary Lamsdorff by Charge D'Affaires Eddy November 27. This afternoon Count Lamsdorff replied accepting in principle in behalf of the imperial governter ment the text of the treaty, but indicating that Russia would propose some slight modifications. These are expected to be drafted in a few days and the final consummation of the new rapprochement with

ussia will not long be delayed. Although it was known that the American government was desirious of negotiating arbitration treaties with all the principal powers the fact that Russia has already been approached with a direct proposition did not leak out until Count Lamsdorff had accepted it. The rapprochement is expected have a splendid effect on Russo-American relations, especially as it marks Russin's first adherence to an arbitration treaty with a foreign power.

British torpedo school ship Vernon were engaged in an instructional course of sweeping the harbor for mines, when suddenly an explosion occurred on board one of the launches, which immediately sank. Those who were on board were thrown into the water and were rescued with difficulty. One man is missing, several were severely hurt by flying debris.

Later it was established that two men were drowned by the sinking of the launch and that the second launch was so seriously damaged that it sank.

The official report says the explosion was due to an unsuccessful effort to fire a counter-mining explosive charge used during the sweeping operations.

The man who placed that bomb on the porch of Mr. Thomas either picture, and her efforts in this respect expected it to do more injury or less injury than it did. If more injury, he was a murderous cowardly assassin and a fool as well for using so little explosive and placing it, as he did, where it could do but slight injury. If less injury was intended, that bomb was placed for some other purpose than to destroy Mr. Thomas or any member of his family.

Notwithstanding all the surrounding cirumstances fairly demonstrate that no person with a grievance against Mr. Thomas did this act, both Mr. Thomas and the Civic Federation have attempted unfairly and without sufficient cause to create that impression. In the call of the Civic Federation for the mass meeting held Friday night it is stated that because of his efforts in behalf of the enforcement of law and the suppression of crime the attempt was made on the life of Mr. Thomas and at the close of the fair, the lives of the members of his family by placing the bomb on his porch. It is further stated in the Civic Federation call stadt, a well known banker, and other no other way, except as an effort to de stroy Mr. Thomas because of the work in of the unfair and determined effort that Civic Federation to point the finger of suspicion toward the parties who have

been prosecuted by Mr. Thomas. Defense Against Innuendo, The only parties who have a grievance of this nature is myself, the saloon keepers and the chief of police. The only persons in Omaha who were intended to be re ferred to were myself, the saloon keeper and the chief of police. Why should the chief or the saloon keepers or myself be destrous of destroying Mr. Thomas at this particular time? As is well known, there is now pending before the supreme court the habeas corpus case which involves the question of my deportation from the state of Nebraska to answer an indictment found against me by a grand jury of Harrison county, Iowa, through the efforts of Mr Thomas on the statement of a peniten tiary convict. Judges and juries are bu human. The impression that I had committed such an outrage as placing or causing to be placed a bomb on the porch of Mr. Thomas could not but prejudice me with judges and juries in both Nebrask

How about the saloon keepers? They, too were interested in pending litigation-the mandamus case to enforce the provision of the Slocumb law recently commenced by Mr. Thomas was before Judge Day, To dynamite Mr. Thomas could only result in prejudice against saloon keepers and the saloon business and do injury to their side of pending litigation.

How could Chief Donahue be benefited by such a dastardly act? The idea that he would favor such an outrage is absurd, and this Mr. Thomas now admits. But the ne cessity still remained for Mr. Thomas to account in some way for the placing of the bomb on his porch. He has found it necessary to charge me with this crime and in his speech Friday night declared that threw that bomb, hired someone to throw It or knew who did it.

I wish to brand this statement by M Thomas as wickedly false. I did not place that bomb on Mr Thomas' porch. I did not hire anyone to place it there. I beharbor, a rocky promontory, the existence to clearly prove the fact. When the crime company has chosen for its wharves. The could not possibly benefit me. Thomas during the half hour preceding the explosion of the bomb on his porch. Of course, money would fail now to produce such a picture, but if it only could be produced it would be one, as I believe, that would startle this the bomb. Of one thing I am certain, and that is, that such a picture would not in

clude me or any friend of mine. Matters Not Rendily Understood, There are some things about this bomb explosion I cannot understand. I cannot understand why it happened at the particular time it did. It occurred at a time when the treasury of the Civic Federation was extremely low, if not actually de pleted. On the night it occurred Mr. Thomas had attended a meeting of the Board of Fire and Police Commissioners for the purpose of prosecuting his charges against Chief Donahue. Although he had made a great effort to induce the members of the Civic Federation to be present at this meeting, only about a haif dozen appeared. He was unable to produce any testimony in support of his charges, and his attempt to do so was in the light of a farce. The few members of the federation who came left in disgust. Mr. Thomas appeared discouraged at the result and disney, ir., left for St. Lauis today and will appointed at the failure of the members of return to Jefferson barracks and remain the federation to respond to his call. When clause was made a part of the constituhe left the city hall, a little after 10 e'clock, the Civic Federation was apparently dead and Mr. Thomas had already been dynamited. There was no need to place ynamite or attroglycerin on his perch. If any person had wished to do him personal injury he could easily have done so while

MORE SHOOTING AT ZEIGLER Militia Pickets Fired Upon from Am-

BENTON, Ill., Nov. 28.-There was more shooting of Zeigler tonight. The pickets put out by the militia were fired on and the fire was promtly returned. So far as known no one was hit. Assistant Adjutant General Reese arrived this evening from Springfield and was driven with the sheriff to Zeigler tonight. He comes to canvass the situation with a view to bringing more troops to Zeigler as the sheriff has requested. The territory is so large that the company of soldiers cannot properly guard it. Today Earl Moore, one of the striking union miners upon whom the federal injunction was served, was found upon Mr. Leiter's property and was promptly arrested. He will be taken to Springfield. ST. LOUIS, Nov. 28 .- A special to the

Post-Dispatch from Carbondale, Ill., says that the pumping station, nearly two miles from the Zeigler shaft and from which the water of the town is secured, was fired upon from ambush Saturday and Sunday nights and several shots were exchanged. The Little Muddy river supplies the water and a thick underbrush marks the banks of the stream for miles. In the past a lone pumpman, having no connection with the shaft or strikers, has been stationed there, but now a strong guard has been detailed there.

No further troops have been sent to Zeigler during the forenoon, but Company C of this city has been ordered to be in readiness to proceed to the scene. The company may move at any hour.

Lelter is not at Zeigier. An important meeting of United Mine Workers' officials is now being held to considere the situation. They will resist to the utmost any attempt to abolish Camp Tanner, where the union miners are now living. The reported attack on Leiter's ammunition arsenal is not believed to be true. Except the explosives used in the mining of coal, his ammunition is stored in a vault at his office and could be reached only except through great sacrifice of life, as a Gatling gun is stationed there. It is learned that Attorney Pratt has twice been fired on.

District Attorney Jerome has served no tice on Nan Patterson's counsel for the summoning of a second jury to try the case at the opening of the next term of community more than did the explosion of the court next Monday. The notice was

accepted. The illness of Edward Dressler, a juror who was stricken with apopolexy last week, was the cause of today's action. The report of his physicians, which was made at the opening of court today, that the juror was in no condition to return to his duties, left Justice Davis no alternative but to discharge the jury.

Miss Patterson appeared very much de lected as she was led back to the Tombs to await the beginning of the new trial.

DR. GEO. L. MILLER APPOINTED TO PLACE

Hugh's Retirement, but Speak a Good Word for Their

New Colleague.

(From a Staff Correspondent.) LINCOLN, Nov. 28.-(Special.)-W. D. McHugh today tendered his resignation to Governor Mickey as a member of th Omaha Board of Fire and Police commis sion. Governor Mickey accepted the resignation and appointed in his place Dr. George L. Miller, who has accepted. The resignation of Judge McHugh was dated Saturday, but it was not received by Governor Mickey until after 4 o'clock this afternoon. The governor at once called up Dr. Miller by telephone and tendered him the place and it was accepted. Accompanying the resignation was the attached letter from Judge McHugh setting forth his reasons for resigning. Several days ago he stated to Governor Mickey that he desired to get off the board, but at that time he was prevailed upon to remain, consequently, while his resignation was a surprise to Governor Mickey, it was not wholly unexpected. Judge McHugh was appointed to fill out the unexpired term of C. C. Wright, who resigned upon being elected city attorney of Omaha Judge McHugh's letter follows:

Cause for Resignation.

When, without any solicitation on my eart, you tendered me the position of mem-per of the Board of Fire and Police compart, you tendered me the position of member of the Board of Fire and Police commissioners of the city of Omaha, with the request that I accept the same, I did so after an investigation of the law satisfied me that the Board of Fire and Police commissioners of Omaha was not, by the charter, charged with the duty of earloring the laws of the state or the ordinances of the city, and I accepted the position after explaining these views to you and my understanding that the board should keep within its lawful duties, and did not assume powers not confided to it by the charter.

did not assume powers hat confided to by the charter.

This construction of the law as to the powers and duties of the board was in accordance with the opinion of the city attorney of Omaha, who appeared in court and insisted that the law did not invest the Board of Fire and Police commissioners with the duty or responsibility of enriforcing the laws and ordinances.

The present board has acted upon this theory as to its powers and duties and when, as you know, it was asserted in a proceeding in court that it was the duty of the Board of Fire and Police commissioners to enforce the laws, the district court decided that the board was right in

proceeding in court that it was the duty of the Board of Fire and Police commissioners to enforce the laws, the district court decided that the board was right in its construction of its powers and that the duty of enforcing the laws and ordinances did not devolve upon, the board.

The board, however, has a disciplinary power over he police officials, and whenever charges are filed with the board stating that any police officer is not doing his duty, then the board is to hear such charges and make such finding and order as the facts shown demand. On this theory the board has acted; charges have been filed against the chief of police that he is not doing his duty in the enforcement of ordinance and order. Immediately upon the filing of these charges, they were acted upon and a hearing was had with all possible expedition, the hearing being had on Monday last.

Before the matter of these charges could

upon and a hearing was had with all pos-sible expedition, the hearing being had on Monday last.

Before the matter of these charges could be passed upon by the board, there was evidenced a demand on the part of a large number of people that the Board of Fire and Police commissioners assume the duty and responsibility of enforcing the laws of the state and ordinances of the city. This demand is voiced in a resolution passed at a general meeting last evening, which reso-lution was supported by lawyers of stand-ing, who evidently entertain the theory that, under the law, the Board of Fire and

that, under the law, the Board of Fire and Police commissioners is charged with the duty of enforcing the laws of the state and the ordinances of the city.

Of course I cannot change my belief as to the law, or my construction of the powers of the board under the charter of the city, in response to any popular demand, nor am I willing to be the target of criticism which assumes as sound at theory in respect to the duties of the board, different from the one I hold.

I therefore tender to you herewith my resignation as a member of the Board of Fire and Police commissioners of the city of Omaha, the same to take effect at once. maha, the same to take effect at or

Surprise in Omaha. The announcement of Judge McHugh's resignation at the fire and police commis sioners' meeting last night was a complete

surprise to everyone. The other members of the board immediately expressed regret over the loss of so able an associate, but said they were glad to know that his suc cessor was a man who would measure up to the place. Neither Judge McHugh nor Dr. Miller attended the meeting. "I would prefer to make no statement now," said Dr. Miller. "The position was

tendered to me today and I accepted it." Judge McHugh upon returning from Lin con last night said that he had nothing to add to his letter of resignation. "I sincerely regret Judge McHugh's resig nation," said Commissioner Spratien. "Dr.

Miller's appointment is an excellent and very agreeable to me." Commissioner Thomas said: "I have only just heard of the resignation of Judge Mc-Hugh and cannot express how sorry I am to lose him as a colleague on the Fire and Police board. He has impressed us all

with his straightforwardness and with his manly and fair conduct to all and his earnestness in the betterment of discipline in both departments. Dr. Miller, the new appointee, is too well known to need either introduction or commendation and his ap pointment will be well received."

"I was very sorry to learn of the resignation of Judge McHugh as a member of the Board of Fire and Police," said Commissioner Broatch. "The splendid legal abilities of the judge made him a valuable a monopoly of the salmon output on the member and his advice kept the board clear of entanglements which might not otherwise have been avoided. Dr. Miller's appointment is a very satisfactory one."

ARREST AMERICAN FISHERMEN by a syndicate composed of Frank Lynch, Ten Boats Captured by a Canadian Cruiser-Fined \$400 Each on Three Charges.

EASTPORT, Me., Nov. 28.-Ten American fishing craft, including eight sailing vessels and two steamboats, have been seized y the Canadian fisheries protective cruiser Curlew and fined for illegal fishing in the Canadian waters of a tributary of Passamaquoddy bay, near St. George, N. B. The erty worth. fishing craft were wired near St. George last night, though an announcement of this procedure was not made until today. Three specific charges were preferred against the vessels-that they had fished on Sunday. that they had illegally caught fish found in their possession and that they had seined illegally in Canada waters. the two first offenses each boat was fined \$190 and for the last \$200. In addition to this all seins and fish were confiscated. It is understood that the fines will be said and that the entire matter will be disposed of without involving any international question. The aggregate value of the craft is about \$20,000. The seizure is the most extensive that has been made by the Canadian cruiser for many years.

BERLIN, Nov. 28 .- A dispatch to the Lokal Anzeiger from Mukden, under yesterday's date, says:

It is believed about headquarters that the It is believed about headquarters that the Japanese will make extraordinary efforts to win a land victory before the arrival of the kussian second Pacific squadron. The movements of the fleet are reported in each issue of the Army Gazette, the 100th number of which was printed Sunday.

The paper is circulated throughout the army and is the only medium of news from the outer world. As soon as it appears the privates gather in groups, while one who can do so reads the whole paper, the soldiers listening. The soldiers are convinced that the arrival of the second Pacific squadron will end the war, as they believe the Japanese will be beaten on the sea and seek peace. alleged conspirators in locating in 11-7 was might exchange scrip for land to which

News from Kouropatkin. CHE FOO, Nov. 28.-General Kouropatkin

is the possessor of a new twenty-horse power automobile, with which he is able to rush at high speed from one part to another of the nne, twenty-five miles long, according to M. Ravoir, who reached here today from Mukden.

M. Ravoir spent three weeks with Kourepatkin, who wished to secure twenty automobiles specially constructed to carry of that transmitted by Loomis. It told ammunition speedily in emergencies. He will use them only in winter, when the Manchurian roads are in excellent condifour acres of land had been cleared, sowed tion. On his first trip in the new automobile Kouropatkin's only comment was: Then came the reading of the report in "I have the advantage of General regard to Frank Wolgamott, detailing how Shafter."

The Chinese now regard General Kouropatkin and his machine with superstitious awe, believing the latter to be a powerful speciment of the "foreign devil." M. Ravoir said:

to the letter written by United States Senator Mitchell and accompanying some affidavits of Puter and Mrs. Watson to the general land office. Mr. Ogden identified these. Cross-examination developed no new features and the witness was dismissed.

William A, Richards, commissioner of the general land office, arrived here today to testify in the land fraud cases of the government against Sad Puter, Horace G. McKinley and others. Mr. Richards declined to be interviewed upon the purpose of his visit here. It is expected he will so rades. The former are intelligent, brave and active, and have fine, powerful horses. There are only a few hundred wounded at Mukden and 30,000 wounded at Haroin. I came out on the Siberian railroad, which seemed to be doing its tremendous work smoothly. The war-houses along the railroad between Mukden and Harbin are full of supplies which are almost untouched, as up to the present time the army has subsisted chiefly on the country. The handling of the Russian artillery is improving, while the Japanese artillery fire seems less effective. Originally the Russians did not conceal their artillery, which the Japanese quickly disabled. Now the Russians handle and conceal their guns e intelligent. the Japanese quickly disabled. Now the Russians handle and conceal their guns with perfect science.

The belief is general at Mukden that Port Arthur will hold out till relieved, no matter how long the much-expected Russian second Pacific squadron may be in reaching the far tast.

General Kouropatkin is not talkative. His only reference to the war was;

"The war is progressing as I wish."

He still lives in his railroad car and the light in his office is burning night and day. It is commonly stated that the general never sleeps. His officers are not surprised at being called to a conference at any hour of the night. The general's only relaxation is at dinner time, when the officers who are his guests number scores. Wine is plentifol, but Kouropatkin drinks mineral water. Every Russian officer seems to have an unlimited supply of money, the government being lavish in its expenditure.

It is my opinion that Kouropatkin will ture.
It is my opinion that Kouropatkin will never retreat from Mukden unless defeated decisively, and I think the next battle will be a Russian victory.

Although the fighting had then lasted three days. the Russian troops were in excellent spirits. A later dispatch from General Kouropatkin reports that the night of November 27 passed quietly at Tsinkhetchen, but the Japanese assumed the offensive at 7 o'clock this morning on the Russian left flank.

General Sakharoff today telegraphs as follows: The Japanese attack on Teinkhetchen was The Japanese attack on Tsinkhetchen was checked by our artillery fire and the fighting ceased at 6 o'clock in the evening of November 27. At no point did the enemy advance nearer than within 600 paces of our positions. In the midst of the battle a blinding snowstorm caused a suspension of hostilities and when the weather cleared at 2 o'clock in the afternoon a turning movement against our right flank was observed.

Three Days' Fight at Da Pags.
