Lincoln Will Have Nothing to Do with Western League.

**PERCY CHAMBERLAIN SOUNDS SENTIMENT**

Efforts to Awaken Base Ball Fans at Capital City Brings a Sharp Letter on Subject of Brother George.

(From a Staff Correspondent.)

LINCOLN, Dec. 3.—(Special.)—Percy Chamberlain, president of the St. Joseph Western League base ball team, probably on the suggestion of his associates in connection with the league, has been making an effort to interest the fans of Lincoln in a project to accept a league franchise for the season of 1905 and to maintain a team. In writing to Lincoln parties who made an application for a franchise a year ago on behalf of the Nebraska capital, Chamberlain has admitted that the base ball outlook in St. Joseph is dark, and has pointed out the organization of a stock company in St. Joseph to give the team the necessary backing, but his efforts to interest Lincoln led to the presumption that the prospects in the Missouri town are none too rosy.

According to Chamberlain's statement, the league has given him a double option, whereby he can retain a team in St. Joseph or bring it to Lincoln in case the St. Joseph project falls through.

In response to Chamberlain's letter of inquiry concerning the situation in the Nebraska capital, the following communication was being sent to the St. Joseph manager by the party whom he addressed:

Yours of recent date at hand. I have talked base ball with several of the prominent fans of this city, and have endeavored to locate any sentiment in favor of Lincoln making a bid for a Western league franchise. We had the money raised here last winter to finance a team, but the registration of teams, as you pointed out, has put all the Milwaukee players connected with the team here. It is intended to take the long end of every proposition, and if you would not pay in Lincoln without Sunday ball, and even then it would be a very doubtful proposition. Money is tight here at the present time, and it is no disposition in Lincoln, now or at any other time, to stand for TEBEAU. He has been quite willing to follow the lead of the past and he could be depended upon to do so in the future if he thought his own interests would profit by it. Your proposition was not new to him. They have plodded around without base ball for ten years and they seem to think that they can exist a while longer without getting back into the game. My own judgment is that it would be time wasted for you or any other to consider Lincoln a league possibility for the coming season. You may find me for yourself, but I am quite confident you would find matters even less favorable than I have stated.

A canvass of the fans and the situation in Lincoln discloses that there is scarcely a remote possibility that any Nebraska capital may get into the league. Last year the town had a ball park, centrally located and maintained as a private enterprise for amateur base ball and foot ball games. A year ago it was the intention to lease this park and increase the seating capacity of the stands. The park, however, was dismantled during the last week, the owners intending to make use of the building in building houses, and the park was without a base ball park and with a sentiment of apathy among the fans. Lincoln seems completely out of it as a Western league possibility.

**CRIPPLE CREEK STRIKE OVER**

It Will Be Formally Declared Off Soon After Inauguration of Governor Adams.

CRIPPLE CREEK, Colo., Dec. 3.—It is announced on authority of union men that the strike in this district, which was begun eighteen months ago, will be declared off by the Western Federation of Miners within one week after Governor-elect Alva Adams is inaugurated. Should Governor Peabody be given another term it is said the strike will not be called off, although leading federalists here admit the fight has been lost.

It is also learned from the same source that the strike would have been called off three days after the election had not Governor Peabody announced that he would contest Adams' election.

**WINTER ECZEMA**

Gentlemen—I suffered with Eczema on the hands and face for over a year. It was not only annoying and painful, but very unsightly, and I disliked to go out in the streets. I tried at least a dozen soaps and salves, which did me absolutely no good, and became very much discouraged, until I read in the papers of the cures performed through the use of S. S. S., and determined to give it a month's trial at least. I am pleased to state that I soon noticed a slight improvement, sufficient to decide me to keep it up. After the use of six bottles my skin was as soft and smooth as an infant's, and I have never had any trouble since.

Miss Geneva Briggs, 215 S. Seventh Street, Minneapolis, Minn.

I tried doctor's medicines, salves, washes and all kinds of local applications, treating Eczema of long standing, but with only temporary relief. The itching and burning from Eczema was more than I can describe. Many nights I was unable to sleep on account of the awful itching. Seeing S. S. S. advertised I began its use, and after taking it for some time the dry eczematous eruptions disappeared and I was entirely relieved of this awful itching and burning. It is a boon to Eczema sufferers and I can conscientiously recommend it to them, believing confidently that a permanent cure will be effected in all such cases where it is taken according to directions.

Urban, Ohio, R. F. D. No. 1. C. OTTO.

**SSS**

All skin diseases have their seasons; some are active in the summer, while others lie dormant until cold weather, when the first breath of winter brings them to life and they remain to torment us until spring. Through the long hot months Winter Eczema lurks in the system, and when cold weather begins it breaks out. The head, hands and feet are the parts usually attacked, but other parts of the body may be affected by this "flesh fire."

The skin becomes feverish, hard and dry, cracks open and often bleeds, and the itching is terrible. While the trouble shows on the skin the cause is far deeper. This eruption is but nature's way of telling that the fountain of all health—the blood—is diseased and must have relief. It is filled with uric acid and other poisons which are forced through the pores, causing the natural oils, which should keep the skin soft and pliable, to dry up. These acids are constantly forming in the system to be absorbed by the blood, and thus the trouble is kept up. The treatment of this disease with local applications, such as washes, salves, powders, etc., is useless in effecting a cure, because they cannot get to the seat or beginning of the trouble. The best they can do is to give the patient relief for a little while. The blood must be cleansed of all acids and poisons and the system toned and built up before a cure can be had. S. S. S. cures by going into the blood, searching out all foreign matter, and making it strong and healthy again. S. S. S. is a purely vegetable remedy, and therefore cures this disease safely as well as surely, and from a condition of torture the patient is brought to one of healthful pleasure. Book on Skin Diseases mailed free, and our physicians will give advice, without charge, to all sufferers.

NEW ORLEANS, Dec. 3.—The eastern contingent took four out of six races today. M. L. Hayman, winner of the first race, and J. C. McCaffery & Co. two. The Hayman pair, Yorkshire and Saladin, were favorites at 2, with Lucy Young a strong contender at 4. Retired Shipmaster Expires of Exhaustion While Fighting Flames in Home.

HYANNIS, Mass., Dec. 3.—Fire which broke out here shortly after midnight in the store of W. D. Baker with three hours destroyed thirteen structures, including the Universalist church. William P. Lewis, a retired shipmaster, dropped dead of heart failure, induced by the excitement and exhaustion attended on his efforts to save his residence from the flames.

The property damage is estimated at \$150,000, and most of this will be a complete loss to the owners, as the insurance rates in the town were so high as to be practically prohibitive.

**Fisher-Lyons.**

George W. Fisher and Mary A. Lyons were married yesterday afternoon. The ceremony was performed at the home of the couple, which they have been furnishing at 121 Howard street. Miss Lyons has had charge of the Merchants restaurant at night and is very popular with the patrons of the establishment, where she has been employed at different times for several years. The groom is with the firm of Cackley, strike on Sixth street and has a large circle of acquaintances. The couple received some beautiful wedding gifts, among them a carving set from the proprietor of the Merchants restaurant. A glittering array of wedding gifts of glass and silverware was also received from personal friends.

**FOR TWENTY YEARS.**

Not an Unusual Instance.

"I used Pyramid Pile Cure and have not had a trouble since. I have been a sufferer with piles for twenty years. I think it is the best remedy on earth for piles. Hoping this may help others to find this remedy," Mrs. J. D. Teller, R. F. D. 2, Sparta, Mich.

It is a singular fact that although many women suffer from piles, or hemorrhoids, they frequently do not have proper treatment because of a delicate woman have in mentioning such a subject. Especially is this the case with those who have no husband or brother in whom they can confide; and a physician is seldom consulted until the pain and agony incident to piles becomes unbearable.

Thousands of women have suffered even longer than did Mrs. Teller, always experiencing slight or temporary relief, if any, from the various remedies used and finally settling down to the conviction that a cure in their cases was impossible. Pyramid Pile Cure has come as a boon to all such, as it seldom, if ever fails to effect a permanent cure. It is sold by druggist for 50 cents a package, or will be mailed by the makers to any address, upon receipt of price. Absolute secrecy is guaranteed, and no name is ever used without the consent of the writer.

It is suggested that those interested write to Pyramid Drug Co., Marshall, Mich., for their little book describing the causes and cure of piles, as it is sent free for the asking.
