THE BEST TIME TO BUY A PIANO!

Our Necessity—Your Gain.

The best time to buy anything is when somebody is obliged to sell it. That is our condition right now in pianos.

We have got to sell Pianos!

Big quantities of them, within the next few days. We recently purchased at sacrifice prices five car loads of eastern pianos and now that they are coming in we have not room for them. We must sell a large part of our present stock at once. We cannot afford to hesitate or mince matters—the pianos must be sold and prices must be made which will do the work and do it quickly. We don't fear the result. Such values as we offer will not be overlooked.

- \$110.00 for pianos made to sell for... \$225.00
\$125.00 for pianos made to sell for... \$275.00
