Senator Alden was in the last session and did much to push through the senate the bill that provided for the erection of the asylum. One of his opponents is Dr. C. B. Little of Bloom-

Reports on Hastings Asylum.

The report of Dr. W. D. Kern, superintendent of the Hastings Insane asylum, embracing the work of the institution for the last two years, filed with the governor, shows that many improvements have been made there and that the superintendent still has on hand out of his appropriation a total of 395,421.64, and out of the approriation for maintenance he has on hand \$89.548.49. There was appropriated by the legislature for this institution \$378,196, which with the \$41,887.70 left over from the appropriation of 1901 made a total of \$224,660.85 Dr. Kern had to start with. The value of stock, machinery, furniture and supplies on hand in the institution amounts to 3118,872.46.

such action upon the part of the commissioners' association Secretary Davis declared that poor houses should simply be the homes of worthy poor, and that all cases requiring special treatment should be state charges. The legislature could not be expected, he urged, to provide a special state hospital for such cases and that the next best thing to do was to impose their care and treatment upon the Home for the Friendless as its first duty, making the care and maintenance of half orphans a secondary work with that institution.

Sheriff Trude, Deputy Sheriff Moore and Chief Ashenfelter last night raided a disorderly house north of the city which has been conducted by a man named Lewellen for some time. Lewellen and two women were agrested, the former being charged with running a disorderly house and the two inmates with vagrancy. After being brought to the city Lewellen was lodged in the county jail and the two women in the city jail to await their hearing in

county court. Several bottles of beer were confiscated by the officers. It appears that a young woman about M years of age was enticed to the resort in question from her home in Missour by one of the inmates. She arrived in the city Tuesday night, and yesterday morning was driven to Lewellen's place. When she learned that she was in a disorderly house she refused to remain. Chief Ashenfelter was notified and yesterday afternoon drove out to the house and brought the young woman to town, giving her quarters at one of the hotels. When County Attorney Sackett learned of this incident he was not long in filing the

papers which led to Lewellen's arrest William Lewellen, who was arrested jast night on the charge of keeping a house of ill fame and selling liquor without a license was arraigned in court today and pleaded not guilty. His bond was fixed at \$300 and the date of his preliminary hearing was set for next Wednesday. The two inmates, giving the names of May Sturn and Wauneta Page, were fined \$50 and costs each and committed to jail until fine and costs are paid.

"DEAR MRS. PINEHAM: - Your medicine is indeed an ideal woman's medicine, and by far the best I know to restore lost health and strength. I suffered misery for several years, being troubled with menorrhagia. My back sched, I had bearing-down pains and frequent headaches. I would often wake from restful sleep, and in such pain, that I suffered for hours before I could go to sleep again. I dreaded the long nights as much as the weary days. I consulted two different physicians, hoping to get relief, but, finding that their medicine did not seem to cure me, I tried your Vegetable Compound on the recommendation of a friend from the Fast who was visiting me. on the recommendation of a friend from the East who was visiting me

"I am glad that I followed her advice, for every ache and pain is gone, and not only this, but thy general health is much improved. I have a fine appetite and have gained in flesh.
