Nebraska Business College

This is the time for you to enroll with us and receive a business education that will double the value of your services by spring. It has ever been the policy of this school to teach only the branches that are essential to a thorough business training. The same requirements enforced in the best regulated business offices are also enforced in every department of the institution.

The Bookkeeping and Banking Department

is under the supervision of a practical and experienced bookkeeper and it means much to the student to be under such instruction. The room presents the appearance of an immense counting room and the interest taken in the work is

In the Shorthand Department

we make a specialty of the Gregg Shorthand. It requires but little more than half the time to learn it. Our students hold positions where as many as four writing other systems have failed. Business men express themselves as surprised at the proficiency of our gradu ates, who are not only able to write it

rapidly, but transcribe it without any trouble.

Every student entering for a full te rm is given a year's membership in the Y. M. C. A. or Y. W. C. A. without ex tra charge. To be a member of either means character, culture and refinement. Apply for catalogue and college li terature.
