LINCOLN, Dec. 20.-(Special.)-Speaker Mockett denies the allegation of W. G. Sears that he had appointed a Stueffer inestigating committee for the sole purpose of applying the whitewash to the former treasurer's record. He explains the circumstances of the appointment on the motion of former Representative Nelson of Douglas county. Sears charges that J. H. Ager, the grand worthy political boss of the Burlington, had been closeted in the speaker's private office before the appointnents were announced and draws the inference that the names chosen were those that he favored. Says the speaker:

that he favored Says the speaker: I think that Mr. Nelson requested me not to place him on the committee. Under the much legislative rules he would have been appointed at the head of if. I was not consulted by anyone about the selection of the committee. I did not know how the committeemen felt about the matter. The original committee was headed by Warner of Chay, Meradith of York and Mangold of Douglas Warner was objected to by Sears and he voluntarily resigned from the head by anyone was the selection of the committee was headed by Warner of Langaster, Davis of Buffalo, Fishback of Douglas Warner was objected to by Sears and he voluntarily resigned from the hody. It was then offered to Douglas of Rock county and he sfused. Finally Me-Alister of Deuel county accepted the chairmanship. I knew nothing of his views, hut believed him to be fair and impartial report would be unprejudiced. When the committee made the report favoring the diversention of Stueffer, each member signed it, and the house, over the protest of Sears, accepted it, refusing to make it a appediat order.

Heavy Sleet.

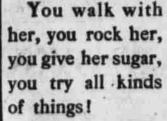

Today a electstorm, accompanied by a heavy wind, made life unpleasant for pedestrians. The asphalt streets downtown have been the cause of many petty disasters. A twenty-five-mile wind from the northwest has added to the discomforts of outdoor traffic. A light dry snow fell during the afternoon, without relieving the danger underfoot.

Most of the stores in the city were closes during the afternoon in order to give their employes a haif holiday. During the morning delivery wagons were busy on the streets distributing belated Christmas gifts, while clerks were kept busy exchanging gifts to satisfy recipients.

The postoffice and other public buildings, together with the banks, observed the day as a holiday. ing of the Palajanes, Dojores, Samar, Gov-ernor Wright's message is as follows: MANILA, Dec. 2: 1904.-Secretary of War, Washington, D. C.-With reference to your telegram of 21st last, I regret to say that General Corbin's report of attack on and loss of detachments of scouts at Oras and Dolores is correct. Palajanes have of late left west and north sides of Samar and became active on east coust, which is prac-tically without harbor and very difficult of access during prevalence of the exist-ing monsoon. Orders were given some time since to strongthen all detachments on the east coast, but unfortunately this was de-layed by wreck and loss of coast guard boat oarrying a hundred or more of the con-stabulary. The men were saved, but the delay in sending another coast guard boat to the rescue resulted in leaving the small detachments at Oras and Dolores isolated and the consequent loss. All east coast stations have been heavily reinforced and we are still sending men in by my direc-tion. General Allien, chief of constabulary, left here (Manila) two weeks since to take personal charge of affairs in Samar. I am still reinforcing him with constabulary and am consulting with General Corbin who, if necessary, will ald us with troops.
