

CORN ON ZIONIST MOVEMENT

Omaha Rabbi Not Enthusiastic Over the Zangwill Proposition.

SPRINGS FROM DESIRE FOR INDEPENDENCE

Oppressed Jews in Russia Look Forward to the Plan as Affording Them Relief from Present Conditions.

Relative to the proposal of the "Friends of Jewish Freedom" to found a Jewish settlement in East Africa, Rabbi Frederick Cohn of Omaha said yesterday: "The plan is not by any means a new one. It was considered at the meeting of the Zionist convention last year, but was strongly opposed by the Russian Zionists."

"It might be well for me to state my position on the Zionist movement in order that I may not be misunderstood. In the first place, I am not a Zionist. The Zionists are those of the Jewish race who, chafing under political restraints, particularly the Russian Jewish people, desire to settle in some locality where they may control their own political destiny and rights."

"Religion and Not Politics. I do not think the dream will ever be realized. The term Jew implies a religion, a faith. Therefore we as Jews are as much Americans as the Welsh or Irish, or the Presbyterians, Catholics, or any Christian denomination. We are citizens of the country in which we live and are guaranteed our civil and religious rights and become a part of that nation."

"As Jews we are very grateful to England, and the proffer of a great tract of land in Uganda for colonization purposes by England, and under the sovereignty of England, is a noble purpose. Yet I doubt its practicability. Even there the Jewish colonists would be dependents. The aim of the Zionist is independence. This, it seems to me, eastern Africa is too remote from Palestine, to hope that, even though an improved physical race of Jews should culminate from this colonization scheme, it would result in the restoration of Palestine in the future."

"Does Not Mean Practiced. Candidly, I do not see that the east African proposition is a practical one. It is probably stimulated through a desire to divert the emigration of the oppressed Russian Jews from the congested regions of England and possibly result in the sudden transformation when on Saturday evening he found Malone in Adams' saloon, dressed in a new suit of clothes, smoking real cigars and jingling real money in his pocket."

MALONE'S SUDDEN TRANSITION

Money from Home Changes His Affairs So as to Create Suspicion.

After Frank Malone had been a charge at the city jail all Christmas week, appearing from day to day in the habitations of the genus hobo, eating the jail fare with a relish and sleeping on a bench, a detective could not readily recognize the sudden transformation when on Saturday evening he found Malone in Adams' saloon, dressed in a new suit of clothes, smoking real cigars and jingling real money in his pocket."

ONE STEP MORE

Will be fatal to the sleep-walker. Will he draw back or will he take the fatal step? A great many fine men are in peril like the sleep-walker. They are diseased. The disease is progressing day by day. The time comes when one more step away from health is fatal. The man who has suffered from indigestion or gastric trouble goes some night to a dinner and returns home with a heavy head. He has taken that last step from health which can never be taken back.

To neglect the cure of indigestion or some other form of stomach trouble is dangerous. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood, stimulates the liver, and eliminates bilious poisons from the system.

"The praise I would like to give to Dr. Pierce's Golden Medical Discovery I cannot utter in words. I was taken with what our physicians said was indigestion, and with the best around here and found no relief. I wrote you, and you advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped being cured. I have no symptoms of gastric trouble or indigestion now. If you ask your dealer for 'Golden Medical Discovery' because you have confidence in its cure, do not allow yourself to be swayed off to a medicine claimed to be just as good, but which you did not ask for and of which you know nothing."

You can get the People's Common Sense Medical Adviser, 1008 pages, paper covers, for 50 cents. Use the stamps, to pay expense of mailing only. Address Dr. E. V. Pierce, Buffalo, N. Y.

Rev. T. V. Moore Explains Five Obstacles to Success to Ministerial Union. At the weekly meeting of the Omaha Ministerial association at the Young Men's Christian association rooms yesterday Rev. T. V. Moore of the Westminster Presbyterian church presided and addressed the ministers and laymen present on "Hindrances of a Revival." There were five named, unbelief in the statements of the Bible as to men's relation to God, prayerlessness on the part of church people, the spirit of worldliness in the church, self-indulgence and disobedience to God. The meetings are held weekly as a preparation for a union revival effort to begin in Omaha January 22. The meeting next Monday will be held in the parlors of the First Presbyterian church and will be an all day meeting.

ATTACKS DENNISON'S APPEAL

Motion to Be Made in United States Supreme Court Asking that It Be Dismissed. Notice has been served on the attorneys for Tom Dennison that a motion will be made at the next sitting of the supreme court of the United States, asking that the appeal of Dennison from the decision of the supreme court of the state of Nebraska be dismissed and that he be turned over to the custody of the authorities of the state of Iowa. Harry C. Brome appears in the supreme court of the United States as attorney for the Civic Federation. It is alleged that no federal question is involved in the matter and therefore the Dennison appeal will not lie. The motion will be argued at the coming session of the court in Washington.

THREE OF A KIND

Unreliable Election Returns—Exaggerated Circulation Statements—Fake Want Ad Claims. The Bee's nearest want ad competitor is notorious for the inaccuracy of its statements. Everybody knows its election returns are totally unreliable. Its circulation statements have repeatedly been disproven and shown in court to have been padded. Its want ad claims are even worse. Its statement concerning December comparisons is both incorrect and misleading, carefully concealing the fact that the Bee in 1904, so far as circulation is enlarged by a special Xmas edition, in which the Bee had several hundred inches of extra want ad space, and during the same month exceeded this competitor by 152 inches. For March of the same year the Bee got out a special edition containing 1,000 inches of paid want ads, which more than doubles any edition ever published by its nearest competitor.
