Market Bull, but Scalpers Make a Little Prefit.

LARGEST CORN EXPORTS IN MONTHS

Kansas City and omaha Enjoy Advaniage Over Chicago in Corn Export Beenuse of Bate Concessions.

Duilness was the principal and only quality of the grain merkets today. The scalpers did a little moderate business, but nothing of moment. Wheat and corn gained a little strength during the seesion and the high point was the close. The considerable snort interest in wheat is scattering and the long interest is concentrated. Two shorts, practically all, soid at a lower figure than the market today and the longs, at least on paper, can figure a profit. The May close Friday was the highest for several weeks. Reports of Yalia Walia wheat being delivered in New Tork are sausing some nomment, but in other quarters have are discounted as not being delivered, and the trading probably averages half a million a day. The stock does not increase. The cash wheat prices have advanced slightly in most markets. Ransas City reports the sale of McGo bushels hard winter in Mincapolis. The northern millers have been getting hard wheat in the southwest and the Knaisas City millers buying low grade spring wheat in Minneapolis, The 80,000 harries of four sold Thursday by Minneapolis to the southwest was, perhaps, largely made up of wheat from Kansas City. A good portion of the Minneapolis receipts are said to be frosted and undesirable for milling, so the buvers have difficulty in getting what they want. For this reason it is said wheat is being ordered out of store to meet requirements which cannot be filled by daily purchase. The Minneapolis stocks are listed by daily purchase. The primary receipts are \$2,00 against \$65,00 for last week and \$70,000 against \$66,000 bushels for the said of the harvost year are \$2.50 per last week have been the largest for any week since March. 1903. The amount this year is \$197,000 against \$2.500 bushels for the same period of last year. Practically, all of the export just new is by the gulf OMAHA, Jan. 7, 1965.

The outs market is declining a little. The reason is the large visible. The long interest has been of two sorts—the professionals, who fostered the idea the market would advance, and the outside buyers who had been told to go into oats, as they were cheap. These are beginning to lose faith. Omaha Cash Sales.

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, Jan. 7.—Continued light move-ment of wheat in the United States today and the prospect for decreased shipments from foreign countries imparted a strong tone to prices. At the close May wheat was up he, corn harden higher, onte prac-tically unchanged and provisions off The

A steady tendency was evident in wheat at the opening. There was a sight improvement in quotations, May being unchanged to be higher at \$1.561.10 to of the factors was the firm tone of the Liverpool grain market. Another factor later more emphasized was the continued light movement in wheat in the United States. Northwestern receipts here out expectations of a considerable reduction arpectations of a considerable reduction, arrivals today at Minneapolis and Duluth being 31s cars, compared with 53s for the corresponding day a year ago. Some local longs, anxious to even up trades over Sunday, sold moderately shortly after the opening, causing a slight recession in prices. May eased off to fl.14 gl.14 Subsequently the market in a gradual way developed a fair degree of strength and prices made good advances. The cash wheat situation was again bullian at St. Louis and Minneapolis. From St. Louis came many dealing it increasing difficulty. name many details of increasing difficulty millers in Kansas are experiencing in regard to wheat for milling purposes. Total primary receipts today were only 42.99 co. as compared with \$45.99 last year. he market closed at the highest point f the day, with May at \$1.550. Clearances f wheat and flour were equal to \$0,500 bu finneapolis, Duluih and Chicago reported eccipts of 341 cars, against 340 last week

and 57 a year ago.

Corn today showed more strength than has been manifested for some time. Commission houses were fair buyers throughout the entire day. Influences that tended to create bullish sentiment were firm cables May opened \$4.00\forall to country.
May opened \$4.00\forall to higher at \$40.004\forall to.

sold between \$4400 and \$4000 and closed at \$4500 local receipts were \$400 cars, with three of contract grade.

Business in the oats pit was quiet. In sympathy with the strength is other grains the norther way.

sympathy with the strength in other grains the market was firm the entire day. May opened a shade higher at 35%c, sold between 30%c and 50%gBlc and closed at 35%gBlc. Local receipts were 81 cars. Notwithstanding a fair demand for lard from a leading packer, the provision market was weak the greater part of the day. At the close May pork was off 16c at 312.55. May lard was down 5c at \$6.85 and ribs were 25c lower at \$6.90.

Estimated receipts for Monday: Wheat, 29 cars; corn, 85 cars; oats, 165 cars; hogs, 38,000 head.

NEW YORK STOCKS AND BONDS

Values Yield to Slight Pressure and Market is Generally Weak.

ALL INDUSTRIAL NEWS IS FAVORABLE

Conference of Political Leaders at Washington to Outline Congressional Program Attracts Attention.

NEW YORK, Jan. . - Prices of stocks were inclined to yield again today, but the pressure was not urgent and any evidence of support in the market tenues to check the seiling. Such support developed for Erie and Heading during the course for Erie and Reading during the course of the Irst hour and a practically complete recovery of the opening decines was made. There was a good demand for lilinois Central, which was accounted for by unsubstantiated rumors of an intended increase in the dividend rate. At the recovered level of prices the demand became so languid as to cause fresh discouragement over the falture to appear of the January reinvestment demand and prices sagged away again at the last, making the closing weak and dull.

Disappointment was professed over the bank statement, but the showing was not calculated to produce more than a nominal influence with the extreme case ruing in the money markst. The fact is not doubted that currency has started to move in a that currency has started to move in a strong tide to this center and the failure of the bank statement to reflect it is ation stocks were weak from special causes tion stocks were weak from special causes, notably the threaf ned competition for their suburban traffic, and their sharp declines had a sympathetic effect on the rest of the market. There were persistent runners, such as have circulated for some days, that the report of Inited States Steel carnings for the final quarter of the year would prove less satisfactory than pre-timinary estimates had promised. There was considerable discussion of the conference of political leaders which was announced to assemble at Washington during the afternoon to consider the program

ing the afternoon to consider the program for congressional action, including legislation concerning corporations and tariff revision. The weekly mercantile reviews offered no grounds for selling stocks and the enormous figure of the December and the snormous figure of the December antractic output was a fostering influence upon the termness of the coalers. The favorable industrial news failed, however, to stimulate any demand for stocks and the market for bonds was also quieter than during the early part of the Week. Total sales of bonds, par value, \$1,500,000.

AV. Pr. .1070 3 00 .1086 3 40 No. HEIFERS. 690 2 25 2. BULLS. 750 2 75 280 2 00 3.... 285 4 25

SHEEP—There were several cars of sheep reported this morning, out the ma-jority of them were feeders. Two cars of ewes sold to the killers at \$4.50 and a big string of feeder yearlings brought

strong and active on both killers and feeders.

For the week receipts show a big increase over last week, but as compared with the same week of last year there is a falling off of about 12.00 head. The week started in with a fairly liberal run and that seemed to give packers the idea that receipts would be heavy all the week. and as a result they broke the market in and as a result they broke the market in and as a result they broke the market in that receipts have been extremely light, and as a result all of the loss of last week Friday and also of last Monday has how been regained, which makes prices on both sheep and lambs at the high point of the season. There seems to be a good strong demand from all sources, so that the market may be said to be in a good, healthy condition.

Comparatively few feeders have arrived this week but the demand has been sufficient of the season of the s

condition.
Comparatively few feeders have arrived this week, but the demand has been sufficient to take everything offered at good strong prices. In fact, the demand seems to be in excess of the supply, so that everything sells as fast as offered.

NEW YORK Jan. 7.—Total imports of specie from the port of New York for the week were \$2,386,370 gold and \$755,521 silver.

Imports and Exports.

Dry Goods Market. NEW YORK, Jun. 7. DRY GOODS—Market for the week ends with a decline in activity as far as buyers are concerned, but there is no disposition to weaken in prices and the situation is as firm as ever. The export outlook is encouraging, while so many lines sold ahead there is little warrant for revision.

DULUTH, Jan. 7.—WHEAT—To arrive, No. 1 northern, \$1.15\(\); No. 2 northern, \$1.68; on track, No. 1 northern, \$1.15\(\); No. 2 northern, \$1.08\(\); May, \$1.17\(\); Sep-tember, So. OATS—To arrive and on track, 28c.
