

GRAND CLEARING SALE AT BRANDEIS

When Brandeis' Cut Prices
 It means that goods are selling at immense reductions. Our regular prices always represent the very lowest figure at which merchandise can be sold at a profit—even when goods are bought for cash under the most fortunate conditions and in the greatest quantities. In our annual clearing sales we cut deep into our regular bargain prices. Not a trifling reduction on a few lines, but a big sweeping sacrifice on everything.

We positively will carry over no goods from one season to another. We have been left with an unusually heavy stock and we will shatter all bargain records in clearing everything away now.
