NO RETAILING BY JOBBERS

Practice Will Be Stopped if Implement Dealers Succeed in Opposition.

THREE-DAY CONVENTION AT AUDITORIUM

Delegates in City from Middle West Representing Number of the Leading Dealers of This Section.

The Nebraska and Western Iowa Implement and Vehicle Dealers' association at the three days' convention which opens at 16 this morning in the Auditorium is to make a stand against the selling of implements and vehicles at retail by jobbers and manufacturers. This will be the more important matter for consideration during the convention. A strong conference commattee has been selected, with William Kroetter of Stewart, Neb., as chairman, and the retailers are determined to get an agreement from the jobbers.

"I do not anticipate much of a fight, said a member of the committee, "because some of the largest houses have agreed to our proposition. The National Harvester company, in other words the trust, has agreed, and others also. We have had to deal with very bad conditions in the past which were a great injury to us in our business. The jobbers would sell single carriages and that sort of thing at jobbing prices. This practice practically has ruined more than one dealer. We are going to have an arrangement with the jobbers that no more retailing shall be done by Three Days' Session.

The session will last during Tuesday, Wednesday and Thursday. The morning of the first day will be given up to committee meetings in the Auditorium offices. In the afternoon the formal opening ceremony takes place on the Auditorium stage. This begins at 2. Mayor Moores was to have made an address of welcome, but someone will have to be substituted for him owing to his absence from the city. President B. H. Freeland will reply for the association. Ed L. Culver, secretary and treasurer of the association, will give a financial statement showing the proceedings of the association and its condition. The National Manufacturers will have a delegate here, who will make an address on behalf of that association, and President T. S. Wiles of the National Federation of Implement Dealers will be here from Wichita and will make an address.

A reception follows in the evening and will open the convention socially. There is to be military music. Arthur P. Karbach is chairman of the reception committee and Frank Simpson, W. D. Drummond and D. L. Holmes will assist in the reception. For a receiving committee for the wives and daughters of the dealers have been selected Mrs. D. L. Holmes, Mrs. J. J. DeJarnette. Mrs. C. E. Hathaway and Mrs. S. D. Mor-

Exhibits Being Installed. The exhibitors are busy instailing their shows on the Auditorium floor. The vehicle show will be like the world's fairs in not being quite ready when the opening day comes, but by Tuesday afternoon it is thought a fine show will greet the eye of the dealers. Those jobbers and manufacturers in the city who have fine show rooms themselves are not making a display as a rule at the Auditorium, but others have out a nice collection of their products. In addition to all varieties of vehicles are various CAR THIEVES ARE RUN DOWN implements and other agricultural para-

Gang Accused of Prolonged and Systematic Work is Broken.

Secret Service Official Under Chief Canada and with Aid of Police Lands Five of the Suspects.

J. C. Vizzard of the Union Pacific secret service believes he has succeeded in breaking up a gang of car thieves that has been operating in the company's yards. Five men already are in jail and Mr. Vizzard is on the track of others. The last arrest was made Sunday evening, when Pat Carroll was locked up. The other men were arrested Friday. They are said to be part of an organized gang that has been robbing cars systematically for months, but not until a few days ago could a clue be obtained to the perpe-

igainst the suspects. Thursday a car loaded with sugar was switched into the yards near Fourteenth and Nicholas streets. During the night the car was broken into and five bags of sugar, each weighing 100 pounds, were renoved. The matter was reported to Willlam Canada, chief of the Union Pacific secret service, and Mr. Vizzard was assigned to the task of running down the

Pair of Mittens Only Clue. The only clue to the criminals was a pair of large mittens which one of the men left in the car. Mr. Vizzard put these on and wore them to one of the haunts of the susthe street near the scene of the robbery. Sunday night, it is charged, Carroll was seen trying to make away with a bag of sugar which it is supposed had been hidden near the scene of the burglary. The police were notified and the man was arrested. With the aid of Officers Ferris and men suspected of being mixed up in the car robberies and he expects to land the whole gang in jail. TELEGRAM SAVES THE DAY Dispatch from Home, Bringing Money, Secures Belease of Unsophiatleated Young Man.

A. W. Van Doran, 20 years of age, a tranger in a strange town, says he never before realized the full meaning of the trite saying, "getting money from home." Van Doran was arrested Sunday on the harge of being a suspicious character, but promptly was discharged by the police mag strate when he showed a telegram stating he had been sent money from his mother that he might buy a ticket back to the old home. When he handed the message up is the police judgs to read, there was a disc suspicion of a tear in the young man's eyes, and when he carefully folded the telegraphic missive and replaced

it in his pecket he took a second glance in his pocket to make sure the good news had been securely placed.

Van Doran was arrested while trying to pawn his overcoat, so he might buy a meal, he afterward declared, although at the time of the arrest he was so unskilled in the ways of the world that he was unable to disarm the suspicion that his actions had aroused. "It is homeward bound for me." said

GIRL OBJECTS TO WATER CURE Young Woman Sues for Five Thousand Dollars for Being

Kate Girtle, by her next friend, Frank Girtle, has filed in district court an amended petition in her suit against the Bemis Omaha Bag company and John W. Stone, in which she asks for \$5,000 damages for personal injuries.

Drenched.

The amended petition sets forth that Miss Girtle was visiting a girl friend at the Omaha Atterney Ordered by Court te Pro-Bemis factory, although not an employe there. Stone, the foreman, objected to the time her friend was devoting to plaintiff, and after repeated attempts to break up the conversation by calling to his employe to quit talking and go to work, he threw where he was standing, onto the two girls, who were on a landing on the fourth floor. Plaintiff alleges that most of the water struck her on the head with such force as to incapacitate her from labor for six months. While her salary was only \$24 per month, she believes the injury she suffered from the impact of the water entitles her to the amount of damages

claimed. PUBLIC SCHOOLS ARE OPEN All Departments Resume Work
