On motion of Commissioner McDonald the heads of departments were instructed ing at 10 o'clock to outline the needs and requirements of their various offices for the ensuing year.

The board room was besieged all day yesterday by the candidates for the different county offices to be filled by the commissioners, and many candidates had friends with them. ## A Continued Story

Of the Omaha Drug Combine.

In our last ad we told you how the local drug combine dictated to the Omaha wholessiers as to HOW MUCH THEY WOULD BE ALLOWED to sell to the various drug stores! Pretty strong was it not? BUT WAIT! About that time or in November, 1908, we bought the Dillon Drug store on the N. W. corner of 24th and N. Sts., South Omaha. As soon as it became known by the South Omaha druggists that we were coming there with a BRANCH, they got their heads together and sent us word by an attorney that they would give us \$1,000 if we would call the deal off with Mr. Dillon and not come to South Omaha! WHY DID THEY NOT WANT US THERE? Soon after this a DETECTIVE from Kansas City was sent here by the Drug Combine to find out where we were getting our supplies. He FORGED our signature to an order on the Northwestern Rullroad to examine their freight receipts, but we had detectives DONAHUE AND HEIDFELDT waiting for him and they took him to the police station. To be continued—and also we still continue to cut prices—BUT READ THE STORY, 'CAUSE IT'S TRUE. Of the Omaha Drug Combine.

ING AND CONTINUES UNTIL ALL THE GOODS ARE SOLD. Everybody knows L. G. Doup the enterprising Omnha couch and parlor goods manufacturer. He has the reputation of making a little the best goods on the market. His factory burned down (with the exception of the sample round) the first week in December last. Stored in this room were a great many couches and parlor pieces, packed in burlap, all ready for shipment. These goods were only in a few cases injured by water. When the burlaps were taken off the goods opened up with a few exceptions in good condition.

We have bought the whole lot at a fraction of the Cost to Manufacture and place all on sale at prices never even dreamed of by us.
