Insurance Men Satisfied.
(LINCOLN, Jan. 10.—(Special Telegram)—"I think the present revenue law relating to insurance companies is entirely satisfactory to the companies," said H. Robison of Omaha, president of the Bankers Life, who spent the day in Lincoln on private business. "The legislation enacted by the last session brought about good conditions," he added, "and so far as I am aware, none of the state companies are asking for any revisions. Of course, if the laws were codified it would be a help, but we have the laws, and that is the main thing. They are as good as eastern states have."
Millard Fillmore Funkhouser is in the city, making among legislators, with an eye out for the interests of the fire underwriters. But Mr. Funkhouser says all this class of insurance companies want at the hands of the present session of legislature is "to be let alone." Like Mr. Robison, he is satisfied with the statutes as they are, but would be dissatisfied if they were changed.
The real object of Mr. Robison's visit was to check up matters with the new state auditor for the Bankers Life, which under the law keeps on deposit securities of \$500,000. He turned in the receipts of former State Auditor Watson and took those of State Auditor Searle.
Within the last week, for the Bankers Life, Mr. Robison has bought \$25,000 worth of Fairbury school bonds, taking over the last \$5,000 worth today. This makes a total of \$125,000 his company now has in school bonds.

Proceedings of the Senate
Juvenile Court Bill Comes in Among First.
(LINCOLN, Jan. 10.—(Special Telegram)—The senate adjourned at noon until 10 o'clock tomorrow morning. Business opened brisk and twelve bills were introduced, the first of which was a bill to divide the firemen of Omaha into two shifts, each of which is to work twelve hours a day and alternate each month. Thomas of Douglas is the father of the bill. Another bill introduced of interest to Omaha was by Mockett providing for the establishment of juvenile courts. The same bill provides that the State Board of Charities and Correction shall have jurisdiction over all charitable institutions. The act applies to children under 16 years of age not inmates of any state institution. The bill provides that all counties having over 6000 population the judges of the district court shall designate one of their number to hear all cases under the act. A special court room shall be provided for this purpose. The judges of the district court shall in vacation be divided into two divisions. If no judge is present in the county then the county judge shall have jurisdiction; in cities having a population of over 40,000 the police judge shall also have jurisdiction. Anyone so desiring may have a jury trial.
George O. Barnes, doorkeeper, was reported sick and W. E. Eberhart was appointed a substitute to take his place.
Bills were introduced and read for the first time as follows:

Regulates State Candidates.
Candidates for state office must present a petition signed by at least 2 per cent of the voters in at least six counties aggregating 2 per cent of the entire vote of the state.
The candidates must accept the petition and there need be no platform other than the issues arising from the primaries. An independent candidate may get on the ticket by filing a petition signed by 2 per cent of the voters and a new party may gain a place on the ballot by presenting a petition signed by 1 per cent of the vote polled at the last general election, but must vote his aid early ticket and the new one not until the next election. This he conceives will prevent wholesale knitting of local tickets.
Mr. Dodge contemplates making general election day a general holiday, but doing this in a separate bill, after consulting business interests.

CITY COUNCIL PROCEEDINGS
Water Company Will Wait at Least a Week Before Getting Judgment.
CITY ATTORNEY ASKS FOR POSTPONEMENT
Inclination Manifest to Fight the Company's Claim for Hydrant Rental in Its Present Form.
The only animation displayed last night at the regular meeting of the city council was over the question of postponing judgment in the suit entered by the water company against the city for hydrant rent. On the request of the legal department, the resolution was referred back for another week. The water company has brought suit in the federal court for \$67,713.77 for rent from July 1. Councilman Evans favored the confession of judgment, saying it is a just debt. Assistant City Attorney Herdman said the water company should not have begun suit causing costs, when the bill had neither been rejected nor approved. He said in July the legal department had voted to fight, but the council had not allowed it.
