A Dollar's Worth Free To Any Rheumatic Sufferer

Crystalized Poison!

Rheumatism includes lumbago, sciatica, neuralgia, gout-for all these are the results of rheumatic peison in the blood. Plainly, the first thing to do is to remove the polson. But this is not enough. The FORMATION of the polson must be stopped, so that nature may have a chance to dissolve and eliminate the crystals which have already formed. Unless this is done there can be no cure—no permanent relief.

ask no deposit no reference on security. There is spent twenty years in experimenting before it in this to a risk nothing to promise nothing to felt satisfied that I had a certain remedy for this either now or later Any fibermatic sufferer does not know my remedy may have a full dois to worth free to it; worth free to it;

Certain Relief

The secret lay in a wonderful chemical I found in Germany. When I found this chemical, I knew that I could make a Rheumatic cure that would be practically certain. But even then, before I made an announcement—before I was willing to put my name on 18-1 made more than 3,000 tests: And my failures were but I per cent.

This German chemical is not the only ingredient

rour flood is always full of poleon—the poleon that you est and drink and breathe into your system. It is the purpose of the blood to absorb and earry off this very poison. And the kidners, which are the blood fliters, are especied to cleanse the blood said send it have through the system clean, or gather more poison which, they, in turn, will eliminate.

But sometimes the kidneys fail. And sometimes, from some other cause the blood gets so full of polson that they offnont alsewith it all. This is the start of litheumatism. The poison accumulates and crystalizes. The crystals look like little grains of sugar or of fige white sand. The blood carries them in longer, it deposits them in a joint—on a bone-anywhere.

The twings in your leg—the dull sche in your arm on a rainy day—these are the outward signs of the unseen crystals. And the twisted limbs and unspeakable anguish of the sufferer who has allowed his symptoms to go unbreded and unattended for years—these are the evidences of what Rheumatism.

Rheumatism includes lumbago, sciatica, neurals is governed.

Simply Write M.

my remedy. But you must write ME for the free dollar package order. I will send you an order on your drugglet which he will somept as gladly as he would a dollar. He will hand you from his shelves a standard sixed package and he will send the bill searched the whole world for a specific for cumatism scarething that I or any physician and feel safe in prescribing—something that we slid count on not only occasionally, but ALWAYS, I the rawages of scheumatism are everywhere and number relief is rafe.

Foreman Brown Dies.

W. J. Brown died at the South Omaha

hospital yesterday morning and the re-

mains were taken to Omaha, where services

will be held as soon as relatives arrive

from Iowa. Brown was the foreman of

the steam fitting gang at the Omaha Pack-

ing plant and fell into a tank at the plant

on Monday. He was badly scalded and as

soon as possible was taken to the South

Omaha hospital. Dr. Thomas Kelly at-

tended Brown and did everything possible

for him. At the first investigation it was

stated that Brown would most likely pull

through, but he did not seem to rally from

AFFAIRS AT SOUTH OMAHA Moriarty, cashier; Charles A. Dunham, as

Little Clash of Authority Between Council and Police Board.

PURCHASE OF HOSE STARTS THE FUSS

Local Dealers Insist that Home Market Has Been Ignored and Board Insists Its Action Was Well Taken.

at appears the city council is endeavoring to curtail the powers of the Fire and Police board. At Monday night's meeting of the council a motion offered by Queenan was adopted to the effect that in the future the Fire and Police commissioners be required to confer with the fire and water committee of the council before buying or selling horses belonging to the city. At a recent meeting of the Fire and Police board three horses were sold for \$275 and one horse was purchased for \$172.50. The members of the city council contend that the board has no right to dispose of horses without advertising for bids. No advertisement for the sale of the three horses was printed in the official paper, the board ignoring the council committee entirely. There seems to have been some dispute over the sale of the horses, one of the bidders declaring that preference had been shown to other bidders.

The chief complaint seems to come from South Omaha people who are interested in horses here. Mr. Nixon of the board and Chief Garrett of the fire department went to Corning, Ia., and purchased a horse which is now in service. Horsemen here have declared to the council that a similar animal could have been bought here for the same price and complaint is made that members of the board did not look over the horse market here before going to Iowa

to make a purchase. More horses are needed by the fire de partment, and it is the wish of the council that these animals be purchased here. The commissioners declare they acted in good faith when they sold three horses for \$275. and that the reason they went to Iowa to buy a horse was because there did not seem to be suitable animals on sale at the

yards here.

Annual Bank Election. The annual meeting of stockholders of the national banks in South Omaha was held yesterday. At the Union Stock Yards National bank the old board of directors were chosen again. These directors are J. A. Creighton, L. L. Kountze, Herman Kountze, F. H. Davis, C. T. Kountze, P. A. Valentine, Samuel McRoberts, J. C. French and T. B. McPherson. After the directors had been elected an adjournment was taken and the statement was made that the directors would elect officers about

The South Omaha National bank changed directors by dropping T. W. Tallaferro and electing in his place Edgar M. Morsman, jr., of Omaha. The officers of this bank Guy C. Barton, president; E. A. Cudahy, Truman Buck and H. C. Bostwick, vice presidents, H. C. Bostwick is vice president and cashier, and Harry Miller assistant cashier. The directors are Guy C. Barton, E. A. Cudahy, H. C. Bostwick, E. W. Nash, Edgar M. Morsman James D. Standish, J. P. Lyman and C. B.

At the Packers National bank the election resulted in the old board of directors Omaha, and ordered judgment on the verand the same officers. The directors are dict of the jury, which was in favor of John F. Coad, A. W. Trumble, Elmer E. Bryson, Amos Gates, J. E. Curti, C. D. Brown, Lather Drake, F. McGivern and down an insufficiently protected stairway F. J. Morlarty. These officers were chosen | leading from the sidewalk. by the directors: J. F. Coad, president; A. W. Trumble, vice president; Frank J.

All the Omaha Institutions But One Cheose Directors and Officers.

DRAKE SUCCEEDS MURPHY AT MERCHANTS

Commercial National Election Postponed Owing to the Illness of Its President and Absence of One Director.

All the local banks are officered for an other year. The National banks, including those at South Omaha, held their elections yesterday. The other city banks, including the one at Benson, have also elected their officers. Paramount interest centered in the election of officers for the Merchants National bank, of which Frank Murphy had been the directing head and president for nearly twenty years.

Interest in the situation was increased by the rumor that Luther Drake, former cashler of the institution, was in line of official line. The surmises proved correct. The meeting of the stockholders was called | will be begun at once. about 3 o'clock and a board of directors was elected. At the conclusion of this following were elected: For president, Luther Drake, formerly eashier; for vice president, Frank T. Hamilton, formerly assistant cashier; for assistant cashier, Fred Hamilton, formerly second assistant cashler; for second assistant cashler, B. H. Meile, formerly chief clerk. The newly elected directors are John F. Coad, G. D. Rogers, Luther Drake, George E. Prichett and Frank T. Hamilton.

The change in president is the first among the larger institutions here in several years. Joseph Millard has been president of the Omaha National bank for a period of twenty years, Herman Kountze has been president of the First National for over a quarter of a century, while Henry W. Yates has been president of The directors report that all of the banks the Nebraska National since its organiza-

Luther Drake, who succeeds the late Frank Murphy as head of the Merchants' National, has been with the bank about thirty-five years, and upon him has fallen many of the responsibilities of the institution during the life of Frank Murphy. Mr. Drake, as well as the other officers in line of promotion, were the subjects of congratulation when the result of the election became known among business nen and bankers. The office of cashier of the bank re mains to be filled.

Changes at the Union. Three changes occur in the directorate rectors elected are: G. W. Wattles, W. A. Smith, Sumner Wallace, J. W. Thomas, Frank Marsh, A. L. Reed and W. S. AT THE PLAYHOUSES

"The Street Singer" at the Krug. Florence Bindley is another of those who, being firmly established in public favor at the vaudeville houses, has decided to make a try at something more extensive than a fifteen-minute turn. She is most fortunate in the attempt, for she is fitted with a play that allows the exhibition of the unquestioned talent that made her a strong card in her former undertakings, and yet does not tax her budding histrionic ability beyoud its strength. Miss Bindley is the heroine of the play now being offered at the Krug theater. As such she is asked to do more than is expected of the heroine of the average "heart interest" drama. She must not only be Johnny-on-the-Spot in the frustration of a very ingeniously devised mess of villainy, looking sweet and girlish all the time, and acting womanly, but she must afford a great deal of incidental entertainment. She leads a clever quintet of "show girls" in musical selections in each act and performs cleverly on the xylophone, winning much applause for her work. She is charmingly natural in her role, as well,

The company supporting Miss Bindley has been organized on a basis worthy of the star, and the result is an exceedingly smooth and generally worthy entertainment. Many more pretentious plays are offered with less of genuine finish than this. A large audience witnessed the opening performance of the piece at the Krug last night and showed its appreciation by round after round of enthusiastic applause. "The Street Singer" will be repeated at a matines this afternoon and will close with the performance this evening.

"Davy Crockett" at the Boyd.

In behalf of Mr. James J. Jeffries, wh essayed the role of Davy Crockett in the night a run for their money. No stretch of imagination or truth would justify calling Mr. Jeffries an actor. He is not, nor is it at all likely that he ever will be, but he works just as hard in trying to be one as he does in punching the head off an opponent in a prize ring. Those who go to see him At the annual meeting of the stockholders are hardly actuated by any belief that they will see a display of artistic ability, but night at Immanuel Baptist church in honor they are also disappointed by the fact that of the new pastor, Rev. Don't take drugs to cure germ troubles, for drugs never kill germs. Liquozone alone do that, and the first bottle is free.

Germ diseases are caused by germ at | son is that germs are vegetables; and | tacks, or by poisons which germs create. And they cannot be cured until the germs are killed. Medicine is not for these troubles, because medicine cannot kill inside germs. Every physician germs in the body without killing the knows this.

Liquozone alone can end the cause of germ trouble. It does all that is necwhich have resisted medicine for years yield at once to Liquozone. And it cures diseases which medicine never cures. Don't cling to the old ways blindly. The germ cause of disease is a newlydiscovered fact, and it calls for new treatment. Let us show you, at our expense, what Liquozone can do.

Kills Inside Germs Liquozone is not made by compound-

Liquozone-like an excess of oxygenis deadly to vegetal matter. There lies the great value of Liquozone. It is the only way known to kill

tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless essary-all that can be done. Diseases in any germ disease. It is this fact that gives Liquozone its worth to humanity. And that worth is so great that, after testing the product for two through physicians and hospitals, we paid \$100,000 for the American rights.

Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.
