seventy acres, through which runs the narrow guage system of the Northwestern veloped and shows many fine ore bodies. Railroad company.

developments recently begun by the Anaconda company on its ground on the divide north of Elk creek. Since work was resumed last month the shaft has been cleaned out, retimbered and run for the distance of several sets of timbers. It is said that the ore in the bottom of the shaft is carrying its values more in the form of iron pyrites than formerly, and that it shows a slight increase in values. This property is in a splendid location and the veins upon which work has formerly been prosecuted are strong ones, carrying plendid free gold values at the surface.

The Superior Chemical Reduction company has recently been organized in this city by Dr. J. A. Ogden and others for the purpose of completing the testing plant started last year in the First ward of Deadwood by Dr. Ogden, R. E. Glass and others. It is asserted that the new inven-tion, which has been patented by Dr. Ogden, will treat any character of ore, recovering not only all the values in gold and silver contained in the rock, but also almost all of the other values held by the ore treated under it. The building for the plant is practically completed, and it will not take long to get it in running order, as most of the machinery is already in place.

WHY AMERICANS ARE IMPOLITE No Time Nor Strength to Be Otherwise-Everything Taken

A contributor to the columns of the Lon-don Spectator recently asked himself this unadorned and almost maked question: "Are Americans the most impolite people on the face of the earth?" He replied by assert-ing positively and cheerfully that with the exception of certain Patagonians, who trayel with a brick in one hand and a spear in the other, and a few Abyssinlan tribes, which have enloyed only welementary A contributor to the columns of the Lontribes, which have enjoyed only elementary opportunities for culture. Americans are the most impolite people whom he has encountered. He has made a special study

of the matter. "But," this authority hastens to add, "there are mitigating circumstances." Americans, he says, are nothing if not intensely practical, and they have discovered that politeness does not pay. Their material progress and prosperity, as compared with conditions obtaining in Spain, France and older countries, in which there has long been due observance of formal and

stately courtesy and elaborate ceremonial, have convinced them that from the financial standpoint there is little or nothing company in its plant at Terry, large shipments are in etiquette. This is reassuring, but it does being made to outside smelters. In the not tell the whole story; it forces a false Wheat-Mark Twain, Hardscrabble and Ben Hur assumption. Americans can well afford to mines of this company the ore bodies are be polite. It is true that their characteris-

Gilt Edge Maid Mill Succeeds.

Since it started up a few weeks ago the mill of the Gilt-Edge Maid company has been in constant operation, and has been giving the best of satisfaction, "The electrie power by which its machinery is being run is an ideal one for a plant of its capacity-125 tons-and is proving more economical than steam. Conditions in the mine are excellent, and the ore supply in kept well ahead of the demands of the mill, while the ore is proving as rich as the management expected. The first clean-up of the new mill will be made about the with of the present month.

Work of excavating for the twenty-stamp mill, which will be erected by the Queen of the Hills company a short distance south of Deadwood, is well underway. Another deposit of cement are has been encountered on the property during the week lying between the quartzite and the porphyry. It is said to carry fair vales.

Good Ore on Eleventh Hour.

On the Eleventh Hour property in the Iron Creek district a small force of miners have been doing development work for several months. This work has been confined to known, ore bodies, with the end that they may be in shape to furnish ore for the treatment plant which it is the com-pany's intention to be at in the spring. The showing of ore on this property is excellent and of good commercial value. It is a strictly cyaniding proposition.

The new holet recently built at the main shaft of the Elliptic company in the Garden City district has been in operation for a ouple of weeks, and durin ; that time the shaft has been "wered about twenty feet This shaft will be continued to the quartz-Ite. The ore body recently encountered in the westerly shaft of he Minnesota Mines complay is holding up good and gives promise of develophiz into one of the largest in the Garden Chy district. It is of an excellent grade.

Plans for the 26-ton dry cruching cyanide mill of the Victoria Mining company have been prepared, and they imbrace you'd get it, but they're the divyle's own every known device for saving gold. The plant will be located on the south side of one of 'em takes a bath!"-New York Sun. were not excessive, but advices from other points were untavorable. Chicago boing quoted a nicket lower, and as a result prices at this point eased off a little also. quoted a nicket lower, and as a result prices at this point eased off a little also. The general market could be quoted .5406c lower, the greatest decane being on light-weights, of which there were quite a new on sale. Prime heavy hogs sold about steady. The general run of hogs sold at \$4.0094623, with the lightweights mostly at \$4.0094623, with one very lightweights down to 34.40. The choice heavy hogs sold largely at \$4.55 and as high as \$4.70 was paid for prime heavy hogs, or the same as yes. for prime heavy hogs, or the same as yes-terday's best price. Trading was not par-ticularly brisk, but still the bulk of the early arrivals was disposed of in good season, though the slow arrival of trains delayed the close until a late hour. Receipts this week have been quite lib-ceral there being an increase to the lib-

3,000

Receipts this week have been quite lib-eral, there being an increase over last week of about 11,000 head, and as compared with the same week of last year, there is an in-crease of about 6,000 head. Prices have fluctuated back and forth to some extent,

Foreign Financial. LONDON, Jan. 14.-The demand for money stackened in the market today and supplies were plentiful owing to the re-lease of \$15,000,000 in interest and dividends and the redemption of treasury bills. Prices on the stock exchange were firm, but busi-ness was meager. Interest centered in for-eigners, which were supported for conti-nental accounts. Consols were maintained. Americans started firm in sympathy with New York, sagged to below parity, hard-ened later in expectation of a good New York bank statement and closed firm. Union Pacific, Chicago, Milwaukee & St. Paul and United States Steel were the features. Japanese were buoyant. Imperial but still the general tendency has been up-ward and a net gain for the week of about

ward and a net gain for the week of about is is noted. Toward noon today, when some of the late trains arrived, packers were more bearish and the market closed slow and weak, sales being 2½ lower than this morning in a number of cases. Representa-tive sales: No Av 6h Pr. No Av Sh Pr. Paul and United States Steel were the features. Japanese were buoyant. Imperial Japanese government is of 1904 were quoted at 95%. Russians were steady. BERLIN, Jan. 14.—Prices on the Bourse today were weaker, on account of the con-tinuous spread of the strike in the coal fields. Americans and Rossians were higher.

Stock in Sight.

Metal Market.

Metal Market. NEW YORK, Jan. 14. - METALS - No change took place in the various metal markets today with business slack in all departments. Tin is quiet at \$20.23(429.23) lake copper, \$15.375(2015.50): electrolytic, \$15.123(2015.375), and casting at \$14.752015.121, Lead remains firm at \$4.0272.70; speiter, \$6.20376.30. Iron is unchanged.

Treasury Statement.

WASHINGTON, Jan. 14.-Today's state-ment of the treasury balances in the gen-eral fund, exclusive of the \$150,000,000 gold reserve in 'he division of redemption shows. Available cash balance, \$14,562,428; gold, \$67,479,334.

Common Cause of Illness.

A famous physician upon being asked recently what is the chief cause of ill health, replied: "Thinking and talking about it all the time. This ceaseless introspection in which so many of the rising generation of nervous folk indulge is certainly wearing them out. When they are not worrying as to whether they sleep too much or too little they are fidgeting over the amount of food they take or the quantity of exercise necessary for health. In short, they never give themselves a moment's peace."-The Housekeeper,

New York Exports and Imports. NEW YORK, Jan. 14.-Imports of gen-eral merchandise and dry goods at the port of New York for the week ending today were valued at \$13,409,550. Exports of specie from the post of New York for the week ending today were \$709.317 silver and \$2.718.-129 gold. Imports of specie at the port of New York for the week ending today were \$7,646 silver and \$25,826 gold. Edwards - Wood Co. OMAHA, Jan. 14.-Saturday's bank clear-ing: were \$1,253,966.10. For the same day last year they were \$1,247,198.82. (Incorporated.)
