Believe that the world has the best men today and the most of them since "The Sentinel" first came out in the sky. From a personal acquaintance with each of you I believe that this legislature will be the best that the state has ever had. I say that with all deference to the high character of preceding legislatures, one of which was in honor of being a member.

Discrimination is Wrong. Law making must keep up with the evolution of industry and with every possibility of injustice. The rebate, arbitrary and disproportionate rates under same conditions and other forms of discrimination between individuals and communities are injustices and wrongs against the public and therefore proper subjects of government.

Before I close I wish to say to the people of this Great Old First District. There is no other position in public life that brings one in so close touch with the constituency than representative in congress.

PLENTRY OF PROOF From People You Know—from Omaha Citizens

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Omaha, of people who can be seen at any time. Read the following case of it: Mr. William Cooper of 518 South 17th street, employed at the Waterloo creamery, says:—"I was taken with a severe case of the grip and it left me with a lame and aching back, especially bad mornings, when I could scarcely drag myself about, and it was a hard task to get dressed. My work requires me to stand in wet places at times and this had a tendency to make my back worse. Seeing Don's Kidney Pills advertised I procured them at Kuhn & Co's drug store. They completely cured me and did it quickly."

Stand with President. You and I may have been indicated to you in my telegram a few days ago, that it will be my pleasure to stand firmly with the president and to sustain his arm in his efforts to solve these great problems.
