OMAHA MAN HAS TROUBLE WITH WOMAN

Girl in Fatally Burned by Ber Clothing Catching Fire When She Attempts to Close Damper in a Stove.

(From & Staff Correspondent.) LINCOLN, Jan. E .- (Special.)-Horace M. Clark, superintendent of the Girls' Industrial school at Geneva, today filed his restanation with Governor Mickey, to take effect February 15. Mr. Clark gave as a reason that his private interests demanded his attention. Mr. Clark has been superintendent of the school for the last four years. Two rears ago the senate visiting committee, or ombers of it, attempted to secure an inestigation of the institution, but the erforts failed. Mr. Clark, it is said, will retire to his farm in Butler county. His succesur has not been chosen.

Omaha Man in Trouble J. Carey, a cigar dealer from Omaha, was arrested by Detective Dawson this afternoon on complaint of Miss Manning of 33 South Thirteenth street, who charges Carey with carrying concealed weapons and threatening her with them. The case will come up for hearing tomorrow morning in police court. Carey has been in Lincoln only a few days. According to his own story he came down to marry the woman. but once here he gave her about \$200 and hen refused to go on with the ceremony. He was trying to get his money back, so he eave, when the trouble occurred which resuited in his arrest.

Woman Fatally Burned.

Miss Mattle McCarthy probably will die from the effects of burns received this afternoon. The young woman was in her apartments alone at Twelfth street and Belmont avenue when her dress caught fire while she was attempting to close a damper in the stove. The girl rushed from the rooms and ran out into the street, her clothing ablaze. She was overtaken by Grocer Rice, who with the assistance of others smothered out the flames. The city ambulance was called and the suffering woman was taken to the hospital. Her clothing was all burned off and her body was burned to a crisp. City Physician Reachley said the woman probably would Prisoners Earn Release.

On account of the excellent work done at the Halter block fire Tuesday night by Dan Hadley and James Hart, two prisoners doing terms of thirty days each in the city jail, they will very likely be released from-perving the unexpired term of their sentence. The police were busy helping the firemen around the building, so Hadley and Hart assumed control of the patrol wagon and kept the fire engines supplied with coal through the long cold hours of the night. They asked to be allowed to go down and work, and once there they made no attempt to escape. Bud Gudell, another temporary rendered material assistance.

FARMER DIES FROM EXPOSURE Starts to Walk Home and Succumbs.

AUBURN, Neb., Jan. 38.-(Special.)-Frank H. D. Hunt, a farmer and old restdent, residing near the old town of Hillsdale, in this county, was found dead on the road between his home and St. Derion yesterday. The best information is that Mr. Hunt had been at St. Derion, where he had been doing some trading, and started home on foot. The road from his home to St. Derion is around the bluff facing the Missouri river to the northwest and is a very cold road, and it is supposed he got cold, which induced heart failure to the extent he could not travel and he froze to death When found he was badly frozen. Mr. Munt was a man about 70 years of age, but was active and strong as a man of 60. Mr. Hunt came to Nebraska in 1857 and located near Blue Springs. In the fall of 1859 he walked from Blue Springs to Brownville to get employment, and in a few years located on a farm near where he was residing when he died. He was an old soldier.

COMMERCIAL CLUBS TO MEET

ing February 7 and 8. FREMONT. Neb., Jan. 36.-(Special.)-In reply to favorable answers received from the different commercial clubs throughout the state in regard to the advisability of holding a meeting to organize a state commercial organization, it has been decided to call a meeting for that purpose at Fremont February 7 and 8. Seventy-five clubs throughout the state have been invited to participate and requested to send suggesttions of the different topics that could be onsidered with profit.

opies from the various clubs are: "Profitable Methods of Organization in the Larger and Smaller Cities of the State," "Freight Rates," "Catalogue Houses," "Parcels Post," "Rural Mail Delivery," "Good Roads," "Garnishment Laws and the Retailer," "Employment of State Convicts on Public Roads" and numerous others. It is not proposed to make this a delegate concention and a general invitation is extended to all commercial clubs and similar organizations throughout the state to atend, and it is hoped that every such club and improvement association throughout the state will be amply represented and that persons interested in such work will also be here. The opening session will be held on Tuesday morning after the arrival of the morning trains, at which a temporary organization will be effected and the matter of prospective legislation considered. The afternoon will be devoted to the disussions of some of the various subjects that have been suggested. Tuesday evening a banquet will be tendered the visitors by the local club and the closing session will be held on Wednesday morning.

After consultation with a number of ommercial club people in nearby cities, particularly in Lincoln and Omaha, the thread of the conference and program is considered to run most advantageously along three main general lines, namely;

The consideration of subjects calculated The consideration of subjects calculated to promote local commercial club organization over the state and on a more efficient, substantial and permanent basis, best forms of organization, etc.

Consideration of problems and factors of state-wide commercial club interest and cooperation.

Consideration of the subject of a state commercial club association, its possibilities and limitations, and if deemed advisable, the consummation of such an organization.

that Place. ANSLEY, Neb., Jan. 28.-(Special.)-That the Burlington intends to do some building in central Nebraska this coming spring is station lodger, went down with them and believed in well-informed circles. The buying of extensive terminals in Sioux City, In. by the Great Northern would indicate the extension of the O'Neill line in some direction. That the Burlington has desired to improve Anselmo is indicated by the expensive experiments made to get a water supply, which has been a failure. It has been talked that the Burlington wanted to make Anselmo a passenger division, being about equal distant between Alliance and Lincoln. That the Burlington and Great Northern have under consideration the building of a line from O'Neill to a point on the Billings branch of the Burlington there is much evidence. If this line is built it will go in a southwest direction from O'Neill and probably go through Burwell, Sargent, Westerville and connect at Ansley with the main line of the Burlington. In building this line it would open up the largest undeveloped territory to be found in Nebraska, a territory rich in hay and grazing lands, until the clay country on the North Loup river is reached, where there is a rich farming, dairy and grazing country the balance of the distance

REV. H. G. REED.

Gentlemen-For several years I have suffered greatly with threat trouble and weak lungs. The doctors said I had consumption. I was able to keep up with my work with great difficulty, but I maily got so bad that I had not strength to deliver an address. A member of my congregation recommended and brought me a bottle of Duffy's Pure Malt Whiskey. I took that one, and later on several more bottles, according to directions, and it has completely cured me.

I am opposed to whiskey as a beverage, but I know that your whiskey, which is sold as a tente, is a most valuable medicine. I feel that I owe my life to it. I have lost one daughter with consumption, and I believe that had she had Duffy's Pure Malt Whiskey she would have been alive today. I trust that I can be of service to others by recommending your great medicine to them before it is too late—Rev. H. G. REED, Raptist Minister and Ed. Sunday School Lesson.

Duffy's Pure Malt Whiskey

Consumption seldom attacks until the system is run down and weakened by sickness, everwork, worry expessive or inherited tendencies. Duffy's Pure Malt Whiskey is the greatest strengthener and health builder, known to medicine. It not only checks the ravages of the disease itself, but replaces the weakened, destroyed tissues, helps the stomach to more perfectly digest and assimilate food in order that more, richer and nurer blood will come from it; and regulates and governs the heart's action, so that the circulation will be strong and powerful, carrying health and vigor to every organ and part of the human body. Duffy's Pure Malt Whiskey is absolutely pure and free from fusel oil—the only whiskey recognized by the Government as a medicine. It has been prescribed by dectors of all schools and sold by reliable druggists and grocers everywhere for over 50 years. \$1.00 a bottle. Every restimonial is published in good faith and guaranteed.
