LEARN To Be a Telegrapher.

The old method of serving 4 or 5 years as a messenger to become a tele grapher is becoming as obselete as it is becoming unsatisfactory to the superintendent and manager of big railroad systems, gigantic telegraph companies and brokerage concerns. The reason is that most messengers who become telegraphers have left school at too early an age and while they may be able to "send" and "receive" satisfactorily, lack the education necessary to qualify them for HIGHER telegraphic positions—and such men are BADLY needed by EVERY railroad. EVERY telegraph company and EVERY brokerage house in

Young man or woman going to the High or Grammar school-young man of woman working at some employment that is not congenial to you, YOU should consider the opportunities that a knowledge of Telegraphy holds out to YOU! You should think over the idea of attending our

Night School of Telagraphy

Here, in addition to teaching you ordinary Commercial Telegraphy, and training you until you become a swift, accurate operator, we drill you thoroughly in the following technique of railroad telegraphy: schedule and numbers—O. K-ing trains—movement of trains by telegraphic orders—sending orders on wire-repetition of orders-form of "19"-"A" order-railway messages-abbreviations-station or fixed signals-train signals, together with all the little peculiarities, forms and customs of Government, Associated Press specials, code, cipher and duplicate business, etc.

Practical telegraphers in charge of telegraphy Course and we GUARAN-TEE TO PRODUCE COMPETENT TELEGRAPHERS.

Come in and talk this over with us.
