WHAT WE OWE THE SHARK.

The smiling shark may eat a man now and then, but he makes no mistake. If he does man gets even. It makes little soup and jelly of the smiling shark's fins, extracts fine machinery out from his liver, makes handsome leather of his skin, walking sticks from his backbone and many other articles from his jawbone and teeth. Do you wonder that the shark takes a nip at a man's leg now and then?

DOCTORS FOR MEN

It is not so much of a calamity that a man contracts diseases or weaknesses, but that he neglects them to fail to secure the proper treatment for their cure. To men who are weak mentally, morally and physically, whose systems are polluted with poisonous private diseases, those who have lost their vitality, those who have made the mistake of marrying while there lurked in their system some frightful weakness or poisonous taint of private diseases, and who now find themselves on the verge of social ruin. To all such men a conscientious and experienced doctor would advise you to consult without delay the best specialist, one who has made a lifelong study of just such cases, one who can quickly and fully understand your troubles, one who will not deceive you with false promises or businesslike propositions, one who will give you his time and his attention to your case, and who will cure you in the shortest possible time and at the least expense to you. Any man in need of such medical advice or treatment should come at once to the State Medical Institute.

STATE MEDICAL INSTITUTE

Plan Now for Your Son Buy him an irrigated farm in the Big Horn Basin or in the North Platte Valley. There are no crop failures in farming irrigated lands. Do you know where you can buy farm lands in the region of rainfall at \$25 an acre, where a paying crop is absolutely insured from year to year? You do not. But you can buy irrigated land now under a full water supply at that price, today. The Big Horn country is as large as the state of Massachusetts and is a coming commonwealth; one of the greatest surprises in the West's development will be unfolded in the next few years in the Big Horn Basin for the coming generation of farmers and prospectors.
