Coldest of Year. Beginning at 4 o'clock this morning with

ero temperature the weather in southeast Nebraska has grown steadily colder throughout the day. Tonight the reading is 11 below zero; with the mercury falling wly, and the chances favoring the coldest hight of the year. There was snow and wind early this morning. Street cars were partly blocked and some of the schools re dismissed because the rooms could not be kept warm.

Railway trains entering Lincoln were somewhat delayed. At Waco a Burlington passenger train for Lincoln was stalled three hours by snowdrifts. The continued intense cold during January has been hard for stock, both on the ranges and farms. There have been some losses.

Jones Returns to Missouri. Governor Mickey today honored the requisition of Governor Folk of Missouri for the return to Andrews county, that state, of William Jones to face a charge of grand larceny. Jones was released from the Nebraska penitentlary yesterday after completing a term for horse stealing.

The farmers have much money and the deposits in the banks are piling up, until money can be had at very low rates

Veterans Watch Legislation.

OSCEOLA, Neb., Feb. 1-(Special.)-The citizens of Polk county have their eyes on the legislature at Lincoln, and are wondering what kind of laws will be made. Of the bills that have been introduced the old soldiers are pleased with the two bills introduced by Sadler of Adams, H. Rs. 82 and 61, more especially with H. R. 82, giving the Soldiers' Relief commission the power to retain 5 per cent of the county evy as fees for distributing the moneys. The Polk county commissioners levy each year about \$600, and the relief commission has distributed it, but it has cost nearly one-third of it for expenses, members coming several miles to do the work and usually meeting once a month. If H. R. 82 passes it will stop all objections and the commissioners will not be obliged to disobey the law and get more than their share of the levy, as the present law says that no part of the moneys are to be used for any other purpose but to assist old soldiers, their widows and orphans.

Juryman Hange Himself.

SCHUYLER, Neb., Feb. 1-(Special.)-Glen Bechtel, a German aged about 45, one of the jurymen on the libel case of George W. Wertz against John C. Sprecher, did not appear at his place when court was called this morning. Call was made for him at the hotel at which he stopped, the Schuyler house, and upon going to his door to see if he was in the room, Mrs. James Hawe, wife of the landlord, discovered him hanging dead at the bedpost, his body being suspended in the noose formed by tying the ends of a towel together and hanging the towel over the post. Mr. Bechtel in Schuyler his first time Sunday, having been subpoensed as juryman for this regumuch averse to sitting as a juryman, trying to get excused, and fretted at being thus restrained from work at home he seemed to consider very pressing.

Mr. Boedeker is suffering from the wounds he redeker is suffering from the wounds he ceived and his case is considered verifical.

LEGISLATORS HEAR LECTURES Agricultural College Professors Talk Concerning Good Seed Grain.

PIERRE, S. D., Feb. 1.-(Special Telegram.)-Most of the afternoon today was taken up by a lecture on good grain by Profs. Wheeler and Chilcott of the State Agricultural college, who addressed a joint session of both houses on that subject. Parmley, the house member of the joint subcommittee to draw up a cattle dipping bill, secured the adoption of a resolution for the printing of 300 copies of the committee dipping bill to be distributed among the members before the recess for sug-

gestions on their return. Several new house bills were presented. the principal among them being by Wolzmuth, requiring the Board of Regents of Education to be divided among the different political parties, and by Wolzmuth by request, making it a misdemeanor to operate a threshing machine on Sunday by Bratrud, to prevent the sale of stocks of merchandise in fraud of creditors, and a committee bill providing pure food reg-

ing Former Companion. PIERRE, S. D., Feb. 1-(Special Telegram.)-Albert E. Hoadley, who came here from Chicago last fall, is in the jail in this city, being held for the Sully county authorities on a charge of attempted murder for the purpose of robbery. Hoadley had been cutting wood near

Fort Sully and rooming in a shanty with George H. Beaver. He left the work and came to this city, hanging about for several days, and returned to the shanty. where he waited inside with an old pick for the return of Beaver, and on the arrival of his victim battered his head until he thought Beaver was dead. Hoadley secured a small deposit check and a few cents in money. He also took several letters, all of which were found on his person, stained with bloody finger marks. Hoadley was arrested while on his way to this city and refused to make any statement in regard to the affair.

Rule of Supreme Court as Applied to the

FAVORABLE REPORT ON CAMBLE BILL

Bill Introduced in Senate Ratifying Treaty and Opening Part of the Wind River Reserve to

WASHINGTON, Feb. 1-(Special Telegram.)-There seems to be a misunderstanding on the part of some attorneys in Nebraska as to the rule of the supreme court governing the issuance of mandates Telegrams have been received by the clerk of the supreme court regarding the time when a mandate will issue in the case of Thomas Dennison. The clerk has replied to these telegrams that the mandate will issue at the expiration of thirty days after the decision, which in the case of Dennison against Christian was handed down Jan uary 30. As the supreme court will not meet until February 30, it will be impossibie to secure a change in the rule until the court meets. In some cases, particularly those of habeas corpus, the court has directed that the mandate issue imme diately, but as no such request was made on the part of Mr. Brome, attorney for Christian, the United States marshal for the northern district of lows, when the case was decided, the mandate in the case of Dennison will not issue until March 2.

Favorable Report on Gamble Bill. By a vote of 7 to 6. Senator Gamble's bill giving homesteaders the right to settle upon 640 acres of land within the great Sloux reservation in South Dakota passed the senate committee on public lands today and a favorable report ordered. At one time it looked as if the committee was a tie and the vote was so reported, but Senator Gamble, feeling that someone had erred, polled the committee on the floor of the senate, with the result as above. There will be a minority report on the bill, but Senator Gamble believes the measure will pass the senate.

Would Increase Scope of Depot Senator Millard transmitted to the war office today a number of letters from bustness men of Omaha asking that the army supply depot at that point be made a general supply station instead of a department station as now organized.

Bill to Ratify Treaty. Senator Stewart, chairman of the committee on Indian affairs of the senate, today introduced a bill ratifying an agreement with the Indians residing on the Shoshone, or Wind River, reservation and making an appropriation enforcing the same. The bill ratifies the treaty entered into between Major McLaughlin, Indian inspector, and the Shoshone and Arapahoe tribes of Indians made April 21, 1904. whereby these Indians agreed to cede a large part of their reservation to the United States for a consideration which will net them a large sum of money. One hundred thousand dollars of this sum is to be immediately available and expended to con-

struct and extend irrigation on the lands

retained by the Indians. The amendment referred to provides that laws of Wyoming shall not operate to secure any rights having priority to those of the Shoshones or Arapahoes to the use of waters within the territory of settlement, including the Wind river and ts tributaries, for the purposes of irrigation of land comprised within such territory until such time as the United States shall have perfected the allotments to members of the Shoshones, either from the land to be opened for settlement or within the diminished reservation of the Indians and complete the necessary law to water rights for said allotments. The bill gives no priority of right as does the iouse bill ratifying the same treaty. In the house bill Asmus Boysen of Council Bluffs is given the right to select 640 acres of land on this reservation by reason of a leare granted him by Acting Secretary of the Interior Thomas Ryan. In view of his equity the house committee on Indian affairs thought it but right to give Boysen the opportunity to take 640 acres of land before the reservation was thrown open to settlement,

The president has signed the bill put through by Congressman Kinkaid granting a pension of \$24 per month to Merritt Meade of Ainsworth, Neb.

Park on Yankton Reserve. Senator Gamble today introduced a bill authorising the secretary of the interior

to set apart a tract of land on the Yankton reservation for a national park, the tract not to exceed twenty acres in extent and to be taken from land now reserved for agency purposes. This tract shall be for the perpetual use of the Yankton Sloux Indians and a site for a monument or monuments to deceased Sloux chiefs and eminent members of their tribe whose memory they may desire to perpetuate.

G. W. Wattles arrived in Washington today for the purpose of appearing before the interstate commerce committee of the senate tomorrow in relation to the bill giving the Central Railway & Bridge company the right to construct a bridge across the Missouri river between Council Bluffe and Omaha.
