The Nebraska Retail Hardware Dealers association is to have its annual convention in Omaha next Tuesday and Wednesday Bomething like 300 people are expected to attend, if the weather is anything like de-This is the fourth annual gathering of the hardware dealers. Last year they were in Omaha and the two years before that at Lincoln. The association includes dealers in every part of the state. The objects of the association, as set forth is the handsome souvenir program issued, are

To secure a permanent organization of all the hardware dealers of the state for protective and educational purposes.

To confine trade in its proper channels and to reform abuses that now exist in business life.

To place the business of the retail dealer upon such a basis as will enable him to meet the changed condition of our business life and to remove illegitimate competition.

There has been a gathering of girls and women at Chambers' academy this week that must convince even the most pessimistic that it will take something more than Arctic weather or even women's clubs to permanently allenate woman's interest from the culinary art. The Walter Baker Chocolate company has been giving a course of free lectures in cooking, with demonstrations and a chance to sample the results, and the women have availed themselves of the opportunity with an enthusiasm that should gratify the palates as well as the souls of those who delight in dainties. souffee, cakes, ice cream and even fudee is congered into shape from the contents of the little boxes and packages that to the women by "La Belle Chocolatiere" in her buff-colored basque, full blue skirt and

In this connection, it may be said that the packers are letting their men off the ice fields, and there are at this time perhaps more idle men in the city than at any other time this winter. Some of the packers are satisfied with the fine harvest of ice thus far secured, but one or two of them, especially Armour, will start next week on the second crop, and fill their

houses to the utmost. The ice crop has thickened during the last day or two until most any field shows a depth of ice of from twelve to fifteen inches. The ice men assert that ice thicker than this is not desirable, being too thick to handle with any degree of facility and satisfaction.

noon and again this evening.

Leo Lung On, a Chinese who has been n business in Omaha as a merchant for fifteen or more years, and now located John Crippen, La Platte, Neb. at Thirteenth and Chicago streets, has Nora Van Buskirk, Omaha.... been ordered deported back to China by Herman J. Iglestroem, Denver, Colo, United States Commissioner Anderson. Marie M. Hanscom, Denver, Colo... United States Commissioner Anderson. Leo Lung On came to America some fifteen years ago as a child of 11 years, having been sent for by his father, who was a legal resident of this country, living here on a laborer's certificate. It is held by the government that Leo Lung On, though a minor, has no right in the country under the exclusion laws, on the ground that the child though a minor held the same status as his father in the matter of employment on his original entry into the country, and was hence a laborer in every sense of the term, notwithstanding that he immediately entered the vocation of a merchant. Or in other words, he could not come into the country as a member of the prohibited "labor" class without a certificate and then engage in a privileged vocation that would entitle him to remain here. Numerous authorities were cited substantiating the position taken by the government, and Judge Anderson taking this view of it ordered deportation. Leo Lung On gave bond in \$300, having taken an immediate appeal in the case to February 9, when this with the four other deportation cases will be passed upon by Judge Munger. The cases of Ling Sming and Lee Yee have been continued to February 14 to permit the attorneys for the Chinamen to secure certain depositions and duplicate certificates from Oregon.
