We Close Saturday at 6 O'clock.

BEEMER GETS ANOTHER TERM

Named to Succeed Himself as Warden of the State Penitentiary.

LINCOLN WOMAN WINS SKATING CONTEST

Ex-Chancellor Canfield is Entertained by Former Associates in the State University Management.

(From a Staff Correspondent.)

LINCOLN, Feb. 3.—(Special Telegram.)—Governor Mickey this morning reappointed A. D. Beemer warden of the penitentiary. The commission dates from today.

Roller Skating Contest.

The first of a series of races of the women's state roller skating championship was skated tonight at the Lincoln auditorium between Mrs. Robert Cuscadden of Omaha and Miss Dora Heilman of Lincoln. The race was for a mile, but Miss Heilman had lapped her adversary before the distance was half negotiated. Mrs. Cuscadden and Miss Heilman will skate a second race at the Omaha Auditorium on Friday night, February 17. Mrs. Cuscadden was hampered by the short turns of the Lincoln rink and her friends are confident that she will either defeat Miss Heilman or give her a hard race on the larger floor of the Omaha Auditorium. In case the second race is won by Mrs. Cuscadden the place for the third and deciding contest will be decided by lot. A great crowd saw the race tonight and a large delegation of Lincoln roller skating enthusiasts will accompany Miss Heilman to Omaha for the race on February 17.

Former Chancellor Canfield of the State university stopped in Lincoln tonight en route to Denver. During his stay here he is the guest of the family of C. H. Morrill. In honor of Dr. Canfield, Mrs. Morrill entertained a large dinner party this evening. Among those present were Chancellor Andrews and members of the university faculty, Albert Watkins and Representative Kaley, who was a member of the Board of Regents during the time Dr. Canfield was connected with the university.

GAGE COUNTY FARMERS' MEETING

Session Ends at Beatrice with Address by Chancellor Andrews.

BEATRICE, Neb., Feb. 3.—(Special.)—While the weather was extremely disagreeable, the closing day of the Farmers' institute here was better attended than on the first day. Prof. Burnett of Lincoln was introduced and filled the place of Joseph Wing of Ohio, who was to appear on the program at the morning session with a lecture on alfalfa, tame grass and other crops, but who was unable to be present on account of sickness.

At the opening of the afternoon session a constitution and by-laws were read and adopted, after which the following officers were elected: A. W. Nickell, president; Henry Odell, vice president; R. E. Blodgett, secretary; Samuel Eccles, treasurer. A one day's meeting for the discussion of good roads was decided upon, to be held some time in March.

At 3 o'clock Prof. H. R. Smith arrived and delivered an address on feeds and feeding.

The next to appear on the program was Miss Mary L. Smith of Addison, Mich., who talked on the subject of "Poultry and Poultry Raising."

In the evening Chancellor E. Benjamin Andrews delivered an interesting address on "The Future of Western Nebraska." Preceding his lecture the Beatrice Military band gave a concert. The chancellor predicted for western Nebraska a future of exceeding great promise. Three factors are to enter into this prosperity, irrigation, afforestation and dry soil culture, and the United States government is to bring about an immensely bigger system of irrigation there than has yet been known in the country or the world.

A corn exhibit was held in connection with the institute and prizes were awarded as follows by Prof. Keyser, who acted as judge: First on best two ears of white corn, H. D. Odell; second on white corn, E. J. Kessler; third on white corn, H. D. Odell; first on best ten ears of yellow corn, R. E. Blodgett; second on yellow corn, R. E. Blodgett; third on yellow corn, C. M. Stoll; first on calico corn, August Witkafski; best ear of corn, any variety, H. D. Odell.

TECUMSEH, Neb., Feb. 3.—(Special.)—The attendance at the second day of the Johnson County Farmers' institute was much larger than the first, even though the weather was very cold. The morning was devoted to the corn show and a splendid exhibition was made. Prof. T. J. Lyon of the State university conducted this feature. The awards were as follows: First on white corn, William Logsdon; first on yellow corn, Phil Nestor.

Following music by the Mandolin club the afternoon session was opened by an able address by Prof. Lyon on "The Cultivation of Corn." His remarks were filled with good suggestions and were able in thought. Agent W. H. Bock of the Burlington of Tecumseh read a very able paper on "Relation of the Railroads to the Public." Miss Minnie Buerstetta gave a recitation and the exercises closed for the afternoon.

TWO WILLING TO BE HIS WIFE

One Who Loses Wants Eight Thousand Dollars.

COLUMBUS, Neb., Feb. 3. — (Special.) — Anton Borovick, a young Polish farmer living near the Nance county line, applied to County Judge Ratterman yesterday for a marriage license to wed Miss Anna Zuroski of this city. The Judge made his heart glad with the proper document, but before he stepped from the office Sheriff Carrig informed him that he was the defendant in an $8,000 damage case which had just been filed in the district court. The plaintiff in the action is a Miss Czuba, living here, and in her petition she recites that several long moons ago Borovick proposed and promised to marry the plaintiff, and she, trusting and relying upon his promise, made her preparations toward that end; that when she informed him she was ready to be led to the altar he acted in a strange and dazed manner and could not clearly recall his promise, though he was ready and willing to marry Miss Zuroski. The parties are all Polish, and Borovick owns some property. He has concluded to go on with the marriage and attend to the damage suit afterward.

Consolidation Plan Fails.

FREMONT, Neb., Feb. 3.—(Special.)—The proposed consolidation of the Fremont Telephone company and the Bell company is not likely to go through. The announcement in the papers aroused the intense opposition of the independent telephone companies throughout the state, the Lincoln company being especially opposed to it. The Fremont company held a directors' meeting last evening and today some officers of the Lincoln company are in the city and negotiations are reported to be on foot for the sale of the Fremont company to the backers of the Lincoln company.

New Store for Auburn.

AUBURN, Neb., Feb. 3.—(Special.)—Complete arrangements have been made for a new department store in Auburn. A. E. Souders of Manhattan, Kan., came here several days ago and, finding Auburn a good place for an enterprise of this kind, went to work to interest some of the business men in the matter. Within less than twelve hours he had $25,000 subscribed for stock in the proposed corporation. The subscribers met and organized and articles of incorporation were signed. The name of the incorporation is the A. E. Souders Mercantile company, with an authorized capital stock of $35,000, $25,000 of which has been subscribed and paid up. The board of directors are: A. E. Souders, F. E. Allen, H. R. Howe, James G. Maclay and J. W. Kerns. The officers are: President, J. W. Kerns; vice president, F. E. Allen; secretary, W. H. Bousfield; treasurer and general manager, A. E. Souders.

SHORT ROAD TO MATRIMONY

South Dakota Couple Hold Record for Quick Time.

NORFOLK, Neb., Feb. 3.—(Special.)—Becoming acquainted, in love, engaged and happily married between breakfast and lunch time is the phenomenal record made by Adam Heib and his bride, Mrs. Dorothea Wolf, at Fairfax, S. D. At 9 o'clock in the morning Adam Heib and Mrs. Wolf had never met. They had never, in fact, even heard of each other. Before 2 o'clock in the afternoon they were husband and wife.

Shortly after 9 o'clock they met. They were introduced to each other in the Charles hotel at Fairfax. One was in need of a wife and the other didn't dislike dreaming of a husband. By 1 o'clock a license had been procured and before 2 o'clock in the afternoon the ceremony of matrimony had been finished. The Rev. Mr. Thiel of the German Baptist church officiated. The groom is 73 years old and the bride is a woman of 68 summers and as many winters.

The newly wedded ones will make their home on the Rosebud reservation. They took a bridal tour to Bonesteel.

Death Continues Case.

SCHUYLER, Neb., Feb. 3.—(Special.)—The suicide of Glen Bechtel, one of the jurors on the Wertz-Sprecher libel case, after it had been on trial two days, caused the case to be dismissed from the present term and continued until the next. There is between $250 and $300 expense now incurred that will in all probability be upon the county in any event, as neither plaintiff nor defendant can be charged with the responsibility of the very unusual and unforeseen suicide.

Wreck Near Tekamah.

TEKAMAH, Neb., Feb. 3.—(Special.)—A wreck on the Chicago, St. Paul, Minneapolis & Omaha railroad between Eureka and this place occurred Wednesday about 10:30 p. m. Train No. 15 going south broke in two near Eureka, and before the train crew could get out and flag for No. 19, which was following, they were upon them and the crew barely escaped with their lives. No one was hurt.

News of Nebraska.

HEBRON, Feb. 3.—Mrs. Torris Oleson, living six miles west of town, was buried in Rose Hill cemetery today. Mrs. Oleson came with her husband to Thayer county about twenty years ago.

BEATRICE, Feb. 3.—John Ackerman, a prominent farmer of this county, living a few miles northeast of this city, was kicked in the chest by a horse and severely injured while unhitching his team.

TABLE ROCK, Feb. 3.—P. C. Johnson, D. D., a leading candidate for commander of the state Grand Army of the Republic, who lives at Tecumseh, was here yesterday, the guest of his daughter, Mrs. B. F. Norris.

SCHUYLER, Feb. 3.—The rigorous weather of the past month has borne heavily on the health of this community, there having been a great deal of illness and in all, including the suicide of Glen Bechtel, eight deaths.

BEATRICE, Feb. 3.—Word has been received here from Chicago indicating that Joseph Hathaway, who is wanted at Webb City, Mo., on several charges and who recently disappeared from this city, is under arrest at that place.

TABLE ROCK, Feb. 3.—Reuben Robinson, a freight brakeman on Nos. 67 and 68, was caught between a couple of freight cars at Napier, Mo., on Tuesday and was quite severely injured, sustaining a broken arm and other severe injuries. He was taken through here at once to his home at Wymore, where he will be laid up for some time. He is the son of W. S. Robinson, who lives four miles east of here.

GENEVA, Feb. 3.—The new high school house is now at last under contract. Whitney of Humboldt got for $28,000 and work will begin as soon as the weather moderates. The building will be a large, substantial one of gray brick, with plenty of room and comfortable.

PLATTSMOUTH, Feb. 3. — Sixteen carloads of oranges and other fruit, while enroute over the Burlington from California to Chicago and other points, were run into the shops here to prevent the fruit from freezing during the coldest nights in this vicinity for years.

HEBRON, Feb. 3.—Mr. James Watson was badly frozen last night driving from Alexandria. He missed the road in the storm, the sleigh being tipped over four times on the way. Mr. Watson arrived home at 3 o'clock this morning, with face and hands frozen.

PLATTSMOUTH, Feb. 3.—T. W. Glenn has traded his general stock of merchandise and his two-story, double brick building in this city to Tuey & McDaniels of Council Bluffs for a half section of land near Hamburg, Ia., at $65 per acre. Mr. Glenn and family will remain in Plattsmouth.

GENEVA, Feb. 3.—The groundhog returned to his home disgusted. Wednesday night the cold was intense, with a stiff breeze, which fell towards midnight, mercury dropping to a little below 25 degrees below zero before morning. The splendid blanket of snow is a great protection to wheat fields and everything under ground.

AUBURN, Feb. 3.—Extremely cold weather has been prevailing here for three days. The thermometer at the government signal station yesterday morning registered 26 degrees below zero. A driving sonw storm prevailed Wednesday and the day before, and stock of all kinds has suffered considerable. The mercury has been below zero all day.

CAMBRIDGE, Feb. 3.—J. D. Cameron of this place sold his ranch near town to a man from Alma, Neb., for $12,500. The price paid was $25 per acre. Cambridge is on the boom. The citizens here are very enthusiastic over the water works proposition and a system will no doubt be installed this spring. Estimates are being made of the cost and the project will very likely be a go.

TABLE ROCK, Feb. 3.—William Ellis, night clerk at the Hotel Murphy, met with an accident at about 2 a. m. Monday. He was on his way over to meet the westbound passenger, No. 13, and stepped on a broken plank in the depot platform, bruising himself in a serious manner, and it is thought producing a rupture. He has been removed to the residence of his sister, Mrs. A. J. Barrett, and will likely be shut in for some time.

TABLE ROCK, Feb. 3.—Quite an extensive land deal was closed up here yesterday between G. B. Johnson of this place and E. K. Kentner of Falls City. The former gets the fine farm of the latter three miles east of Humboldt, containing 160 acres, at $65 per acre, while the latter takes in part payment four residence properties of the former in Table Rock at the aggregate price of $4,200. The deal was arranged by Neill & Simon of Pawnee City.

FREMONT, Feb. 3.—County Attorney Graham and Supervisor Graham were unable to come to any agreement with the Saunders county Board of Commissioners over the division of the expenses of repairing the Platte river bridge and after hearing their report the board adjourned. The bridge is in need of exhaustive repairs and it looks very much as though more litigation would be necessary before the final liability of the two counties was determined.

COLUMBUS, Feb. 3.—Mrs. J. S. Murdock, mother of H. I. Murdock of this city, is lying at the point of death at the home of her daughter at Wakefield, Neb. Mrs. Murdock went to Wakefield some two weeks ago on a visit and while there was stricken with heart disease and there is said to be little chance for her to recover. The Murdocks are among the old settlers in this city and county and have been well and favorably known here for many years.

COLUMBUS, Feb. 3.—The ice dealers of this city have just finished the best harvest in several years. When they commenced to harvest they were getting a good twelve-inch article, but as the cold weather set in, some was cut which measured twenty-six inches. It is believed that some of the lakes are frozen to a depth of thirty inches or more. The ice in the Loup river is frozen clear to the bottom in many places and the ice will have to be broken up with dynamite in order to protect bridges and other property. Hunters have reported finding many birds frozen to death the last week. They are mostly sparrows and quail. The snow in this county lays full ten inches on the level and has drifted none to speak of and insures one of the best crops of winter wheat in several years.

BEATRICE, Feb. 3.—The annual meeting of the stockholders of the Globe Oil company was held last evening and a majority of stock was represented. The following were elected a board of directors: W. Z. Warner, F. H. Kline, A. W. King, R. H. Yale, H. M. and O. L. Smethers, J. J. Hersman, C. M. Hemler, H. F. Norcross. Plans were outlined for the coming year to more thoroughly develop the company's oil fields, which are located at Fossil, Wyo. The board of directors will meet in a few days to elect officers.

STOCKMEN ELECT OFFICERS

South Dakota Association is Now Holding Closing Session at Mitchell.

MITCHELL, S. D., Feb. 3.—(Special Telegram.)—The following officers were elected last night by the South Dakota Live Stock association: President, J. M. Erion, Mitchell; vice presidents, cattle, George McEathron, Huron; swine, P. W. Peterson, Vermillion; horses, J. M. Dunmire, Scotland; sheep, J. C. Hall, Ordway; poultry, George E. Tuck, Watertown; secretary and treasurer, J. W. Wilson, Brookings Agricultural college. Strong resolutions were adopted regarding the building of a permanent home in Mitchell.

A committee of twenty-five prominent stock men was appointed to go to Pierre Tuesday and urge the legislature to pass an appropriation of $5,000 with which to construct the building this year. The association will adjourn this evening.

The South Dakota Poultry association held its annual meeting last night and elected the following officers: President, K. F. Reinelt, Huron; vice president, A. J. Keith, Sioux Falls; secretary, William Scalton, Mitchell; treasurer, N. C. Halphide, Mitchell. The show was located at Mitchell for another year.

Over 1,000 chickens are on exhibit at the show. The two judges finished scoring chickens this morning and the show will close tomorrow.

Wolves Do Damage.

SIOUX FALLS, S. D., Feb. 3.—(Special.)—Timber wolves are doing a great deal of damage among cattle herds, belonging to both whites and Indians, which are being ranged on the Rosebud reservation, and efforts are being made to exterminate them. In one locality the wolves have killed nearly a score of cattle during the last week or two.

GAME FOR NEW ZEALAND

Inspectors Will Take Specimens of American Fauna to the British Colony.

SAN FRANCISCO, Feb. 3.—Luke A. Fayson, chief inspector of fisheries of New Zealand, has arrived here for the purpose of gathering 1,000,000 of the eastern white fish and 300,000 salmon eggs to take back across the Pacific. He will also convey 10,000 land-locked salmon eggs, presented to New Zealand by the bureau of fisheries, Washington, D. C., and a consignment of bronze wing turkeys from the Agricultural department.

Inspector Moorehouse, who came from New Zealand for the St. Louis exposition, will shortly leave for New Zealand with a consignment of twenty elk, twenty-four Virginia deer, five blacktail deer, some racconns and a large number of Canadian geese and varieties of ducks. Ten of the elk were presented to the colony by President Roosevelt. The balance of the consignment has been purchased by the New Zealand government. These animals and birds are for liberation in the colony with a view of ultimately providing sport.

Piso's Cure for Consumption is a sterling remedy for coughs and colds.

ARRAIGNMENT OF SANTA FE

Flagrant, Willful and Continued Violation of Federal Law is Charged.

ALSO VIOLATES AN ORDER OF COURT

Interstate Commerce Commission Files Decision Covering Agreement Between Railroad and Colorado Fuel and Iron Company.

WASHINGTON, Feb. 3.—"Flagrant, willful and continuous violation of the law during the last five years," is the way the Atchison, Topeka & Santa Fe is arraigned in a decision promulgated today by the interstate commerce committee on the "alleged unlawful rates and practices" of that road in the transportation of coal and mine supplies, involving also the Colorado Fuel & Iron company. The main points of the decision, summarizing the way in which it is alleged the law has been violated and disregarded, are as follows:

The act to regulate commerce requires carriers to publish and adhere to their tariffs. The Atchison, Topeka & Santa Fe Railway company has for the last five years wilfully and continuously violated this provision of the law in the respects above stated.

February 19, 1903, the so-called "Elkins bill" was enacted, providing that carriers should in no case transport traffic until a tariff had been published, and that the published tariff should be observed, and providing a penalty of not less than $1,000 nor more than $20,000 for each offense.

Violates an Injunction.

The provisions of this statute extend both to the railroad company which grants and the party which receives the concession. Both the Santa Fe and the Colorado Fuel & Iron company systematically and continuously violated the provisions of that act in the particulars mentioned from the day of its passage down to November 27, 1904, when the tariffs under which the coal moved were reduced in all cases $1.15. It would seem that the El Paso & Southwestern railroad was also in violation of the same statute during that period, but that company was not a party to this proceeding and has not been heard.

It should be further observed that on March 25, 1902, the United States circuit court, in a suit begun at the instance and request of the interstate commerce commission enjoining the Atchison, Topeka & Santa Fe Railroad company to observe in all respects its published schedules or rates. That company from the date of this injunction down to November 27, 1904, was apparently in continuous disregard of that order of court in its failure to maintain these coal tariffs.

Mining Company Had a Snap.

The alleged infractions of the law were first caled to the attention of the committee by the claim of the Caledonia Coal company, operaing a coal mine at Gallup, N. M., that the Santa Fe road was discriminating against it in favor of the Colorado Fuel and Iron company. A contract of the Santa Fe with the Caledonia company expired in 1898 or 1899, and was not renewed, and when it attempted to find a market for its steam sizes of coal, it is charged, "it ascertained, apparently, that coal both from the Trinidad region and from the mines at Gallup were being supplied at a price which about equalled the freight rate alone from the point of production to destination."

The decision says that "no other individual could do business in competition with the Colorado Fuel and Iron company in this field unless he enjoyed the same freight rate advantages; that when other individuals endeavored to make contracts in competition with the Colorado Fuel and Iron company they were compelled to pay the published rate and therefore were unable to furnish the coal, and that under this arrangement the Santa Fe company and Colorado Fuel and Iron company virtually entered into a partnership in the handling of this coal, in the execution of which the published schedules of the Santa Fe were utterly disregarded.

Cabinet Considers Matter.

At the conclusion of a long cabinet meeting today Attorney General Moody and Secretary Morton remained with the president for a considerable time, the latter finally accompanying the president from the executive office to the White House when he went to luncheon. Railroad rate legislation was under discussion, but beyond the fact that the report of the investigation made by the Interstate Commerce commission of the charge that the Atchison, Topeka & Santa Fe railroad had granted rebates to the Colorado Fuel and Iron company formed a basis for a part of the discussion, nothing was learned concerning it. As he left the executive offices Attorney General Moody said the report of the commission had not reached him yet, although he had understood it had been forwarded to the Department of Justice. He said he could not, therefore, make any statement concerning it. It is understood, however, that under an act of congress officials of a railroad who testify before the Interstate Commerce commission in an investigation are rendered immune thereby from prosecution for such offense against the law, as may be disclosed by their testimony. Whether officials of the same corporation who do not testify also are immune from prosecution for the offenses charged is said to be a serious question of law. Secretary Morton was one of the officials of the Atchison, Topeka & Santa Fe railroad who testified before the commission during its investigation of the rebate charges.

Private Car Line Hearing.

E. H. Ferguson of Duluth, Minn., representing the Retailers' and Shippers' association, continued his statement before the senate committee in interstate commerce today. He made especial complaint of the secret routing agreements of the railroads operating in the fruit centers of the west. This arrangement enabled the railroads to select lines without consulting the shippers and Mr. Ferguson said that loss and inconvenience often resulted to perishable goods. He charged discrimination by the railroads in the interest of the Armour private refrigerating car line company, saying that the charges of that company were often double those of the railroad lines themselves. This he said was due to the exclusive contracts which the Armour company had been able to procure and he asserted that the organization and success of the beef trust were traceable to these contracts. In reply to questions Mr. Ferguson expressed the opinion that the railroad officials were interested in the private car companies, but that the railroad companies themselves secured no benefit from the arrangements with the companies.

FORECAST OF THE WEATHER

Slowly Rising Temperature in Nebraska Today and Tomorrow—Fair in East Portion.

WASHINGTON, Feb. 3.—Forecast of the weather for Saturday and Sunday:

For Nebraska—Fair in east, snow in west portion, with slowly rising temperature, Saturday and Sunday.

For Iowa—Fair in east, snow in west portion, with rising temperature, Saturday and Sunday.

For Colorado—Snow in east, rain in west portion Saturday and probably Sunday.

For Wyoming—Fair Saturday and Sunday, except snow in south portion.

For Kansas—Snow Saturday and Sunday; warmer Sunday.

For South Dakota—Fair, with slowly rising temperature Saturday and Sunday; light, variable winds.

Local Record.

OFFICE OF THE WEATHER BUREAU, OMAHA, Feb. 3.—Official record of temperature and precipitation compared with the corresponding day of the last three years:

	1905.	1904.	1903.	1902.

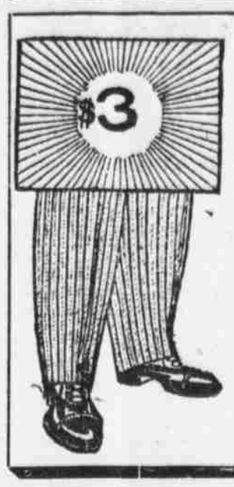
Pants Prices Cut to the Core

Correct Dress for Men and Boys.

The Goods Behind the Price Make this Sale Unequalled

A remarkable sale, remarkable for the strikingly low prices and the unimpeachable values offered you. It is simply our method of pushing "forward" merchandise that has been "backward" in going "forward", and to clean up all broken lots of every sort, which are left after inventory.



$5.00 Pants $3

360 pairs men's finest worsted, cashmere, Thibet, cheviot and unfinished worsted pants, world-famed Paragon and Sternberg makes, values that were always $5.00. Newest stripes and figures, in the favored colorings for every taste.

$3

Sale of Trousers

The bigness of the lot brings littleness in the price, and out of over 6,500 pairs of trousers placed on sale last Saturday, we now have 3,160 pairs, the selling of which must be forced by knifing the price.

This is how

we are going to do it. Assortments, at each price, containing so many novel and dressy features, it is impossible for you not to satisfy, as well as to save.

$10.00 Pants $5

1,062 pairs men's $7.50 and $10 pants, the best qualities obtainable and equal to the "tailor-mades", at $12 and $15, grand special values $5. Beautiful narrow stripes and small distinctive figures of imported materials, in fashionable shapes and shades. All sizes to 52 in waist.

$5

1.50 Men's $3 Pants now at $1.50—1,148 pairs men's fine Reading and Melrose trousers, values always at $2.50 and $3.00, hand-tailored and guaranteed qualities—grand special values at—one fifty. **1.50**

Overcoats and Suits
Marked for Quick Clearance.

The wide range of patterns, the variety of styles and colors likely hold the very coat among them that you want—and the saving is from one-third to one-half the former prices.

$15 O'coats	$10
