GORGES IN THE OHIO RIVER

Worst Condition in Years Prevails on Lower Reaches of Stream.

ONE GORGE IS NOW FIFTY MILES LONG

Eastern Rivers are Frozen, All Boats are Tied Up and People on Banks are Becoming Anxious.

EVANSVILLE, Ind., Feb. 3.--The worst conditions in many years prevail on the lower Ohio river. The gorge at Cloverport, Ky., which formed the first of the week, is growing in size hourly and is said to be almost fifty miles in length. People are crossing the river at Cloverport on the gorge. The gorge at French Islands is holding intact and a new gorge several miles in length formed at Newburg, Ind., ten miles above this city. A gorge is forming a quarter of a mile above the city and another is forming about half a mile below here, which promises to fill the channel of the river in a few hours. A gorge is also reported at the Louisville & Nashville railroad bridge at Henderson, Ky. A large gorge is forming at the mouth of the Wabash river that promises to become several miles in length. Green river is frozen over for the first

time in many years and all boats are tied up. Pond and Rough rivers are frozen over solidly and the Wabash is one solid sheet of ice from Terre Haute, Ind., to its mouth. At Uniontown, Ky., the Ohio is frozen solidly and people are crossing on the ice. A gorge is reported just above West Franklin, Ind.

Cold Wave in Central South. LOUISVILLE, Ky., Feb. 3.--The general cold wave probably reached its southernmost boundary today and spread a blanket of sleet and snow over the central south. A fall of sleet ranging from one to three inches is reported from Arkansas, Mississippi, Tennessee, Georgia, Alabama, Oklahoma, Indian Territory and parts of Texas, while falls of snow extend still further south.

In Arkansas the fruit crop is said to be damaged, while in Mississippi and some parts of Louisiana truck gardens suffered. Many head of cattle, it is believed, will be lost in some parts of Texas. The temperatures range from 7 above zero at Little Rock to 39 above at Dallas and slightly higher in Mississippi and Louisiana. The Mississippi river at Memphis is full of ice and navigation is suspended.

Cold in Ohio. CLEVELAND, Feb. 3.--Last night was the coldest of the winter, the official thermometer at the weather bureau falling to 4 degrees below zero. At several points in the state a temperature of 10 degrees below was reported early today.

PITTSBURGH, Feb. 2.--The coldest weather in six years was experienced today in this city and vicinity, when the thermometer in the outlying districts reached 16 below zero and in the city proper 7 degrees below was registered. Owing to a bad break in a gas main in West Virginia a gas shortage was general all over the country and intense suffering resulted. A number of manufacturing plants were obliged to quit work on account of the cold and inability to raise steam.

The upper and lower mills of the Carnegie Steel company closed down today on account of no gas and 1,000 men were sent home. Coal and river interests are paralyzed by the cold weather. The rivers are frozen over, necessitating the closing of all the river mines. Thousands of miners are affected.

Cold Wave Goes East. CHICAGO, Feb. 3.--The crest of the cold wave has passed eastward. The mercury today touched 19 below zero and then climbed slowly up. The official forecast places the minimum here tonight at about zero.

LA CROSSE, Wis., Feb. 2.--Yesterday's record-breaking temperature was exceeded today. The temperatures at the two local stations where observations are taken were

32 below at the river station, a fall of 2 degrees, and 24 below at the federal building, a fall of 1 degree. MILWAUKEE, Feb. 3.--In Milwaukee the thermometer registered 5 below zero today. At Madison it was 15 below and at Green Bay 20 below.

Ice Interrupts Traffic. NEW YORK, Feb. 3.--Marine traffic in the harbor and in the western end of Long Island sound was badly hampered today by ice. Only powerful steam craft could force their way through the fields of floating ice, composed of floes broken from the ice sheet over the Hudson river and of thick new ice formed last night. Ferry boats were much delayed or altogether tied up. Long Island sound for several miles east of Hell Gate is packed with ice. If the cold snap continues for a few days it is feared that traffic in the harbor will be tied up.

DES MOINES, Feb. 3.--The coldest temperature reached today was 12 degrees below zero. Reports of suffering from the continued cold are increasing, but extreme cases are given speedy relief. No other fatalities save that of George Hall, a man who was found frozen to death at Creston, are reported. Trains have not yet resumed the schedule, eastern trains arriving from three to four hours late.

Blizzard in the South. KANSAS CITY, Feb. 2.--A blizzard prevailed today through Missouri, Kansas and Oklahoma and was general in Arkansas, with below zero temperatures in Missouri and Kansas. The snowfall in Missouri and Kansas averaged four inches, from one to two inches in Oklahoma and five inches in Arkansas. A strong wind drifted the snow in Missouri and Kansas and trains were late. The coldest point in Kansas was at Concordia, with 12 below zero. It was 7 below zero at Kansas City, 2 above at Oklahoma City and 16 above at Fort Smith.

Races are Postponed. HOT SPRINGS, Ark., Feb. 3.--On account of the inclement weather and poor condition of the track the races at Eastern park were postponed until tomorrow and the entries stand. There was about three inches of snow on the ground today and the thermometer stood at zero.

Breaks Weather Record. ELKINS, Va., Feb. 3.--Seventeen degrees below zero was the temperature at this place today, the lowest ever known here.

CUMBERLAND, Md., Feb. 3.--The thermometer here today marked 5 degrees below zero. At Terra Alta it is 10 below. At Grantsville, Md., John Beachy was found frozen to death.

MEMPHIS, Tenn., Feb. 3.--One of the heaviest snowfalls in recent years has spread its mantle to a depth of six inches over the central south. In Memphis the

street car service is demoralized and all trains are reported late. The same conditions are reported from points in Mississippi, Arkansas and Texas.

DALLAS, Tex., Feb. 3.--Half an inch of snow has fallen over northern Texas and the temperature stands 4 degrees below the freezing point. Wheat has been greatly benefited in this section.

NASHVILLE, Tenn., Feb. 3.--This section is experiencing the severest winter in years. The ground is covered with snow to the depth of from five to nine inches and snow is still falling. The Cumberland river is frozen for the first time in several years.

FIRE ON STRIKERS

(Continued from First Page.)

ten of the men had to be made within a day. I summoned the principal manufacturers and asked them to choose their most trustworthy and influential men, and this was done."

Strike Spreads at Sonnoville. SONNOVILLE, Feb. 3.--About 40,000 men are now out on strike. At a meeting of strikers today the men forcibly dragged officers belonging to the management of various concerns to the place of meeting. All the speakers insisted on the preservation of public order. The men's demands include a minimum wage of 75 cents a day, eight hours to constitute a day's work, various reforms in factory management and old-age pensions. After the meeting 12,000 strikers marched six miles to the Dombrows quarter in perfect order, but everywhere spreading workmen to strike. This afternoon strikers went to the railroad station of Streshemochis, seized and bound the officers, wrecked the station buildings and stopped trains in both directions.

Moscow Nobles Favor Reforms. MOSCOW, Feb. 3.--At a private meeting of the provincial nobility today, after a discussion of the reform proposals, it was decided to vote for a modified form of an address to the government to the effect that the members of the nobility are eagerly awaiting a word from the emperor which would show that the bonds uniting the throne and the people are still unbroken and that the emperor would, when he deemed advisable, summon elected representatives of the people to participate in the government.

Independents Keep Out. PEORIA, Ill., Feb. 3.--According to a statement made by Samuel Woolner, jr.,
