Only a few cars of beef steers were included in the receipts and most of those were of only fair quality. Buyers, though took hold fairly well and paid just about steady prices. Of course some of the catter that did not just suit them were neglected and hard to move at steady prices, but as a general thing there was very little change in the cover market was also just about steady. Foreign Financial.

Foreign Financial. LONDON, Feb. 3.—Money was in fair de-mand in the market today and rates were easler: much of the money puid into the Bank of England yesterday was released. Discounts were quiet and steady. The ship-ments of gold from New York to France caused a rise in Berlin and Paris demand is pretty well satisfied. A portion of the above shipments will come to London. Trading on the Stock exchange was quiet, owing to the lack of outside support, though consols and other glit-edged securities were upheld by the strength of the bank re-serve. Americans were the center of ac-tivity. After opening at parity. Philadel-phia & Reading and Erie further improved, sharpit strengthening other stocks. Am-sterdam buying was an additional item. Union Pacific and United States Steel were in moderate demand. Prices closed steady.

good clearance was made at a transformer early hour. Bulls, veal calves and stags did not show enough change to be worthy of mention. There were only a few stockers and feed-ers in the varies, and as supplies have been light all the week speculators were all will-ing to take a few cattle even though it was Friday. As a result the good heavy cattle sold at good strong prices, with others just about steady. Representative sales: BEEF STREES.

Wool Market.

Wool Market. BOSTON, Feb. 3.-WOOL-Regarding the wool market the Boston Commercial Bulle-tin will say tomorrow: The market is dull. Small lots only are selling and not many of these. A little better movement of new Australian is reported, but the sales are far behind the receipts, which continue large. Owing to the prolonged dull spell some holders are becoming nervous. Weak-ness has developed in domestic scoured and pulled wools and the high pretensions of holders have been shaded. Standard grades, however, are unchanged. The Lon-don auction sales were a disappointment, prices declining on cross-breds. A general advance was expected. The shipments of wool from Boston to date from December prices declining on cross-breds. A general advance was expected.
