workingmen in the large cities are regular attendants upon the church. Just why this gap exists it is not easy to say. Doubtless there is fault on both sides. Certain it is that if the church really stands for the teachings of the meek and lowly Jesus this gap ought not to exist.

the blessed thing to do."

The Presbyterian church is the first of the churches to set about a solution of this He finally ended his career on a fruitless vexing and important problem in a serious way. The board of home missions has employed a man singularly fitted to study the oblem and to suggest a remedy that will' be satisfactory alike to both the church and the workingmen. Rev. Charles Stelzle was, and is, a practical machinist and a member in full standing of the machinists' union. He is also a fully ordained minister of the Presbyterian church and has had some years' experience as the pastor of workingman. The Second Presbyterian church of this city has invited Mr. Stelzie to visit it and to make some suggestions concernig

THEORIES ABOUT FOOD.

Also a Few Facts on the Same Subject. We hear much nowadays about health foods and hygienic living, about vegetarianism and many other fads along the same

Restaurants may be found in the large cities where no meat, pastry or coffee is served and the food crank is in his glory, and arguments and theories galore advanced to prove that mest was never intended for human stomachs, and almost make us believe that our sturdy ancestors who lived four score years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health. Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind, from bacon to acorns.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best.

As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vegetables and grains.

Dr. Julius Remmson on this subject says: through the crucible, turn to gold. Nervous persons, people run down in health and of low vitality, should eathmeat and plenty of it. If the digestion is too feeble at finance, who barter and exchange the prodfirst it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal

food in three hours, and no matter how cycles. In the complimentary dinner given weak the stomach may be, no trouble will be to the old mechanic at New York's swell experienced if a regular practice is made of hostelry' there is suggestion of the same ing Stuart's Dyspepsia Tablets, because spirit that marked the great feast in honor supply the pepsin and diastase necesto perfect digestion, and every form when the artists in mosaics, the skilled findigestion will be overcome by their use. cutters of stone, the fine workers in That large class of people who come and precious metals were waved aside by the head of nervous dyspeptics the great king and the humble, hardunder should eat plenty of meat and insure its handed blacksmith was given the high seat

proper digestion, by the daily use of a safe, of honor, because he had made the tools narmiens digustive medicine like Stuart's with which all these men had wrought their Dyspepsis Tablets, composed of the natudigestive principles, pepsin, diastase, fruit acids and salts, which actually perform the work of digestion. Cheap cathartic medicines, masquerading under the name of dyspepsia cures are useless for indigestion as they have absolutely no effect upon the actual digestion of food.

Dyspepsia in its many forms is simply failure of the stomach to digest food, and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like, Stuart's Dyspepsis Tablets, which is endorsed by the medical profession and known to contain active digestive principles.

All druggists sell Stuart's Dyspepsia Tablets at 50 cents for full treatment.

Miss McKinley will change The engines got over safely, except for one her repertoire of songs on each of the two tender, which is partially overturned at the edge of the gully.

"The accident occurred at 4.55 between the towns of Melbourne and Rhodes, and it was several hours later before the emergency relief train reached us from Cambridge, I think. At that it made a quick run and the surgeons and officials with the

train did everything possible for us." Mr. Banks, like other passengers not very seriously hurt, was given treatment and had his wound, quite a bad cut under the chin and about the throat, sewed up at the scene of the accident. He came to Omaha on a train which arrived here about 7 o'clock last night, and on the same train

were two or three fellow passengers who were able to travel to their homes. Dr. Teal examined and dressed Mr. Banks' wounds last night after his arrival here, and unless unforeseen complications ensue he will soon be about as usual.

Bluffs Men Sent to Des Moines. Chester L. Lawson of Council Bluffs, the mail clerk who was injured in the wreck

on the Milwaukee yesterday near Mel-

bourne, was expected to be brought home

ast evening and an ambulance was at the

depot waiting to take him to his home

on Harrison street. Word was received,

however, that Mr. Lawson had been taken

to Des Moines, where it was deemed ad-

visable for him to remain a few days be-

fore undertaking the journey home. It

was stated that while Mr. Lawson's in-

juries were painful, they were not consid-
