HOMPSON, BELDEN & CO. Y. M. C. A. Building, Corner Sixteenth and Douglas Streets.

This resolution," he declared, "but I must say that his warning to the republicans of the house regarding their strength and future political course reflects somewhat upon his motives. Why, sir, do you remember that we have thirty-one members and our party only nine?"

Winham for Resolution. "Let us be cool and candid and look at this matter from a sensible and logical standpoint," then asserted Winham, who proceeded to make a very dispassionate, but apparently effective speech which the resolution should be adopted.

Vote in Detail. Bartoo of Valley spoke for the resolution. Kaley of Webster opposed it and George of Richardson (fusionist) called time and the vote was taken with this result:

Work on Charter Bill. After going over the Anderson charter bill the Douglas delegation adjourned its meeting at midnight till tomorrow evening.

The Value of Charcoal. Few People Know How Useful It is in Preserving Health and Beauty.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities which are present in the stomach and intestine and carries them out of the system.

Charcoal actually clears and improves the complexion. It whitens the teeth and further acts as a natural and eminently safe cathartic.

A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although some seem to say that a patient is not cured until I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

proach. Both have the welfare of the fraternal at heart. "Should this Shreck bill become a law it would stifle every small lodge that is to be organized in this state. Look at what would be the result of a convention of 100 men meeting to make some change in the laws. Every lodge would have to send its portion of that 95 per cent of delegates. Could they afford to do it? The bill should become a law, would make it impossible that they did this. Mr. Jackson concluded with a statement of the history of fraternalism from the time the first one was organized and his statistics announced that at this time fraternalism were paying out in losses \$2 a second.

Senate Kills the Shreck Bill. Warmest Debate of the Session is Precipitated. (From a Staff Correspondent.) LINCOLN, Feb. 15. — (Special.) — With friends and opponents of the Shreck fraternal insurance bill, S. F. 49, constituting one of the most powerful insurance lobbies ever assembled in Lincoln, the lobby from the senate chamber, the senate in the committee of the whole killed the bill this afternoon.

Wall of Sherman made an impassioned speech against the bill. He told that old lodge insurance agencies were to be destroyed. "That should be enough to put every fraternal man on his guard," he said. He argued that to enact the bill into law would stop the organization of any more fraternal lodges. The officers, he said, who organize these lodges are the ones who throw the money.

REPRESENTATIVE DISTRICTS. No. 1—Richardson, two representatives. No. 2—F. H. F. 13, defining child delinquency and providing for the punishment of one who contributes there to. No. 3—S. P. 12, to allow fraternal not already incorporated to incorporate. No. 4—S. P. 19 and S. F. 27, both providing for the construction of a new ditch, were placed on general file.

ROUTINE PROCEEDINGS OF HOUSE Considerable Discussion Over Asylum Investigation. (From a Staff Correspondent.) LINCOLN, Feb. 15. — (Special Telegram.) — The house consumed nearly the entire morning in a heated discussion of the Jones resolution, an investigating committee of the conduct of the former State Board of Public Lands and Buildings regarding the expenditure of the \$100,000 appropriated by the last legislature for the reconstruction of the burnt wing at the Norfolk asylum. The resolution was adopted by a vote of 30 to 35, and Jones, Windham and Howe were appointed by a speaker to conduct such investigation.

COMMITTEE HAS APPORTIONMENT. Number of Changes Made in the McAllister Measure. (From a Staff Correspondent.) LINCOLN, Feb. 15. — (Special.) — The house committee on apportionment has killed the McAllister reapportionment bill and this morning introduced a new measure. The bill gives Douglas county thirteen representatives, an increase of one, and four senators, an increase of one.

Representative Caldwell of Clay county thought he had completed his freight rate bill, of which considerable has been said, but has discovered that the bill will have to be practically reconstructed. It has been found upon comparing the bill with the existing law that a general increase, rather than decrease, is made. Caldwell claimed for his bill an average decrease of 15 per cent, but upon learning of the discrepancies, he says so many clerical errors have entered into the bill as to make it necessary to practically reconstruct the bill.

The senate committee on irrigation tonight listened to arguments for and against Giffin's irrigation bill, S. F. 88. The friends of the bill argued that should it become a law, the government would take charge of affairs of irrigation and rush the proposed canals to completion.

As a result of a meeting between railroad men, members of the legislative committee of the State Lumbermen's association and the Coal Dealers' association, the latter will not introduce his bill to compel railroads to pay demurrage, which the railroads now collect from the shippers.

At the annual meeting of the lumbermen held in Lincoln during the first few days of January, and the annual meeting of the Coal Dealers' association, which convened here at the same time, each convention appointed a legislative committee to secure better services from the railroads.

Memorandum of agreement by and between the railroad companies of the state, the Lumbermen's association and the Coal Dealers' association, with reference to demurrage, was signed on March 1, 1905. First—that no demurrage will be collected until such time as the investigation charges upon the railroad companies have been cancelled.

Affects Small Banks. The house committee on banking and currency today authorized a favorable report on a senate bill providing that directors of national banks whose capital stock does not exceed \$25,000 may own five shares of the capital stock instead of ten shares, as required by present laws.

South Interested in Inauguration. The interest of the south in the inauguration of President Roosevelt was evidenced today, when word was received from North Carolina that the Wilmington Light and Artillery of Wilmington and Light Battery A, both of the North Carolina militia, will march in the parade behind Governor Glenn and his staff.
