Five Weeks from Now the Team Will Be Playing Ball Again.

ININETEEN MEN IN THE PRACTICE SQUAD Fifteen Have Signed and Other Four

Are Expected to Report Without

Any Hitch Before Open-

ing Day.

"It will only be five weeks now until the ys will be out at Vinton street, working out and getting in shape for the first exhibition game, which will be on April 1 with Comisky's Chicago players," remarked Pa Rourke, manager of the Omaha base ball club, yesterday afternoon to the little boy who sits on the center field fence during the ball games. The little boy's mother sent him down to base ball headquarters to ask Manager Rourke whether a last season's rain check would be honored this sea-

Five weeks from tomorrow Manager Rourke's staff of nineteen players will report at headquarters and forthwith go to the Vinton street park for a little try-out. Fifteen of the nineteen have already re turned their contracts, with signatures, while the four others are expected to be heard from soon. The fifteen are: Gonding, Freeze, Pfeister, Quick, Liebhardt, McCloskey, Bemis, Dolan, Beaver, Schipke, Ivan Howard, Carter, Welch, Seawalt and Knode. Companion, Sanders, Thiele and Thomas have not yet signed, but it is virtually settled they will be with the Rangers this season. Manager Rourke will have a complement of seven pitchers, Quick, Sanders, Liebhardt, Companion, Bemis, Pfeister and McCloskey, to select from. C. L. Bemis, who comes from the Northern league Winnipeg team, is said to have a "spit ball" that will open the eyes of the fans at Vinton street. McCloskey halls from Grand Island and is reported as being a promising pitcher. Dolan, Beaver, Schipke and Howard are the infielders signed, while the outfielders who are signed are Carter, Welch, Seawalt and Knode

The welcome sound of "play ball" will be heard at Vinton street on April 1, when the Rangers will meet the Chicago White Sox in a series of two games. The team will then go to Lincoln for games with the University team April 4, 5 and 6, to be followed by a game with the Chleago Nationals at Lincoln April 7, after which game Pa's Rangers and the Selec Colts will take the cars for Omaha and play two games. April 8 and 9, at Vinton street. On April 5 and 16 Joe Cantillon's Milwaukee team wift be seen here for two exhibition games. All of which is causing the local fans to begin to sit up and hark to the days when the stentorian voice calling "You can't put 'em o-o-o-o-ver," was heard in the land and Vinton street.

#### EVENTS ON THE RUNNING TRACKS Phil Finch Wins Oakland Handicap

NEW ORLEANS. Feb. 18.—The Oskiand handicap, at a mile and a quarter and worth 51,395 to the winner, was the feature of the Crescent City Jockey club's card today. Phil Finch, Captain J. T. Williams' colt, was a decided favorite. Dominick had the mount and raced him along at an easy pace until they reached the end of the mile, where he sent him to the front and, with plenty in reserve, won by a length from Stonewall, a strong second choice. Charley Thompson, who was sacrificed to Phillips' poor ride, and Curate, who stumbled over the prostrate horses in the sixth race, were the beaten favorites. In the last race Belle of Milford and Murmur fell in the stretch turn and Curate stumbled over them. Neither horses nor jockeys were hurt. Weather clear, track good. #### THE VALUE OF CHARCOAL

#### Pew People Know How Useful it is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system. Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which col lect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh. All druggists sell charcoal in one form or

another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary,

great benefit. A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in atomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in

Stuart's Charcoal Lozenges than in any of

the ordinary charcoal tablets."

## WINE OF CARDUI

No. 409 McGee St., KANSAS CITY, Mo., Nov. 30, 1903.

Wine of Cardui has proven a blessing beyond compare to me. I was troubled with terrible pains at my menstrual periods before my marriage, and I found that after catching a bad cold and being exposed to the wet grew worse and the doctor said I had inflammation of the womb. I doctored for this nearly three years when I married. Before my baby came I was in constant pain, and hearing of the merits of Wine of Cardui, I took it for two weeks, when to my joy I found my general health improve very greatly. I kept taking it until my little daughter came, and I was much pleased to find parturition almost painless. I felt so well that in ten days I was up again attending to my household duties, feeling better than I had for ten years. Since that time I

have enjoyed perfect health. My husband and I both thank you a thousand times for what Wine of Cardui has done for me. alice alderman Most heartily do I endorse Wine of Cardui.

## HOUSE PASSES PENSION BILL

Measure Carries One Hundred and Thirty-Eight Million Dollars.

Senate Amendments Are Disagreed To-Special Session Will Be Held Today in Memory of Senator Quay,

WASHINGTON, Feb. 18 .- The house passed the pensions appropriation bill carrying \$138,250,700. The minority, led by Mr. Underwood, made an ineffectual effort to reduce the aggregate of the appropriation so as to exclude pensions allowed under "order No. 78," which, it was stated, would involve about \$4,500,000. It was contended that the order was without authority of Blackburn. law. The minority insisted that the majority should bring in a service pension

Mr. Grosvenor defended the order and incidentally reviewed the course of the democratic candidate for the presidency in the last campaign. Mr. Robinson sought to add a section to the bill giving a service pension, which amendment Mr. Grosvenor characterized as "buncombe." Mr. Benton of Missouri declared that the majority had decided against a service pension bill last year because they did not want to add \$38,-600,000 to the appropriations. The bill was passed in the form in which it came from at the first opportunity.

PROCEEDINGS OF THE SENATE Sharp Debate Over Sending Statehood

Bill to Conference. WASHINGTON, Feb. 18.-The senate to day decided not to admit as testimony in the Swayne impeachment trial the statement made by Judge Swayne before a house committee. This decision was reached in secret session, and after it had been arrived at, the court adjourned until 2 o'clock Monday in order to permit the senate to pay tribute to the memory of the late Senator Quay, to which ceremony the greater part of the day was devoted. Mr. Beveridge moved that the senate insist upon its amendments and agree to AGRICULTURAL BILL GOES TO CONFERENCE the conference asked. This caused considerable discussion as to the rules of procedure in such cases. Messrs. Gorman and Teller antagonizing the motion, while

"Lets go on with the fight," echoed Mr. Mr. Beveridge then yielded. He said that his only object had been to get the two houses closer together. There being no other objection, further

consideration of the bill was postponed until Monday. Mr. Teller presented\* and had read a protest from the Colorado legislature against the union of New Mexico and Arizona as one state.

PRESENTS PICTURE OF TSI AN Chinese Minister Refers to Action o

United States in Address. WASHINGTON, Feb. 18 .- Sir Chentum Liang Cheng, the Chinese minister, today presented to President Roosevelt an oil painting of the dowager empress of China. The presentation, which was made a token of the good will of China toward the United States and in some recognition of the part this country has played in preserving thus far the integrity of the Chinese empire, took place in the Blue room of the White House. It was attended by the formal exchange of felicitous addresses by the Chinese minister and the president. Sir Liang Cheng addressed the president on the statehood bill was received and a as follows:

The course of recent events in China has proved to the world that on the disinterested friendship of the United States China can place the firmest reliance. In order to show, in a signal manner her appreciation of this friendship, her majesty has taken advantage of the opportunity offered by the celebration of the centennial anniversary of the purchase by the United States of the territory of Louisiana. It seems therefore fitting that the portrait of her majesty should become the property of the United States government as a memorial of her abiding interest in the welfare and prosperity of the American people.

President Roosevelt replied as follows:

Mr. Minister: This is for me a most agreeable occasion. In delivering to me as a gift to the United States the portrait of her majesty, the empress dowager of China, which held a distinguished place among the Chinese exhibits at the Louisiana Purchase exposition, you have appropriately expressed the estimation of the disinterested friendship of the United States which is felt by the imperial government, which in turn testifies its reciprocal regard and esteem for this country and its people. It is fitting that this mutual friendship should exist and be maintained and strengthened in all practicable ways, whether in the larger field of international relations or by pleasing incidents like that which brings us together today. I am glad therefore, in the name of the government and people of the United States, to accept this portrait which will be placed in the National museum as a lasting memorial of the good will which unites the two countries, and of the strong interest each feels in the other's well being and advancement. I beg that you will appropriately convey my thanks to her majesty with wishes for health and happiness. President Roosevelt replied as follows:
