CHICAGO LEADS AT BOWLING

Century Team Still at Head of List in Five Men Class.

MILWAUKEE BEST IN TWO MEN CONTEST

Louisville and Peorla Are Candidates for the Next Tourney-Committee Nominates

omcers.

MILWAUKEE, Feb. 20,-Chicago leads by a good margin in the five-men team class in the American bowling congress tourney, Century No. 1's score of 2,778, made last night, being forty-six points ahead of the nearest competitor, the Crescents of Tolodo, with 2,732. The Old Fosters of Louisville took third place away from the Schindlers of Chicago today by rolling 2,716,

In the two-men team, class D. A. Jones last year's national individual champion, with Otto Best of Milwaukee leads with a score of 1,137. F. Blaul and Hildebrand of Rock Island are a close second, with 1.132, and C. Weston and J. Shannon of Chicago third, with 1,116, or one point ahead of Thompson and Gruever of Chicago.

The executive committee of the congress today reported the following nominations: President, J. H. Hager of Louisville; first vice president, M. S. Phillips, St. Louis; second vice president, A. C. Anson of Chicago; third vice president, T. W. Gosewisch, St. Paul; secretary, Sam Karpf, Dayton, O.: treasurer, Frank Pasdeloup, Chicago; directors: Godfrey Langhenry, Chicago; Pittsburg; George Metzger, Schriner, Dubuque; J. M. McCormick, Toledo; P. J. Hills, Cleveland; W. Fette, Wheeling; M. J. Costa, Philadelphia; A. J. Petersull, Baltimore; C. J. Kaufman,

Recommendations will be submitted as follows: To prohibit open betting; not to recom-

mend any city for the next convention; that the city getting the next congress required to file a bond four months prior to the congress, the prize list to be secured to the extent of whatever is asked.

Little significance is attached to these ominations, as others will likely be sprung in the open convention tomorrow. However, it may be said that Hager's nomination is a point in favor of the next congress going to Louisville. Langtry today announced himself a candidate for the secretaryship and the main fight in the convention will likely be over this office.

VERY LOW RATES

The UNION PACIFIC has made very low rates for round trip Homeseekers' Excursions as follows:

FROM OMAHA-

To Cheyenne, Laramie, Rawlins and intermediate points in Kansas, Nebraska and Wyoming at rate of \$15.00. To Limon, Fort Morgan, Sterling and

ROLLER POLO GAME ENDS IN A TIE

Auditoriums and Omahas Each Score One Goal. The third game of roller polo played between the Auditoriums and the Omahas resulted in a tie, the score standing 1 to 1 at the end of the third period. The game was without doubt the best that hase been played in this city this year; better team work was shown, it was a cleaner and at the same time a faster game than has been seen here previously.

played in this city this year; better team work was shown, it was a cleaner and at the same time a faster game than has been seen here previously.

The work of Pitt for the Auditoriums was par excellence, he doing the best work he has done this season. Several times he took the ball from near his own goal and worked it the entire length of the field unassisted, and only some excellent guarding on the part of Davidson prevented his making a goal. As it was, he made the only goal secured by his team during the evening. His interfering and driving were also neatly done. Nelson was the star for the Omahas and showed up well at dodging with the ball, bu twas not very good at driving. He made the goal for his team.

During the second period Getchel was During the second period Getchel was buring the second period Getchel was struck across the forehead with a club and an ugly gash cut. Davis took his place. The teams lined up as follows: Auditoriums.

actory game. GREAT WESTERN TROTTING RACES

Circuit Opens at Freeport, Ill., First Week in August.

CHICAGO. Feb. 20.—Dates were assigned to the tracks in the Great Western Trotting circuit today at a meeting of the members here. The Libertyville trotting association was admitted to the circuit and secured its dates along with the others. Indianapolis was not represented and its dates were not assigned. According to Secretary W. H. Smollinger, the track may be dropped from the circuit since its officers believe that it can be run to better advantage independently.

The dates arranged for the ten tracks of the circuit are as follows:

Freeport, III.—August 1 to 4.
Davenport, Iowa—August 8 to 11.
Decatur, III.—August 15 to 18.
Joliet, III.—August 25 to 29.
Hamline, Minn.—September 4 to 9.
Milwaukee—September 14 to 15.
Libertyville, III.—September 19 to 22.
Pekin, III.—September 18 to 29.
Springfield, III.—September 19 to 22.
Pekin, III.—September 25 to 26. Week in August.

PREPARED BY

HOUSE PASSES NAVAL BILL

Appropriation for Two Additional Battleships is Retained.

CARRIES NEARLY HUNDRED MILLION

Mr. Baker Offers a Sensational Resolution Censuring the President for Sending Message of

Condolence to Czar.

WASHINGTON, Feb. 30 .- The house today, after a seven hours' session, passed the naval appropriation bill, carrying a otal of \$99,914.359. The provision for two battleships, as reported by the committee on naval affairs, was retained. Both the majority and minority were badly divided over the proposition, at least forty members of the latter going over to the republicans, while about an equal number of republicans voted in opposition. Several mportant changes in the bill were made. The proposed increase of 1,200 men and officers for the marine corps was stricken out as was also the provision authorizing the construction of a collier somewhere else than at the Mare Island navy yard in California. In order to do the work better an item of \$175,000 was inserted for the proper equipment of the Mare Island yard Several times during the debate the as-

sassination of Grand Duke Sergius was referred to, the subject being brought up by Mr. Baker of New Yrok, who condemned the action of President Roosevelt in sending a message of condolence to Russia expressing the sentiment that the government and the American people viewed the act with abhorrence. The people, he declared, viewed with abhorrence the massacre in St. Petersburg on January 22, but the president, he said, had not seen fit to send a message of condolence on that occasion. He was replied to by Mr. Grosvenor of Ohio, who took the ground that regardless of the character of the duke or the questoward her subjects the president, in sending the message he did, had done exactly what civilization considered his duty.

The climax came later in the day when Mr. Baker read a resolution on the subject. which he subsequently introduced, and which in effect was a reiteration of his remarks previously made. He explained that it had been suggested that in the event of his offering such a resolution a motion would be made to expel him. He shouted defiance to any member of the house to make the motion as he deposited the resolution and took his seat amid the confusion which the incident had created.

Homestead Bill is Considered. A resolution providing for an early consideration of bills allowing homestead entries of 640 acres each in eastern Colorado and South Dakota was the first business in the house today. It was called up under suspension of the rules and was opposed by Mr. Maddox (Ga.), who forced a count of the house on a point of no quorum, and also a debate on the adoption of the resolution.

After a prolonged discussion the rules were suspended and the resolution was Consideration of the naval appropria-

tion bill was then resumed. There was a digression from the debate on the naval bill when Mr. Baker of New sending the Russian government a message of sympathy on account of the aspressing that both the Amarican government and people viewed the killing with had passed the house. abhorrence. Mr. Baker declared that no January 22. "I deny," he vehemently as- New Mexico was passed. American people are shocked by the killing of the Grand Duke

Sergius." In the course of his remarks, Mr. Baker on the streets of St. Petersburg on Jan-

uary 22. With particular reference to that action. Mr. Grosvenor of Ohio was bitter in his criticism of Mr. Baker. Mr. Baker's action he declared to have been unprecedented. Had adjournment been taken, he said, it exhibition of ignorance. Mr. Grosvenor spoke of Grand Duke Sergius as a cabinet officer of the emperor. He denied that the president fell short of his duty and said as regards the killing of grand duke it would have been little short of impropriety had not the president sent his message of condolence. He ventured the assertion, and received liberal applause in doing so, that if a vote of condemnation of other position of honor. the president was offered by any resolution of Mr. Baker it would not get a vote except the latter's own. The president, he concluded, had done exactly what ciziliza-

tion recognized as his duty. No Increase in Marine Corps. On getting back to the naval bill the

house, on a point of order by Mr. Sherman (N. Y.), struck out the provision for the proposed increase in the strength of the marine corps. For contingent expenses of the marine

corps the appropriation was reduced from \$215,000 to \$85,000. When the provision was reached regard-

ing the construction of two new battleships, a number of members were on their feet with amendments. 'One by Mr. Perkins (N. Y.) proposing a reduction in the number of new battleships from two to one. Mr. Rixey (Va.) opposed the construction of any new battleships at all on the plea that sufficient officers could not be provided for them, and also that the United States, in the matter of battleship construction, was building faster than Great Britain. It was sufficient, he said, to keep pace with it.

The statement was denied by Mr. Foss which caused Mr. Maddox (Ga.) to inquire why the United States should not be first among the navies of the world. He did not believe in haggling over two ships, but thought the number should be increased

The two battleships proposition was supported by Messrs. Hemmenway (Ind.), Bassett and Sulzer (N. Y.), Grosvenor (O.), Meyer (La.) and Foss (III.),

Messrs. Mondell (Wyo.) and Thayer (Mass.) favored one battleship only, and Messrs, Bartholdt (Mo.), Scott (Kan.), Driscoll (N. Y.) and Lind (Minn.) opposed any new battleships.

Sensational Resolution by Mr. Baker. Before the vote was taken Mr. Baker N. Y.) created a sensation by offering the following resolution, which he read:

That while this house views with horror the deliberate destruction of human life, at all times and under all circumstances, yet it declares that reprehensible as was the murder of the Grand Duke Sergius, it was no more wanton than the massacre perpetrated by the Russian government on January 22, when thousands of unarmed men, women and children were butchered in cold blood; and that it regards the murder of those helpless, unoffending men, women and children as one of the most dastardly crimes ever perpetrated; that in refusing to express the horror of the people of this country at the fearful crime, while now asserting that both the American government and people view the killing of Grand Duke Sergius with abhorrence, the president has not and does not voice the real sentiments of the people of the United States.

In an excited manner he asserted that the following resolution, which he read:

In an excited manner he asserted that he had been told that if he introduced the resolution a motion would be made to expel him from the house. Rushing down the aisle and waving the resolution in his hand, he deposited it in the box provided for such measures and defied any

one to make a motion to expet him. "Make it now!" he shouted. "Expet! ex-

pel! I tell you! Introduce your motion to expell

When the excitement which his action created had subsided the Perkins amendmend to appropriate for one battleship only instead of two was defeated on a vote by tellers, 121 to 144, which had the effect of passing the original provision for two ships. While no record vote was taken, it was noticed that many democrats voted for the two battleships, while number of republicans recorded themselves against the proposition.

The house rejected an amendment by McNary (Mass.), which proposed, on account of the price of steel in the United States, to strike from the bill the requirement of the law that the vessels in all their parts shall be of domestic manufac-

Mr. W. W. Kitchin (N. C.) sought to secure an appropriation of \$4,000,000 for a government armor plate factory, but his amendment went out on a point of order. The chair sustained a point of order against an amendment by Vandiver (Mo.) providing a scale of prices for armor plate. limiting the cost to \$398 per ton for class A armor, \$293 for class B, \$388 for class C, and \$389 for class D.

A spirited discussion, but which resulted n no action, arose over the ability of the Midvale Steel company to fulfill its contract with the government in the matter of armor plate deliveries, in the course of which Mr. Morrell (Pa.) made a vigorous speech in behalf of the Midvale company. Several further attempts to amend the bill

When the bill was reported to the house

from the committee of the whole, Mr. Foss moved to recommit it, at the same time demanding the previous question. The motion to recommit was voted down and the bill was passed without division. Mr. Payne (N. Y.) announced to the house the death today of his colleague, Mr. Otis, at his home in Yonkers, and offered the usual resolutions of sympathy and regret. The speaker appointed the following committee to represent the house tion of the right or wrong of Russia's policy at the funeral: Messrs. Smith, Sulzer, Bassett and Golden (N. Y.); Currier (N. H.), Donynge (Colo.), Legare (S. C.), Thomas (O.) and Dickerman (Pa.).

The house then at 7:10 p. m. until tomorrow at 12 o'clock. PROCEEDINGS OF THE

Debate on Question of Appointing Conferees on Statehood Bill.

WASHINGTON, Feb. 20.-Whether the senate conferees on the statehood bill will represent the party that defeated joint statehood for Arizona and New Mexico or the party that fought for the retention of the "Foster lease." Once secure in its rethat provision was debated at length in the newal of this lease, the Standard Oil comsenate today, but no decision was reached. The usual manner is to name as conferees the two ranking majority members and the ranking minority member of the committee having the bill in charge. In the present case it was contended by Senators Gorman and Teller that the conferees if so named, would not represent the sentiment for the bill as passed by the senate The arguments were interrupted by the convening of the senate as a court to hear the Swayne impeachment charges, but will be continued tomorrow. The house managers in the Swayne trial rested their case

today and the defense opened. The first part of the session on the naval bill when Mr. Baker of New the senate today was devoted to York condemned President Roosevelt for routine business. A number of bills were passed, one authorizing the award of bronze medals of honor to persons dissassination of Grand Duke Sergius and ex- playing conspicuous bravery in saving lives in railroad wrecks, which measure

A substitute for a house bill relating to such message had been sent when the the construction of dam and reservoir for massacre occurred in St. Petersburg on irrigation purposes on the Rio Grande in

The motion for a conference on the state hood bill was then considered. Robert Henry of Waco, Texas, was the first witness. He testified that Judge referred to the refusal of the house to ad- Swayne walked four blocks to the court journ out of respect to the Russians killed house in Waco. This was offered to show that Judge Swayne had not expended any money for travel.

Simeon Belden was recalled for cross examination by ex-Senator Thurston. Manager Olmsted had read the provisions of Florida statutes relating to suits of ejectment or disqualification of judges. Mr. would have been a meaningless and stupid Olmsted then announced that the case of the house managers was concluded. Ex-Senator Anthony Higgins of Delaware,

made the preliminary statement for Judge In opening he referred to the charges against Judge Swayne as diminutive and said that if the accused was found guilty he would be barred from any further career on the bench and from holding any

Mr. Higgins was still speaking when at 5:58 p. m. the court adjourned for the day. The senate then went into executive session and at 6:06 p. m. adjourned.

COTTON MEN AT WHITE HOUSE

President Tells Southern Planters He Will Help Them if Possible.

WASHINGTON, Feb. 20.-President Roosevelt today received a committee appointed by the recent southern interstate cotton convention at New Orleans to urge the creation of a commission to extend the foreign markets for cotton products. The delegation consisted of about a dozen members, headed by former Senator McLaurin of South Carolina. The committee urged immediate steps looking to congressional action for this purpose in behalf of the cotton interests. The president discussed the question with the delegation and stated that he would take it up with men from the cotton belt in congress. He assured the committee that he would do all he could to facilitate the movement. The committee later conferred with Sec-

retary of Agriculture Wilson.

School Children Arrested. WARSAW, Feb. 20 .- A number of the older pupils of the high schools, who had been inducing children of the lower forms to absent themselves from school, have been arrested by police and soldiers.

Kansas Producers Object to Renewal of Foster Lease on Osage Lands.

MAY MAKE INDEPENDENT INVESTIGATION

Missouri, Kansas and Wisconsin Leg islatures May Look into Methods of the Rockefeller Combine.

TOPEKA, Kan., Feb. 20 .- On account of the small attendance of members the Kansas house today deferred its consideration of the anti-discrimination bill until next Friday. It will be made a special order for that date and will be pushed through as rapidly as possible. The Holdren bill, prohibiting the pumping of gas, will be considered by the senate this week. It is conceded that these bills will pass and that this will end the battle for the oil producers, so far as legislation is concerned. Some action will be taken regarding further investigation of the Standard Oil company in this state. It is likely that Kansas will make an independent investigation in addition to the one promised by the government. If a state investigating committee is appointed attention will be given to the harge that the Santa Fe railway is interested with the Standard Oil company in working against the Kansas oil produc-

The senate today passed a resolution protesting against the extension of the Foster eases in the Indian Territory. The protest was telegraphed to President Roosevelt tonight. That much danger to the Kansas oil refinery exists in a possible extension of the lenses was the view expressed by the senate.

Objection to Foster Lease. Senator Fitzpatrick introduced in the senate a resolution calling upon the president, the secretary of the interior and the congress of the United States to hold up and annul the "Foster lease" of the Osage Indian reservation, which the secretary of the interior has declared was obtained by fraud. Proceedings by the Standard Oil company in Washington for a renewal of the "Foster lease" have, it is said, caused the oil producers of Kansas, who are be hind the legislation aimed at that company more apprehension than anything else.

The investigation of the Standard Oil company's methods in Kansas, which the president has directed Commissioner Gar field to make, while much desired in Kansas, is regarded here as a minor question in comparison with the movement to annul pany would, some of the Kansas legislators declare, be independent of all other production and the thousands of dollars which have been invested in the Kansas and Indian Territory field by individuals would be wasted and destroyed.

Oklahoma Seeking Information. Frank G. Prouty, a member of the lower ouse of the Oklahoma territorial legisla ure, was in Topeka today to learn what he could about oil legislation. He was in conference with representatives of the Kansas Oil Producers' association and will carry back with him to Oklahoma copies of the laws which Kansas has passed it its fight on the Standard Oil company. These bills will, it is said, be introduced in the territorial legislature this week and an attempt will be made to rush them through at once.

Consideration of the anti-discrimination oill, made a special order in the Kansas louse for today, was again put off till Friday next.

Missouri May Act.

KANSAS CITY, Feb. 20.-The Missouri legislature may be asked to take up Kansas' fight against the Standard Oil com pany. Representative Leslie J. Lyons Kansas City has, it is said, agreed to in troduce in the house at Jefferson City the maximum freight bill rate and the bill making oil pipe lines common carriers. As soon as copies of the bills passed by the Kansas legislature are received a number of Kansas City men interested in the Kansas field will, it is stated, go to the Missouri capital in the interest of these meas-

Proposed Action by Wisconsin. MILWAUKEE, Feb. 29 -A special to the Daily News from Madis n, Wis., says: Following the example of the Kansas legislature, the Wisconsin legislature will soon take up the subject of the Standard Oil ompany. Two measures will be presented, one a joint resolution for an investigation of the methods of that corporation in Wisconsin, and the other ; bill remodeled as a substitute for the measure Senator McGillverday has introduced, which will be stringent anti-trust

legislation. Oklahoma to Take Action. GUTHRIE, Okl., Feb. 20.—A bill providing for a territorial oil refinery has been prepared by Representative McBride and will be presented in the house. The measure will also, it is said, compel any corporation operating in the territory to sell its product at an equal price throughout the territory. Governor Ferguson is said to favor a measure similar to that recently passed by the Kansas legislature.

Campbell Confers with President. WASHINGTON, Feb. 20 .- Representative Campbell of Kansas, the author of the resplution providing for an inquiry into the operations of the oil interests of the country, had an extended conference with Presdent Roosevelt today regarding the invesdgation.

Mr. Campbell presented to the president considerable information bearing upon the matter which he has received since the adoption of his resolution. He informed the president he had received from the speaker of the house of the Texas legislature a telegram urging him to request the president and the Department of Commerce and Labor to extend the proposed nquiry to the methods of the Standard in the Beaumont field of Texas. He also told the president he had received hundreds of telegrams and letters from all sections regarding the investigation. The
