Gathering at Which Old and New Members Will Meet and General Acquaintances Will Be Made or Renewed.

The principal business of the executive committee of the Commercial club at its regular meeting Tuesday afternoon was the selection of the standing committees which are necessary under its organization to carry on the work, and the approval of the plans of the entertainment committee for an entertainment and smoker Friday evening. The club is looking forward to this party with considerable enthusiasm. It is intended for a sort of reunion and The new members of the club will be given a chance to meet the old members, and men who have fallen out of touch with the active affairs of the organization are to be routed out and coaxed into line again. The entertainment is to begin at 8 o'clock Friday evening. There is no telling when it may end. Carl Reiter and Frank Dunlop are to be the official entertainers and everyone else is expected to turn lose and do some volunteer

In presenting the committee to the executive committee, Chairman Judson

In making these appointments I have endeavored to fill the committees with good workers and to give representation to all the different lines of business. On account of our great increase in membership I thought it best to increase the number of members on the different committees, and have also added one or two extra committees that are necessary for effective work. I call especial attention to the committee will take up matters of a general character that come before our club. Herstofore there have been a number of important matters come up that could not be acted upon by a smaller committee and I have tried to make this committee large enough and influential enough to take care of any matters that may be brought before the club.
