"Genius is Eternal Patience"

Ready to Wear Clothing for Women

We do not know of any business in which such progress has been made as in clothes for women.

Walking Skirts. All the very latest designs in Black Silk Taffeta, black and colored mohair-Panama Venetian cloth and every desirable weave is now here.

Silk Suits. The Silk Suits this season are really charming works of art; you must see the styles we are showing before you can form an idea of what really fine tailoring has accomplished.

Skirts for Women. We are now showing the new cutting skirt for women at \$1.75 and \$2.25.

Shirt Waists. Handsome Linen waists—delicately lawn waists, perfect fitting beautifully made, very fine lawn waists at \$1.00 to \$2.50.

Grand Clearing Sale Monday of Black Dress Goods Remnants. Not remnants of anything and everything. They are what are left of the best that the season has produced.

7 1/2 yd. Remnant Black Novelty Etamine—fine imported fabric, regular \$1.25 quality, remnant for \$1.49.

7 1/2 yd. Remnant Black Novelty Etamine—fine imported fabric, regular \$1.25 quality, remnant for \$1.49.

7 1/2 yd. Remnant Black Novelty Etamine—fine imported fabric, regular \$1.25 quality, remnant for \$1.49.

7 1/2 yd. Remnant Black Novelty Etamine—fine imported fabric, regular \$1.25 quality, remnant for \$1.49.

7 1/2 yd. Remnant Black Novelty Etamine—fine imported fabric, regular \$1.25 quality, remnant for \$1.49.

TURKEY IN RUSSIAN GAME

Porte Calls Attention of Gov's Government to Conditions at Batoum.

MANIFESTO FOR REPUBLIC CIRCULATED

Alleged that Peasants Have Joined with City Workers in Protest Against Conditions in the Caucasus.

CONSTANTINOPLE, Feb. 25.—Advices from Batoum say the prefect of police and several leading members of that city have been assassinated and that numbers of Ottoman subjects have been murdered by Georgian strikers.

Revolutionary manifestos in favor of a republic are being circulated broadcast in Batoum. The movement is not confined to the city workers, but has many adherents among the peasants and agricultural classes who claim that the land owners are treating them as serfs.

The whole of the Caucasus is said to be seething with dissatisfaction. Armenians, Jews and people of other nationalities and creeds are siding with the strikers, who appear to be acting under the orders of a committee at St. Petersburg.

Reports Are Disquieting. ST. PETERSBURG, Feb. 25.—The reports today, both from Poland and the Caucasus, are very disquieting. Owing to lack of direct telegraphic communication with many places in the Caucasus, verification of the countless rumors about is impossible, but it is positively known that almost a reign of terror exists in the territory between the Caspian and Black seas.

Private vengeance has glutted the streets of Baku, Batoum and Tiflis with dead Armenians and Muscovites. The reports, however, of the capture of Russian garrisons and of the firing of the Black sea fleet on Pol, etc., are not confirmed.

In Poland the strike situation is once more assuming a critical stage, and it is feared the authorities may again be forced to adopt violent measures. The railroad strike situation in southern Russia is also more serious.

Traffic on half a dozen roads has been stopped, causing still further difficulties in the transportation of grain and coal and bringing things to a standstill. Over 100,000 carloads of grain await movement in the Volga district and several hundred thousand tons of coal for the iron and steel industry cannot be budgeted from the Donetsky collieries.

Added to this is the dangerous agrarian movement among the peasants of some of the southern provinces as a result of the circulation of a report that the emperor on March 4 will issue a manifesto providing for a general division of lands which has been the dream of the peasants ever since their emancipation. Here in St. Petersburg the workmen are in a constant state of agitation. The employers are unable to deal with the men, who walk out and resume work on alternate days.

There are now over 40,000 men idle and walking the streets. The Russ says the committee on ministers decided at yesterday's meeting to indefinitely postpone the consideration of the question of conversion of a zemsky sabor owing to the impossibility of summoning the assembly until exhaustive rules governing the examination thereof, etc., have been drawn up.

BATTLE WITH SHOTGUNS

Three Men Fight Over Some Wood at Patterson, Iowa, and Two Are Reported Dead.

DES MOINES, Ia., Feb. 25.—A special to the Register and Leader from Patterson, Ia., says: As a result of a dispute over some wood Charles Love, William Higgins and Myron Welliver, wood choppers, fought a bloody battle with shotguns near here tonight. Love is in jail in Burlington. The other two are reported dead, although no confirmation has been received. Officers have gone from Burlington to the scene.

Business Man Missing.

GRISWOLD, Ia., Feb. 25.—(Special.)—C. Paschal, a prominent young business man, has been missing from his home here since last Tuesday and his relatives are anxiously searching for him. Paschal was interested here in a clothing store with his father, and also had an interest in a meat market. He recently disposed of the latter property for \$800. It is claimed that the elder Paschal sent a lawyer here to investigate the condition of the business, and since that time the father and son have not been on speaking terms, the former being credited with the statement that his son's "little deal had cost him nearly \$2,000."

Trice to Kidnap Her Daughter.

NEWTON, Ia., Feb. 25.—Charged with an attempt to kidnap her 13-year-old daughter, Mabel, Mrs. Maria Johnson of St. Louis was held to await the action of the grand jury today under bonds of \$500, which she furnished. The arraignment as the result of what is believed to be an attempt on her part to again assume a mother's guardianship over the child, who as a baby was left in charge of others and who since that time has made her home with four different families. For the past seven years she has been cared for by Mr. and Mrs. Henry Storke, living twelve miles north of here.

Frank Swearingen Re-elected.

MARSHALLTOWN, Ia., Feb. 25.—(Special Telegram.)—At the annual meeting of the Marshall County Meat Producers' association today Frank Swearingen was re-elected president and E. A. Hall secretary.

Death by Suicide.

The coroner's jury brought in a verdict Saturday afternoon in the case of Sadie White, who was found dead in bed Friday in her room at the Cambridge hotel with a bullet in her right temple. The evidence showed that she had been suffering some time over an incurable disease and had often threatened suicide.

There is a mystery connected with the woman's identity. Although she has lived in Omaha several years, the coroner's jury well-to-do family in a town in Iowa. Coroner Brey will make an effort to find her relatives and acquaint them with the fact of her death.

NO CASH FOR SINKING WELLS

Judge Kinkaid Informed Appropriation is Needed for Other Purposes.

SENATE LOADS RIVER AND HARBOR BILL

Chairman Burton of House Committee Insists that Body Will Never Consent to the Amendments.

(From a Staff Correspondent.) WASHINGTON, Feb. 25.—(Special Telegram.)—There is no money available for the artesian wells under the appropriation made for the geological survey. Representative Kinkaid of the Sixth district, who has been interested in securing a certain amount of money for the Sixth district of Nebraska, said today, after an interview with Director Wolcott, that there would be no artesian wells sunk in his district or any other district during the coming spring. He ascertained that there had been an appropriation of \$200,000 made for the survey, but the needs of the department were so such a character that this money could not be diverted for artesian wells.

Judge Kinkaid will appear before the committee on military affairs on Monday in behalf of his measure to permit the building of an electric road across the Niobrara military reservation, and also to construct a dam across the Niobrara river. The bill has passed the House and the Senate is expected to secure its passage through the senate before congress adjourns.

Deadlock Likely on Bill.

The river and harbor bill is being loaded down with amendments in the senate committee on commerce to such an extent that its passage is exceedingly doubtful. Chairman Burton of the house committee stated today that the house would not agree to any considerable enlargement of the bill as it passed the lower body, and that the conference would agree to disagree. Mr. Burton made a significant remark that he understood at least \$20,000,000 would be added to the bill in the senate, "and you know, with the government facing a deficiency, we can never stand for that increase."

MAN MYSTERIOUSLY INJURED

E. R. Morgan Found by His Family Unconscious on His Own Doorstep.

E. R. Morgan, who lives at 1518 North Seventeenth street, was found lying unconscious at the door of his own house at 8 o'clock last evening by members of his family. At an early hour this morning he was still in an unconscious state.

Morgan left the house about 7 o'clock last evening and said he was going to the meat market of Joe Housley, 222 Sherman avenue, and about an hour later some of the members of his family, hearing what seemed to be a rap, went to the door and found the man lying unconscious on the doorstep. Dr. Vance was at once summoned and gave the man all the aid possible. An examination showed Morgan's right jawbone was probably fractured and the left side of his face was badly scratched and bruised, and judging from the appearance of the man it was thought he had been slugged on his way to the market and had managed to crawl back to the house. This suspicion was further increased when it became known that during the day he had \$70 on his person. This, together with a watch that he usually carried, were missing.

STREET RAILWAY ACTIVITY

Company Will Wait Till Spring is Open Before Beginning Its Campaign.

The warm weather has not induced the street railway company to start out its campaign. General Manager Smith wants to wait until the frost is out of the ground for sure and no chance of an accident. The company laid so many new rails that it has not a great amount of work to do now. The first work taken up this spring will undoubtedly be the relaying of the line on North Sixteenth street. This work was stopped at Webster street when the pavers decided not to relay the street beyond that point. The company is ready to finish this work as soon as the paving company gives notice of the reopening of the old track in the city is on West Leavenworth street. The company, according to Mr. Smith, will hardly relay this before the relaying of the line on North Sixteenth street. The proposal to pave Missouri avenue in South Omaha will make necessary the relaying of the new double tracks there. These were laid last summer with T rails of the sort used in unpaved districts. If a street is now paved, as there is some talk of doing, the company will have to pull up this new work and relay it with rails suitable for paved thoroughfares.

WATER DAMAGES CLOTHING

Part of Browning, King & Co.'s Stock Soaked by Water from Steam Radiators.

The value of attractive window displays was conclusively proved last evening, for they drew the attention of E. D. Simpson to the windows of Browning, King & Co. at about 1:15 this morning, and while looking at the display discovered that the steam radiators were slowly but surely being flooded with water. He at once called a representative of the firm, and he came down, but forgot to bring his keys with him, hence they did not mean to enter the building. A ladder was borrowed from Tom Foley and raised to the level of a window on the second floor and it was then only a matter of a moment to break a glass and enter. Upon investigation it was found that the radiator had been turned on and the water condensed in the radiators and escaping from the steam vents flowed out upon the floors, flooding the entire building and damaging a great amount of the stock. The water was turned off, but as a large amount of water had accumulated between the floors it continued to drip for some time afterward. It was impossible to make any estimate of the loss at that time.

Federal Court Notes.

Judge Carland Saturday afternoon submitted his opinion in the motion for a new trial in the damage case of Morgan Ed-ward Swearingen against the Chicago, Burlington & Quincy Railroad company, granting the motion. The jury returned a verdict for the railroad company. Suit was brought by the plaintiff for \$8,000 damages as a result of injuries received while in the employ of the road at Pacific Junction, Ia.

Federal Court Notes.

Judge Carland, before whom the case was brought, held in favor of the plaintiff in a new trial in the case of the Omaha Cattle company against Webb Hults and others. William Rubin of South Omaha has brought suit in the United States circuit court against Lee C. Sharp to enjoin him from the further making of certain claims as an infringement on certain patents owned by him.
