

EXPENSIVE FIRE AT LINCOLN

Hargreaves Bros., Wholesale Grocers, Lose Most of Their Stock.

FOOTS UP OVER A HUNDRED THOUSAND

Insurance Practically Covers It and Firm Announces that It Will Resume Business at Once.

(From a Staff Correspondent.)

LINCOLN, Neb., March 1.—(Special Telegram.)—Fire early this evening caused the complete destruction of the wholesale grocery store of Hargreaves Bros., causing a loss of \$100,000 on stock and between \$5,000 and \$10,000 damage to the four-story building occupied by the firm. The loss is fully covered by insurance.

Captain Stopper was overcome by heat and was taken home. His condition is not serious. The blaze was discovered in the southwest corner of the upper floor, where were located the stock of matches, and it is supposed that mice started it.

Owing to the low water pressure and the fact that an engine broke down just as the department got to work, much time was lost and the blaze gained much headway. It was checked, however, in the third story and prevented from spreading.

Thousands of people crowded the fire-iron and this made their work the more difficult. The greater portion of the loss was caused by water. The firm will secure temporary quarters and will fill all orders.

Methodists at Lincoln. A state missionary convention, bringing five Methodist Episcopal bishops and leading workers of that denomination from over the country, is in progress here with an overflow attendance, and will continue until Friday.

On the program for addresses are Bishop Andrews, Thoburn, Joyce, Hamilton and Warren, together with Dr. F. D. Gamewell and Dr. George Heber Jones, New York; Dr. E. M. Randall, Chicago; Dr. C. M. Boswell, Philadelphia, and others prominent in home and foreign missionary efforts.

Evangelization of the state, nation and world was the leading thought brought out at the opening meeting.

Capt is Too Slow. ALBION, Neb., March 1.—(Special.)—John Hanks, a young man living west of this place, appeared before the county court last Saturday and applied for license to wed Pearl M. Tilden of the alleged age of 18 years. He told the court that he would return Monday with his bride and have the ceremony solemnized.

At the appointed hour he appeared, but the bride came not, but her father was soon on the ground and reported that his daughter was only 16 years of age, and while on her way to school had been overtaken by hands and by him persuaded to come to Albion for the purpose of being married.

The father heard of the meeting of the two and drove to Loretto, where he met the couple, who were just ready to take the train for Albion. The young woman was induced to return home and her father came to Albion and lodged a complaint against the prospective groom, charging him with kidnaping. A warrant was issued and the sheriff is now looking for the accused.

Find Last Hogs in Straw Stack. COLUMBUS, Neb., March 1.—(Special.)—George Frost, a farmer living just across the line in Colfax county, was in town yesterday and tells a rather unusual story, but one which is corroborated by his neighbors. He says that in the last week of

beginning taking Ozomulsion today and your cure begins today.

OZOMULSION

The Old Liver and Bowel "Purifier." Its Vitalized Medicinal Food Properties are Very Quickly Realized. In Bringing Healthy Color to the Cheeks of the Pale and Sallow. In Building up their Little Bodies the Desirable Pink and White Flesh, and in Dotting their cheeks with the Pretty Color and Dimples that make Mother's Heart Glad.

OZOMULSION is an Antidote for all Diseases Caused by Exposure to Cold and Wet. To prove its Medicinal Food Merits a Trial Bottle Free by Mail. Will be sent on request. Write by letter or postal card to Ozomulsion Co., 98 Pine St., New York. All Druggists—Two sizes—50c. and \$1.00.

THE VALUE OF CHARCOAL

Few People Know How Useful It is in Preserving Health and Beauty. Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectually cleans and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of colds.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges. They are composed of the finest powdered Willow charcoal and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it, that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath from the mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get a better charcoal than any of the ordinary charcoal tablets."

December he missed five large hogs and had strongly suspected parties in the neighborhood. Last week he, with one of his sons, went into a field to hunt up some straw and went a stack which had been partly blown over some time ago.

A portion of the straw they thought they heard sounds emanating from the stack and they soon uncovered the missing five hogs. The animals were badly emaciated, but had strength enough to furnish their own transportation back to the hog lot, where they soon began to recuperate. They had been buried up about nine weeks without food or water.

OMAHA BOY KILLED BY THE CARS Falls on Track While Trying to Board a Train.

ASHLAND, Neb., March 1.—(Special Telegram.)—While standing beside a Rock Island train that was pulling out for Omaha on the Burlington tracks about 2 o'clock this afternoon, J. C. Hottle, aged about 18 years, was killed. He was struck in such a manner that his right leg was thrown under the wheels, cutting it off above the knee and cutting off his right hand and bruising his left foot. The boy, accompanied by his brother, W. K. Hottle, and a colored boy, had walked into town this morning from Lincoln, where they were on their way to school. They were eating their lunch as the train pulled out, two other boys being seated nearby on a pile of ties near the stock yard.

Dr. Mansfield, Burlington surgeon at this place, called but the boy lived only about thirty minutes and did not regain consciousness. Undertaker Waltermire took charge of the remains which will be held pending the arrival of Coroner Theodore St. Martin from Wahoo, and the lad's mother from Omaha in the morning, when an inquest will be held.

J. C. Hottle, the dead boy and his brother, reside with their widowed mother, Mrs. Lizzie Hottle, at 112 Cass street, Omaha. A brother, R. M. Hottle, is an employe of the Union Pacific boiler shops at North Platte, Neb.

Wreck Near Fremont. FREMONT, Neb., March 1.—(Special.)—Train No. 46 on the Northwestern went off the track just west of the Platte river bridge on the Superior line about midnight last night. Seven cars loaded with grain piled up, making a wreck that was a bad one to handle. A temporary track was built around it and trains are running over it today as usual. The accident was probably caused by a broken flange on a car wheel, the break being near the center of the train. No one was hurt.

Explosion Proves Fatal. YORK, Neb., March 1.—(Special.)—J. E. Donnell of this city died at 11:30 a. m. from a shock caused by the explosion of a gasoline can, which occurred last week at the Donnell & Co.'s laundry, in which Mr. Donnell was seriously burned. The funeral takes place tomorrow at 2:30 at the residence, 115 Nebraska avenue. His death was cast a gloom of sorrow over his many friends.

ICE BREAKS IN THE MISSOURI

Movement Begins Above and Below Omaha with Little Effect.

DANGER OF GORGING REDUCED TO MINIMUM

Conditions Very Favorable to Passage of the Muddy's Winter Coasting with No Appreciable Demonstration.

The ice in the Missouri river began breaking at the Blair bridge, thirty-five miles north of Omaha, at noon Tuesday. There has been a rise of one foot and four-tenths inches at Blair since Tuesday morning. There is some open water at Omaha, where the rotten ice has been worn away by the current. The ice is running out in the lower Missouri river. Aside from the breakup of the ice at Blair there are no reports of the ice breaking further up the river.

By reason of the ice going out below and the gradually opening water here the danger of an ice jam is hourly being reduced to a minimum. "In fact," says Forecaster Welsch, "it is not improbable that all the ice might go out of the river here at Omaha without our knowing anything about it, as the wearing away of the ice by the strong river current and its rotten condition is very favorable to such a probability. Nothing in the present weather conditions is particularly threatening. The weather is fair all up through the valley and there is not much prospect for a change for the coming thirty-six hours. We may reach a freezing temperature here tonight, February did very well in the weather line. The maximum temperature during the month was 56 degrees above zero on the last day of the month, while the minimum was 25 degrees below zero, February 2, making a range of 81 degrees for the month."

One Gorge Breaks. NEBRASKA CITY, Neb., March 1.—(Special.)—The ice in the Missouri river broke up Monday night and commenced to go out. A large ice gorge formed at the Burlington bridge shortly after the ice broke and the bridge above that point nine feet in less than twenty minutes. A portion of the gorge broke and the water is now about on a standstill. When the ice broke huge cakes of ice weighing thousands of tons were shot high in the air, and when they fell the report could be heard by persons living many blocks from the river. The ice crushed several sand barges and small launches that had been left on the banks near the water, and on the east side of the channel the ice is piled upon the banks twenty to thirty feet high. Unless the ice gorges at the bridge no further damage is expected at this place.

Conditions at Columbus. COLUMBUS, Neb., March 1.—(Special.)—The overflowing of the Loup river Saturday evening literally strewed the lowland on both sides of the river with huge cakes of ice. They are of all conceivable shapes and sizes and range from eight inches to three feet in thickness. Also fish of all kinds have been picked up. Among the fish are carp, buffalo, catfish, croppies and an occasional pike. They are being gathered up and sold.

STOMACH TROUBLES COMMON NOW Winter Food and Living Strain Digestive Organs. Use Mi-o-na and Be Well.

The hearty food and overeating, so common in winter, strain the stomach and digestive organs so that by this time the average person is out of health. It may be a simple headache, possibly sleeplessness, or a general tired, weak feeling, but the chances are that the stomach is weak and cannot properly take care of the food, and as a result there is heartburn, indigestion, a lack of energy and a general fagged out state.

The stomach needs health and strength. The various aches and pains that you have are the stomach's cry for help and its warning that it has been overworked. Give it strength by taking a Mi-o-na tablet with each meal, and it will soon do its work so promptly and naturally that you will not realize you have a stomach. There will be no acidity, no flatulency, no griping about the heart, no unpleasant gases, no furred tongue, no inflammation of the mucous membrane.

A 6c box of Mi-o-na will bring buoyancy of spirit in place of lassitude and despondency. It will help the overtaxed stomach to start fairly on the road to health. It will give the sleep so necessary to brain and nerve centers.

Ask Sherman & McConnell Drug Co., one of the most reliable drug firms of this section, to show you the strong guarantee under which they sell Mi-o-na. Use Mi-o-na and you can soon eat what you want and all you want for it will strengthen the weakest condition of your stomach and re-establish good digestion.

ered by loads and eaten. An aged Polish woman who lives the life of a hermit near the river bank, known as "One-Eyed Annie," climbed to the roof of her house and sat there all through Saturday night and was taken down by a boat about 10 o'clock Sunday.

Young Women in River. PIERCE, Neb., March 1.—(Special.)—While out boat riding on the Elkhorn river yesterday afternoon Miss Edith Nelson and Lillian Reimers were nearly drowned by the overturning of the boat. Prof. J. M. McIndoo, who happened to be walking along the street that is next to the river, saw them hanging on to the limbs of a tree, and not being a swimmer he ran to the Union residence and telephoned up to the Union lumber office for assistance. Mr. Upton and several others jumped into the dray and made for the river as fast as the horses could carry them.

Dies After Having Teeth Pulled. NORFOLK, Neb., March 1.—(Special.)—As a result of having three teeth extracted at Magnet, Neb., Silas Johnson, aged 35, is dead. An hour after the teeth were drawn he became ill. Dr. McCubbin, the dentist who did the work, and who lives at Randolph, had left town enroute home. He returned and revived Johnson, but at 3 o'clock Johnson was dead. Cocaine was administered and it is believed this drug worked its way to his heart. He was not physically in the best of shape. A coroner's inquest was held today.

News of Nebraska. BEATRICE, March 1.—(Special.)—The 2-year-old daughter of Mr. Mrs. Howard Beam, died yesterday near Ellis. PLATTSBOUTH, March 1.—(Special.)—Fred J. Morgan and Alice Kennedy, daughter of Ashland were united in marriage in Greenwood. PLATTSBOUTH, March 1.—(Special.)—Trains commenced running over the main line of the Platte river from this city to Lincoln Tuesday morning.

BEATRICE, March 1.—(Special.)—The members of Company C gave a dance party in the armory last evening, which was quite successful. The music was furnished by the Beatrice orchestra. FALLS CITY, March 1.—(Special.)—The German society of this place entertained themselves at a mask ball last night at their hall. The costumes were unique and the large crowd in attendance was well entertained.

HUMBOLDT, March 1.—(Special.)—The mayor and council last evening at a special session passed an ordinance providing for the submission of the proposition to vote \$10,000 bonds for a new city building to be erected in the city park. FALLS CITY, March 1.—(Special.)—Judge Kelliger of the district court was called to Illinois by a telegram announcing the serious illness of his father. It was impossible to get another judge to fill his term in Pawnee county and court went over until March 8.

MADISON, March 1.—(Special.)—W. H. Forsyth, a prominent horse-man of this section, for a time a hotelkeeper at Humphrey, leader of the Madison cornet band and an old settler of this county, leaving today, accompanied by his wife, for Greeley, Colo., where they locate. HUMBOLDT, March 1.—(Special.)—Ed. Furrow, a young farmer living northwest of the city, yesterday afternoon got one of his feet caught in the cogs of a horse power, the result being a severe bruising and laceration of the foot. The physician hopes to avoid amputation as no bones were seriously crushed.

HUMBOLDT, March 1.—(Special.)—E. H. Viets, who left here a year ago to operate the Hampton hotel at Holdrege, under a lease, has just closed a deal whereby he comes into possession of that property at a consideration of \$2,000. The building was erected by a stock company several years ago at a cost of about \$30,000. WEST POINT, March 1.—(Special.)—The weather is balmy and springlike. Frost is rapidly leaving the ground and every vestige of snow is gone. Gardens are being planted and farmers are busy preparing for spring seeding. The snow has apparently all been melted by the soft, muzzling rain and plenty of moisture for the coming season.

COLUMBUS, March 1.—(Special.)—The Platte county fair is under way. The condition which rarely happens. The last inmates were liberated a few days ago, vags who had been given a term during the cold spell. They seemed grateful enough, but said they would like for Colorado, where they would look for work in the mines or on railroads.

FALLS CITY, March 1.—(Special.)—William Mohler has been investigating the condition of the peach buds in this locality and he reports that they will be somewhat better this year. They will appear only on the seedling trees however. The large budded fruit is all killed by the severe weather we have had this winter. It is very unusual for even the small fruit to survive as severe weather as has existed this winter.

NEBRASKA CITY, March 1.—(Special.)—Diphtheria has again broken out in Palmyra and the residents fear that the disease will become epidemic. A number of new cases have been reported. The disease is spreading pretty badly over this, the second outbreak of the disease in the past two months. The two lower rooms of the school have been closed down and the entire school will be dismissed if the disease continues to spread.

Take Pile's Cure for Consumption, for coughs and colds. All druggists, 2c.

SENATE GETS DOWN TO WORK

Passes Three Supply Bills Carrying Three Hundred Fifty-Seven Millions.

PHILIPPINE TARIFF BILL APPROVED

At the Night Session the Sundry Civil Bill Appropriating Sixty-Seven Millions is Considered.

WASHINGTON, March 1.—(Special.)—During the day session the senate considered and passed the supply bill aggregating an appropriation of over \$27,000,000 and at night took up a fourth bill carrying over \$67,000,000. The session began at 11 a. m. and after a recess lasting from 5 to 8 continued well into the night.

The appropriation measures passed during the day session were the postoffice bill, carrying \$18,000,000; the river and harbor bill, carrying an immediate appropriation and continuing contracts of \$8,350,000. Many of the items on the bills were discussed at length, but the principal debate was based on the appropriation for pneumatic tubes of the postoffice bill. The amount appropriated was increased from \$200,000 to \$800,000.

The senate also agreed to conference reports on the Military Academy and Agricultural Department appropriation bill in connection with the agricultural bill. Mr. Bacon sharply criticized subordinate officials in the Agricultural Department for opposition to the provision for bi-monthly cotton crop reports.

During consideration of the conference report on the Military Academy bill Mr. Bailey criticized the addition of the names of General Hawley and General Osterhaus on the retired list of the army.

The Philippine Import tariff bill was passed and also several bills of minor importance. At the night session the sundry civil bill was considered.

PROCEEDINGS OF THE HOUSE General Deficiency Bill Amended So as to Restrict Expenses. WASHINGTON, March 1.—(Special.)—The house today passed the general deficiency appropriation bill, the last of the great supply measures to be acted upon during this congress. The total amount carried is \$31,224,000.

The temper of the house regarding the Wayne impeachment verdict was shown when amendments were attached to the bill restricting the \$10 a day limit for expenses of United States judges so that expenditures above \$5 a day shall be certified on vouchers, with the further proviso that a judge

who presents a false claim for expense shall be fined not less than \$500 and imprisonment for not less than ten days. In committee of the whole an appropriation of \$100,000 was voted for mileage of senators and members for attending the second session of the present congress, about the legality of which some question was raised. The committee's action was sustained after the bill had been reported to the house and after Mr. Underwood of Alabama had forced a separate vote on the provision.

The conference report on the military academy bill was adopted and other appropriation bills passed by the senate were sent to conference. The concluding paragraph in the bill designed to restrict deficiencies in the several executive departments was not objected to, and accordingly remained in the bill. The bill, with amendments, was favorably reported to the house.

OUTPUT OF PACKING HOUSES Considerable Increase Noted in the Marketing of Hogs as Compared with Previous Week.

CINCINNATI, March 1.—(Special Telegram.)—The Price Current says there is indicated a moderate increase in the marketing of hogs the past week as compared with the recent past. Total western packing was 56,000, compared with 50,000 the preceding week. For the four months, November 1 to March 1, 1905, the indicated total is 10,350,000, against 9,500,000 a year ago. Prominent places compare as follows:

Table with 3 columns: Location, This Season, Last Season. Rows include Chicago, Kansas City, Omaha, St. Louis, St. Joseph, Indianapolis, Milwaukee, Cincinnati, Ottumwa, Cedar Rapids, Sioux City, St. Paul.

DISPOSAL OF CHINA

A belated shipment, consisting of five large hogsheds of Haviland China, shipped to us from France, via Galveston, Texas, (on account of saving in freight) reached us three months late—February instead of November. Now they're for sale. We don't carry this line through the summer, so they must be sold now. It so happened that this was our last order and comprised the newest patterns and late shapes. It will be a treat to see them. They go on sale for the first time tomorrow—

Thursday, March 2nd

At the same time we propose to close out all the China we have left from previous importations, and have divided into lots at greatly reduced prices.

At 10c A choice assortment of Austrian China plates, small dishes, salts and peppers, etc.; worth much more.

At 18c Bavarian ware plates, cups and saucers, Ramekin's pitchers; some rare bargains.

At 25c Ramekin's sugars and creams, cups and saucers and plates; of fine German china, beautifully decorated.

At 49c Choice odd lots of Japanese, Chinese and French china; some very odd pieces, many worth double.

At 79c All broken assortments of fine French and Royal Austrian china chop plates, chocolate pots, fancy plates, bouillon cups, real Dresden cups and saucers; pieces worth up to \$1.50.

At 98c An assortment of the finest Limoges and Dresden china; unique pieces and quaint designs, exquisite decorations; some were \$2.50.

No Knife Needed. Piles can be cured by internal treatment. To get at the cause—that is the secret, and that is why Dr. Perrin's Pile Specific is so universally successful in its results. It increases the flow of digestive juices in the stomach—stimulates the action of the liver. With congestion of the liver removed and constipation relieved, the two chief and distinct causes of piles are reached and conquered.

Dr. Perrin's Pile Specific The Internal Remedy. For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

Certain in its results, this remedy will cure the most obstinate case of Piles. Dr. Perrin Medical Co., Helixa, Mo.
