## NEW YORK STOCKS AND BONDS

CHICAGO GRAIN AND PROVISIONS Speculative Enthusiasm Revives and Market Expands in Volume.

| Second | S

The lowering of the rate is equivalent to a proclamation that urgent requirements upon capital have been met and that relaxing money conditions in the world's market are to be looked for. An encouraging yiew of the fall planted wheat crop was a factor in the market. News from the seat of war was accepted as promising an early peace and was of strengthening effect on stock markets. London bought stocks here at the opening, but sold on the rise. The realizing on the advance made some alteration in the day's best prices and Reading especially met such heavy pressure just below par that it fell back to below last night. The closing dealings were in consequence slightly irregular.

Ronds were firm. Total sales, par value, 55,120,000. United States 2s advanced 1/2 per cent on call.

The following were the opening and closs.

LONDON, March 9.—Money was in increased supply in the market today, sales were easier on account of the retirement of \$12,500,000 in treasury bills, although a considerable amount is still owing to the Bank of England. Discounts were weakened by the continued influx of gold, it was said that nearly \$2,500,000 leaves India March il for London. The tone on the Stock exchange mostly was cheerful. The reduction of the Bank of England's rate of discount today from 3 to 22 per cent improved the tone and stimulated business. Consols hardened considerably. Home rails mostly were firm. Americans opened steady, improved and became moderately active. Philadelphia, Reading, Atchleson. Topeka & Santa Fe were the features. The market closed firm with Canadians sympathizing. Foreigners had an improving tendency on continental advices. Japanese were benefited by the Russian retreat. Imperial Japanese government & of 1304 were quoted at 104%. BERLIN, March 3.—The trading on the Beurse today was light, but quotations were

CATTLE—There was quite a liberal run here this morning for a Thursday, but the demand seemed to be fully equal to the supply, and as a result trading runed active, with prices fully as good as those paid yesterday.

A good many beef steers were included in the offerings, but there were none as good as the ones that brought \$5.55 yester—good as the ones that brought \$5.55 yester—good as the ones that brought \$5.55 yester—good eves.

good as the ones that brough 18,55 yesterday. Trading, though, ruled active, with prices steady to strong on anything at all desirable, and it was not long before the bulk of the offerings was disposed of. Even the common and warmed-up kinds sold without a great deal of trouble at good, steady prices. Feeder buyers are competitors on the warmed-up kinds of good quality, which helps out the market on that class to quite an extent.

The cow market was also active and fully steady this morning. The kinds that suited buyers were undoubtedly a little stronger, while others were just about steady. Trading, though, ruled active on all kinds, so that it was not long before most everything in sight was disposed of at very satisfactory prices.

Bulls, veal calves and stags were also in good demand, with prices fully as good as those in force yesterday.

The demand for mockers and feeders was fully equal to the supply and as high as \$3.50 was paid for western bred feeders, which is the high point of the senson to date. The general market could safely be quoted active and strong on anything at all desirable. Common cattle are not as brisk as the better grades, but still even that class is selling at good, strong prices.

STOCKERS AND FEEDERS.

HOOS—There was just a fair run of bogs in sight this morning, and with a fairly good demand the market at this point did not show a great deal of change. The prices paid, though, were a triffe uneven. As a geomal thing the kinds that suited buyers sold a little stronger, while those of undesirable quality, and especially common light weights, were a little slow, with prices a triffe weak in spots. On the whole, though, there was not much change from yesterday's average. The logs began to change hands at an early hour, and while the market did not show any great amount of activity, still most everything was disposed of in good senson. The light weights went largely from \$1.2-2 down, butchers and mixed \$4.85 to \$4.90 and heavies \$4.90 to \$5.004. Representative sales:

80 5 025 SHEEP-There was a moderate supply of sheep in sight this morning and the quality of what old arrive was common. There were a few bunches that showed conwere a few bunches that showed con-siderable quality, but the general run could not be classed better than medium. Buyers dld not seem to be at all anxious for the class of stock offered and as a result the
