Here are four of the most popular shapes worn this spring—we show them in all new spring shades, as follows

CARS PLENTY FOR THE GRAIN

No Shortage in Rolling Stock on the Omaha Lines.

CONTRACTS WILL BE CARED FOR IN TIME

Local Freight Officials Say All Grain Sold on Old Rates Will Be Delivered Before New Rates Take Effect.

Some of the western grain carrying railroads are now contending with what, for want of a better name, is known as a "car famine." The cause of the present shortage of cars is the result of the recent restoration of grain rates, which will go into effect April 1. The grain men are anxious to get the grain out of their elevators before the new rates are effective and are now moving the grain as fast as the transportation lines can haul it. This grain was sold on a basis of the old rates, and the time when the higher rates will be in effect was placed at a date when the railroad men believed the grain men could clear themselves. A railroad official states he believes the grain will be moved without difficulty before the first proximo.

"This talk about a shortage of cars is really a myth after all," says one railroad freight official. "It is not long ago that we had empty cars to burn standing on our sidetracks and now the shippers want to move nearly all the grain in sight in a few days. A few cents difference, for instance, on the Chicago market will bring us orders for, say, 90 cars in one morning." Then the present rate situation is having the effect of causing the unusual movement of grain.

Railway Notes and Personalities.

P. Whitney, towns agent for the Northwestern, has gone to Chicago on a business trip.

George F. Midwell, general manager for the Northwestern, has returned from a week's trip over the road.

Assistant General Manager R. H. Alington and General Passenger Ticket Agent W. A. Cairns of the Northwestern are spending the day in Omaha.

The announcement of the marriage of Daniel Hildebrand, assistant ticket agent at the Burlington station, to Miss Victoria A. Holden of Seward is made. The wedding will be at Seward, March 18.

J. P. Elmer, general passenger agent and A. W. Noyes, general traveling passenger agent of the Great Western, are in the city. They are on a tour of inspection and are calling on the various local railroad offices.

The various railroad lines entering Omaha have announced a rate for one fare and a third from stations within 100 miles of Omaha for the Henry W. Savage production of "Parisian" at the Boyd theater on March 14 and 15.

The dates when the Union Pacific pure seed corn special will run have been changed from March 15, 16 and 17 to March 16, 17 and 18. The train will leave Lincoln at 8:30 o'clock on the morning of the 16th

and run to Spalding that day. On the second day the run will be made from Spalding to Ord and from the latter station to Kearney on the third day.

ADVERTISING FOR RAILROADS

Newspapers Bring Best Results and Are Being More Liberally Used.

Charles S. Young, advertising manager for the Chicago, Milwaukee & St. Paul railroad, gives it as his opinion that advertising in the newspapers is the best form of publicity. The Inter-Ocean of yesterday contains the following account of an address by Mr. Young:

"Railroad advertising in newspapers has grown wonderfully during the last two years, and railroads are all the time increasing the space they take in newspapers," was the statement made last night by Charles S. Young, advertising manager for the Chicago, Milwaukee & St. Paul Railway company, in a lecture on "Railroad Advertising," delivered to the students of Chicago's railroad school at their hall in the Fine Arts building.

"One method used by the railroad companies to promote publicity and bring business is through mailing cards, leaflets, etc. and posters. Mailing cards and leaflets are sent to the agents of connecting lines by a railroad to keep them informed in regard to special features or advantages of that road. Home agents of the road are sent advertising matter in various forms, including large newspaper advertisements, newspaper clippings, cards and folders, to bring before their minds special features of the road and to arm them with information which they can use in directing patronage to the company.

"In the last two years, however, the railroads have found that newspaper advertising pays best, and other forms have been gradually discarded with the money formerly devoted to them turned into newspaper publicity."

AFFAIRS AT SOUTH OMAHA

City Council Passes Ordinance Providing for Park Bond Election.

MAYOR SIGNS THE ORDINANCE AT ONCE

Determination to Submit Matter to a Vote on April 4 Results in Rush Proceedings with Rules Suspended.

The city council met last evening in special session and listened to the report of the judiciary committee on the new park bond ordinance. This ordinance was favorably reported and was given a second reading. It calls for issuing bonds in the sum of \$40,000 for park purposes. As the report of the judiciary committee was adopted without any comment the ordinance was passed and signed by the mayor, the rules being suspended for the purpose.

In the matter of the paving of Missouri avenue, Contractor Hugh Murphy, who was awarded the contract, pointed out to the council that the ordinance was defective. Another ordinance was introduced and given its first reading. This ordinance provides for the paving of Missouri avenue from Thirteenth to Twenty-fourth streets and designates that vitrified paving block be the material to be used.

Today a copy of this paving ordinance will be sent to the official paper of the city and will be published two weeks. At the expiration of the time for publication it will be read the second and third times and passed. On account of the necessity for another ordinance the letting of the contract for this work will be delayed for about thirty days. When passed bids will be advertised for and opened in one of the regular meetings. Property owners are anxious to have this street paved and are rather annoyed at the delay. No change will have to be made in the ordinance providing for the curbing as the material to be used was specified in the original ordinance.

The passing of the park bond ordinance needed publication will be made at once in order that the proposition may be voted on at the election to be held on April 4.

Democratic Convention Today.

This afternoon at 3 o'clock the democrats will hold a convention at Workman Temple for the placing in nomination of three members of the school board. Primaries were held in the Ritchie building on Twenty-fourth street yesterday by the democrats for the selection of twenty-four delegates to today's convention. There was no contest, only one ticket being in the field. The vote was light. These delegates were elected:

First Ward—George Rahn, J. H. Bolla, John McMillan, H. B. Fleharty, and A. Second Ward—Dr. W. J. McCrann, John Frank James Krecek, Joseph Vonack. Third Ward—Philip Krause, Edward Hanlon, Charles Mies, P. Cabill. Fourth Ward—Hermann, William Brodrick, Dr. F. W. Folke, Edward Foley. Fifth Ward—John J. Ryan, J. S. Gosney, Louis Harder, Albert Hunter. Sixth Ward—A. M. Gallagher, C. M. Hunt, W. H. Cressley, Morris Yost. These delegates assert that they are unpledged.

General Teachers' Meeting.

speaking of conditions in the vicinity of Greeley Mr. McCarter said that there had been but little snow this winter and it remained on the ground only a short time. Snow came out for the winter in good shape. More sheep than usual are being fed around Greeley than for some years past. A good many sheep, said Mr. McCarter, were put in the feed lots late and they will most likely be sheared before being shipped to market. Referring to the wool crop, Mr. McCarter stated that the bulk of the crop had been contracted for at from 20 to 24 cents per pound. The range through the state has been good all winter and farmers and stockmen are prosperous.

Wiping Out Decrease.

The decrease in live stock receipts is being wiped out quite rapidly. There is now an increase in hog receipts of nearly 15,000 and the cattle decrease is down to 18,000 head. As for sheep, decrease of 50,000 is still shown. This sheep decrease will, it is expected, be overcome before a great while. Local packers are in need of sheep and the prospect for big runs soon is encouraging.

Magie City Gossip.

William Duncan, Thirty-sixth and Q streets, reports the birth of a son. Mrs. Richard Estes, Twenty-fourth and C streets, is seriously ill with typhoid fever. There was no noticeable improvement in the condition of Dr. James A. Kelly yesterday. Last night the Eagles' Dress club gave a social at Eagles hall. It was a very enjoyable affair.

Chief Briggs says that he is again on the trail of Jake Piper and expects to apprehend him before long.

E. P. Roggen, deputy city clerk, is confined to his home, Twenty-fifth and F streets, with a severe cold of the grip. Crusader encampment No. 3, Independent Order of Odd Fellows, gave a social and card party at Odd Fellows' hall last evening.

REZEK JURY PATIENTLY TRYING

Unable to Reach a Verdict, but Judge Kennedy Will Give It Plenty Time.

Shortly after 5 o'clock Friday afternoon Judge Kennedy ordered his bailiff to bring into court the jury in the Rezek damage case. This jury had been out since 5 o'clock on Thursday trying to agree on a verdict for or against the three salmon keepers of south Omaha and their bondsmen, who are being sued by Mrs. Rosa Rezek for \$5,000 damages for the loss of her husband.

When the jurors appeared Judge Kennedy asked them if there was any reasonable chance that they could reach an agreement. He said he did not wish to know how they stood numerically, but simply as to whether or not there was any chance of an agreement being reached.

The foreman responded that the jury had taken thirty-one ballots and that on the last ballot they had stood just as they did on the second ballot. He volunteered no opinion as to the possibility of getting together in one hour or in one day.

After considering the statement of the foreman for a few moments Judge Kennedy said he would allow them a little more time to consider the matter and the jury again picked up their hats and coats and proceeded to their pen in the basement of the court house.

Several of the attorneys interested in the case were present, but outside of the judge's question and the jury foreman's answer nothing was said.

Homeseechers' Excursions.

CASH ACCOUNT OF THE CITY

Money on Hand and Fund It Belongs to at the Beginning of March.

The city treasurer's report of cash on hand and in the banks on February 25, 1905, shows that the city had \$570,974.60 and the school district \$52,342.02. The bulk of the city cash, or \$298,568, is held to meet bonds that have been issued for various kinds of improvements for which special taxes were levied. The taxes when paid must be held against the bonds issued to defray the cost of the work. Against the maturing of paving bonds \$301,096.16 has accumulated to be paid off this year and the next. The last paving intersection bond issue still has \$31,204.37 to its credit and the last main sewer bond issue, \$46,088.42, while the sinking fund redemption account is accredited with \$19,699.40. Revenue available for use at the present time amount to \$99,883.36, of which \$81,678.49 belong to the general levy fund created by transferring all balances remaining in other current funds at the end of the year. The water board has \$8,885.00 to its credit, the bank fund \$4,420.46 and the general fund itself \$3,491.70. The other accounts contain small amounts of cash only. At the time the report was made the treasurer had on hand \$20,664.40 checks and warrants, which he had not had time to deposit. The report in full is:

Table with 2 columns: Item and Amount. Includes General, Sinking fund, Judgment, Fire, Sewer, Health, Curbing, Water board, Gen. levy transferred to various funds, School general, School sinking, School site and building, Monmouth Park, School site and building, School site and building, Omaha sewer, Funding bond, Police, Dog license, Police relief, Plumbers, Electrical, Interest, exchange and commission, Sinking interest, Appraisers' fee, Auctioneer's fee, Special assessment, Redemption account, Sinking fund redemption, Fire engine house, Liquor license, Police ordinance, Sinking fund No. 1, Ordinance 420, Dec. 1904, Drainage, Alley paving, Grading and gutting, Street improvement, Sidewalk, Damage grade, openings, etc., Parks, parkways and boulevards, Enlarging Riverview, Parks, parkways and boulevards, Sloping lots, Police ordinance, Abating nuisances, Sewer connections, Water connections, Sherman-aid culverts, Sidewalk-aid levies, National bank, Grand total, Check for deposit, Cash in drawer, Commercial Nat. bank, First National bank, Merchants Nat. bank, Nebraska Nat. bank, Omaha National bank, Union National bank, National bank, Kountze Bros., N. MUSIC STILL HATH CHARMS

Omaha Commercial College Concert Is Enjoyed by Students and Their Friends.

A very neat little concert was that given last night by the orchestra, the band and certain individuals representing the Omaha Commercial college. The school keeps up several musical organizations, not as a part of the curriculum, but for the interest and benefit of the students. The Glee club had also been training for the concert, but failed to get in line. The concert opened with Hermap's "Golden Crown" overture, which the orchestra of students, numbering twenty, played very creditably, under the direction of Lena Eilsworth Dale. Some of the musicians were small and most of them were girls. The general effect was good. Ficcioni's "Star Tide" was the second number on the program and was well sung by Miss Nell Eilsworth, with violin obligato by Mrs. Dale. The singer was applauded. Mr. MacDonald played "The Palms" on his trombone for the third number, with orchestral accompaniment. Mr. Ritchie did some pranks with Hamlet's soliloquy, much to the amusement of the audience, and then little Madge West played Fisher's "Horrippe" on her violin. She plays very well for so young a performer. Walter Dale closed the first half of the program with "Then You'll Remember Me" from the "Bohemian Girl." The orchestra opened the second half of the program with some "Wang" selections, played well, although the changes in time bothered some of the musicians a little. The orchestra also closed the evening with Dalby's "Uncle Sam." The college band, which has been organized but a short time, played "Dreamy Eyes" pleasingly, all things considered Mr. and Mrs. Dale and Mr. Middleton gave Randegger's trio, "The Martens," effectively, and Dr. Laird blew a concert polka by Albert through his cornet with the usual sweet result. Mrs. Dale and Miss Eilsworth added to the program with a duet by Glover, which was warmly applauded.

Condition of Colorado Sheep.

J. B. McCarter of Greeley, Colo., was a visitor at the stock yards yesterday. In
