REPUBLICANS CONFIDENT OF SUCCESS

Candidates Are Well Known and Leading Men of the City-Location of the Six Polling Places.

The school election will be held today and Chairman Hess of the republican city central committee stated yesterday that while no active campaigning had been by any of the candidates, everything appeared favorable for the election of the three nominees on the republican

The republican candidates are well known business men and have the confidence of the community at large irrespective of political affiliation or preference. J. P. Hess, the present president of the Board of Education, has served on the board six years, during which period he has devoted a large portion of his time and energies to the work of bringing the public schools of the city to the high standard which they now have attained. In no sense of the word was he a candidate for renomination and in consenting to again accept the nomination Mr. Hess realized that he did so at a sacrifice to his own personal busi-

Nels P. Andersen, the other candidate on the republican ticket for the three-year term, has for many years been prominent in the business circles of the city. He did not seek the nomination, but was the choice of the Scandinavian-Americans, and it was at their solicitation that he consented to become a candidate.

W. E. McConnell is one of the younger leading business men of the city who for a number of years has been prominent in church and Masonic circles in this city. Mr. McConnell was nominated for the short term, namely, one year, to fill the vacancy caused by the resignation of Colonel W. J. Davenport.

The democratic candidates aret W. L. Butler, local freight agent of the Milwaukee railroad, and a resident of the Second ward; Harry A. Searle, secretary and treasurer of the Monarch Manufacturing com-Dr. C. H. Bower, who was a candidate a year ago and was defeated. He is a resident of the Fourth ward.

LEWIS CUTLER MORTICIAN 28 PEARL ST. PHONES. Res. 63 Lady Attendant of Desired.

ELECT SCHOOL BOARD TODAY | made Friday by Judge Thornell on application of the society's agent, A. W. Laningham of Red Oak. It is alleged that representations were made to the court that the Associated Charities was not willing to keep the children any longer. On the showing made the court issued the order for the boys to be turned over to the society and that the county pay the society \$50 for taking the children. Laningham drew the money the same afternoon

and hurried the children out of town. It was not until the next day that the officers of the Associated Charities learned of the removal of the boys. They deny the statement that the association was anxious to get rid of the children. Mrs. Sims, president of the Associated Charities, states that arrangements were being made to place the children with some of the relatives.

Colonel W. F. Baker, member of the Board of Supervisors, who was present in court when Judge Thornell made the order turning the two boys over to the Children's Home society, says that Agent Laningham misrepresented the facts in the case to him. Complaint has been made before by the county supervisors of Agent Laningham's methods and Colonel Baker stated yesterday that the board would very likely refuse to allow the Children's Home society to take any more children from this

PLAN TO BUY MASONIC TEMPLE Royal Arcanum and Masonic Bodies to Secure It.

Fidelity council, Royal Arcanum, which is one of the strongest fraternal organizations in the city, is considering the advisability of joining with the several Masonic bodies in the purchase of the Masonic temple building as a permanent home for the two organizations. The matter is in the hands of a committee of fourteen members of Fidelity council, which will confer this week with a like committee from the several Masonic lodges. These comprise the Royal Arcanum committee: Charles A. Beno, G. H. Nicoll, Charles Swaine, P. C. DeVol, J. E. Hollenbeck, H. L. McNitt, Richard Green, L. L. Evans, A. T. Flickinger, C. F. Kimball, W. L. Thickstun. A. E. Brock, P. H. Wind and George F. Hughes.

The proposition now under consideration is, in the event of the two organizations acquiring possession of the Masonic temple, for the Royal Arcanum to occupy the entire second floor of the building and the pany, and a resident of the Third ward; several Masonic bodies to retain the occupation of the entire third floor. The Commercial college, which now is in possession of the second floor, will, as soon as the public library is moved into the new Carnegie building, now nearing completion, occupy the rooms on the third floor of the Merriam block now used by the public library.

The Masonic temple originally cost \$54,-000, but it is understood it can today be purchased for from \$25,000 to \$30,000. The Masonic Temple Building association's inthe independent school district of Council corporation for twenty years expired in the early part of last year and since then the stockholders have been unable to come to these if they are also in the employ of the any agreement in regard to the building, state. CEDAR FALLS WILL APPEAL

Validity of Transient Merchants Tax Law to Be Determined.

AGENT OF TEA COMPANY RESISTS SUIT

Lower Court Holds that the Act is in Restraint of Interstate Commerce.

(From a Staff Correspondent.) DES, MOINES, March 12 - (Special.) - An appeal to the supreme court will be taken by the city of Cedar Falls in the case against W. A. Gentzler of that city, and unless the case is reversed by the supreme court merchants from other states can enter Iowa without paying the transient merchants' tax and the bars generally will be let down. Gentzler was the agent of a tea company and sold goods in the original package as they were shipped him from outside the state. Cedar Falls tried to collect the merchants' tax, but he resisted on the ground that it was interfering with interstate commerce, and he won in the lower court. The case is being watched

No Capital Stock. Articles of incorporation of the Roosevelt club of Buxton, Ia., have been filed with the secretary of state, in which there is no capital stock, but authority to contract debts to the amount of \$1,000. The property of the members and officers of the club is expressly exempt. The object of the club is given as entertainment. It was first endeavored in the secretary of state's office to hold the articles up because of the exemption from debt of the members and authority to contract debt when there was no capital. It was later discovered that a decision of the supreme court holds the property of the members liable in such cases and the articles were filed.

How to Get Health

The Secret of Restoring Health Lies In Replacing the Same Substances to the Body That Have Become Impoverished or Wasted

By disease, overwork, worry, exposure or abuse. When you are run down, getting thin, weak, and tire on the slightest exertion, the life and strength of your blood are wearing out. When you grow irritable, melancholy and nervous your nerve force is decaying and vitality is becoming low. Disease acts on those whose blood is watery, impoverished or impure, and never affects persons who have plenty of rich and pure blood. Dr. Chase's Blood and Nerve Food supplies what is lacking in the blood and nerve force. It contains everything that makes new and rich blood and perfect nerves, in fact, it is blood itself-the very essence of nerve force, making it the grandest of all tonics for the sick, convalescent and overworked. It restores vim, vigor and vitality to aged and worn out people, and imparts a glow of health to pale and sallow people. Price 50 cents.
