**DETAILS ANNOUNCED FROM HEADOUARTERS** 

Nature of New Charges Not Given Out, but Believed to Be in Connection with Recent Scandal.

Mutters have reached a crisis in the case of Captain G. W. Kirkman of the Twentyfifth United States infantry, at Fort Niobrara. A new court-martial has been ordered in his case, to convene at Fort Niobrara March 21, 1966. It will consist of Colonel E. B. Pratt, Thirtieth infantry, president of the court; Lieutenant Colonel Walter S. Scott, Eleventh infantry; Major George B. Cecil, Thirtieth infantry; Major R. M. Blatchford, Eleventh infantry; Major Daniel L. Howell, Eighteenth infantry, Major Charles F. Kieffer and Major George D. Deshon, medical department; Captain Charles H. Grierson, Tenth cavairy; Captain Clarence E. Dentier, Eleventh infantry; Captain Lester W. Cornish, Ninth cavalry: Captain Albert C. Blunt, Artillery corps: Captain James A. Cole, Sixth cavairy; Captain William T. Wilder, Eleventh infantry, with First Lieutenant Beverly A. Read. Sixth cavalry, judge advocate. None of the officers of Captain Kirkman's regiment, the Twenty-fifth infantry, are members thereof and the detail is assembled from nearly every post in the Department of the Missouri.

May Relieve the Old Court. The creation of this new court-martial will probably obviate the continuance of the recent court-martial called for the trial of Captain Kirkman on the general charge of "conduct unbecoming an officer and gentleman," in which a continuance has been recently taken at the urgent request of the defendant to May 10, in order that he might secure material testimony or depositions from the Philippines, to confirm the position of the defense that Kirkman is insane. The wide publicity given the Kirkman trial through the recent tragic suicide in this city of Mrs. Louis B. Chandler, wife

of an officer of the Twenty-fifth infantry. and the association of her name with that of Captain Kirkman has caused the military authorities to prefer new charges against Captain Kirkman and try him under these charges, with the possibility of the dissolution of the former court-martial, which had been continued to May 10. The detailed nature of these new charges cannot be ascertained until they are formally submitted to the court upon its assembling

Encounter Between Men. More and more of the Chandler-Kirkman

scandal has been leaking out since the death of the unfortunate woman, It appears that she had been summoned to Fort Niobrara during the recent courtmartial of Captain Kirkman as a witness. and a personal altercation occurred between Lieutenant Chandler and Captain Kirkman, in which Kirkman was badly handled, and the departure of Mrs. Chandler from the fort materially hastened thereby, with her suicide at the Paxton hotel in this city shortly following. A friend of Lieutenant Chandler, in discussing this episode a few days ago, said: "From what I know of the affair between Chandler, his wife and Kirkman Chandler would be perfectly justified in killing him like a dog, and no court in Christendom would convict him of murder."

In referring to the effort of Captain Kirkman to resign from the army while under charges, the Army and Navy Regfeter hints that potent western railway iniences may be exerted in behalf of Captain Kirkman to enable his retirement from the army on the plea of insanity This hint from the Register comes from the fact that Second Vice President M. M.

This hint from the Register comes from the fact that Second Vice President M. M. Kirkman of the Northwestern line is an uncle of Captain Kirkman.

UNITED STATES SUPPLY PLANS

Rumors of Intended Building at Ninth and Farnam Are Again Current.

The United States Supply company may be the next jobbing house to put up a new building of its own. The managers of the following games will be played in this city: definitely decided on this step, but the probabilities are that the new building will go up. The company owns ground at the southwest corner of Ninth and Farnam streets, which is now vacant. President Burnham will furnish the building, if it is built, for his company on a leasing a rangement. It was rumored in business circles that Mr. Burnham would come in from the west some time this week to confer with J. B. Rahm, who is vice president and general manager of the company, which does a manufacturing and jobbing business in wrought if on piping and similar supplies, is now located at Eleventh and Harney streets, in leased property, which is rather too small for the business. The property of the company at Ninth and Farnam streets is rather arrow, so that a building there to accommodate the supply business will have to be from five to six stories.

SPORTS OF A DAY.

Jake Saunders Wins the Boston Club

Handicap at New Orleans.

NEW ORLEANS, March 14.—The Boston Ciub handicap, at six turiongs, worth \$200 to the winner, was the feature of the new Louisiana Jockey club's card today. Rapid water overshadowed the others in the betting, opening at even and closing at 7 to 10, while invincible was at 28. Major Johnson at 68 and Jake Sanders at 78. Invincible set out to make a stiff pace, Rapid Water forcing him all the way. The pair were used up and faltered in the stretch, where Jake Saunders caught and passed them, winning very eleverly. The Huegenot, out to the last ounce, and inspector Halpin, who had little if any more to spare, were the winning favorites. Track slow: Results: First race, six furiongs: Laone; won, Whippoorwill second, Bury Wake third. Time: 1.164. Handleap at New Orleans.

Whippoorwill second, Billy Wake third. Time: 1:164s.
Second race, six and a half furlongs: John Doyle won, Velos second, Parisienne third. Time: 1:28.
Third race, four furlongs: Escertic won, Jack Kercheville second, Wagstaff third.

Jack Kercheville second, Wagstaff third.
Time: 1:50%.
Fourth race, six furlongs, Boston Clubhandicap: Jake Saunders won, Rapid Water second, invincible third. Time: 1:14%.
Fifth race, five and a half furlongs: Over Again won, Floral Wreath second, Red Raven third. Time: 1:22
Sixth race, one mile and three sixteenths: The Huegenot won, Mainspring second, Royal Arms third. Time: 2:00%.
Seventh race, six furlongs: Inspector Halpin won, Darius second, Go to Win third. Time: 1:15%.
Events at City Park track:
First race, three and a half furlongs: Sister Edith won, Colonial Lady second, Helen S third. Time: 0:43%.
Second race, six furlongs: Orderly won, Governor Sayres second, Lila Noel third. Time: 1:15%.

Time: 1:15%.
Third race, six furlongs: Ida Davis won,
Reticent second, Armorer third. Time: 1:15%.

NEW DEAL IN GREEN GOODS

Nebraska Farmer Invests and Starts Neat Tangle of Crime.

EXPRESS COMPANY HAS THE REAL CASH

"Detective" Gets in the Game, but Fails to Land the Money, After Giving the Victim a Scare,

As a result of too much confidence in a Chicago enterprise which promised him under certain conditions \$2,500 in bills that looked so much like the genuine stuff that the Treasury department would be easily deceived, David Deacon of a western Nebraska hamlet is out \$250. Mr. Deacon bit at a circular letter sent

ilm from Chicago, which wanted him to become the confidential agent of the writvicinity. The "goods" were made from plates stolen from the Treasury departthought of making such easy money of \$2,500 for a paltry \$150, so he sent to Chleago for the stuff. It came to him by express, C. O. D., and when he saw the little oblong box at the express office, he coughed up his little old \$250 like a man. He intended to pay off the mortgage on the place with the stuff, and then move farther west and start a bank and become his own depositor. But before doing so he went out into the barn, locked the door and proceeded to count the \$2,500. The box was securely wrapped, and when the last wrapping was taken off there was revealed to him a handsome tin lacquered box. He opened the box with some trepldation, and then nearly fell out of the haymow window when he saw, instead of \$2,500 in crisp, new greenbacks, just a

measly block of wood. Hurries to the Authorities. Then Mr. Deacon got busy as soon as he ould mop the perspiration from his brow and catch his breath. He mounted his horse and road at a John Gilpin rate to the express office and asked for the return

nstructions. In the meanwhile the Chicago end of the enterprise began to get busy. A tracer or detective was sent out to the Deacon place and he informed Mr. Deacon that if he undertook to replevin the money he would go to the penitentiary sure.

Express Company Has the Coin. Then Mr. Deacon packed his grip and eft that section. Coincident with Deacon's replevin.

CURRENT LITERATURE.

The March number of the Burlington Magazine appeals not only to art connots seurs, for whom it is specially published. but to art lovers of all kinds. The selective ability of the editor in choosing sub jects of illustration is notably successful in gathering material of general interest as well as artistic merit, and the process plates are executed in higher grade than is found in most art publications. magazine comes from the press of Rober Grier Cooke, New York.

"The Lion's Skin," by John S. Wise (Doubleday, Page & Co.), is a novel of Virginia during the reconstruction days of the south. The author writes from personal knowledge and while there may be more or less personal feeling shown in the story it is safe to say that there is less than has been shown by Tourgee, Dixon ers in putting out some "goods" in his and a number of others who have dealt with events of the same period. The race question is touched upon, and while the ment. Mr. Deacon was thrilled with the author offers no solution of the questions he is optimistic and believes that time will premacy of the white race. There is a love story woven through the volume which does not detract from the real purpose of the volume, which seems to be to give the book is well written and as far as one may judge-taking into consideration the bias of the author, as well as the prejudices of other writers on the subject-far more unprejudiced than the usual novels dealing with the reconstruction days.

The Four-Track News for March affords an infinite variety of mental vacation trips in all parts of the world, with an abundance of pictures to illustrate the way. The Thames river by rowboat, the Appian Way of Rome, the Americanization of Paris, cenes and sounds in New York, Boston, the temple of Liberty in Philadelphia, are among the features that whet desire to see the places described and pictured.

Helpfulness is the keynote of the March Housekeeper. Every article and department is planned to help the busy housewife in her work. The fiction, verse and special articles are of a high order and the illustrations are exceptionally fine.

April being an important month in the fashion world, the April Delineator is primarily a fashion number, containing an elaborate portrayal of the spring styles and the latest fashion news. In the literary portion of the magazine the first installment of a new serial story by Alhert Bigelow Paine is an item of note. It would become a party to the crime and is called "The Lucky-Piece; a Story of the Mountains," and promises well from these early chapters. In "The Rights of the Child," a new serial feature, it is announced, Dr. Grace P. Murray will discuss departure a detective dropped into Omana every phase of the care of children. Two Are Asphyxlated. Two Are Asphyxlated.

CHICAGO, March 14—Mrs. Samuel Friedman and her brother-in-law. Paga Friedman, are dead of asphyxiation, and Samuel Friedman is dying as a result of a gas plate in the Friedman flat. In some way the rubber hose supplying gas to the plate was detiched. Neighbors who broke open the doors this morning when the odor of gas filled the building found Mrs. Friedman and her brother-in-law dead. Samuel Friedman was taken to the hospital, where it was said he could not recover. WILL NOT RATIFY TREATY

Party Lines Are Drawn and Republicans Have Not Enough Votes.

DEMOCRATS ATTACK THE ADMINISTRATION

Course of State and Navy Departments in Santo Domingo Matter Criticized-Gorman Suggests an Investigation.

WASHINGTON, March 14.-The discussion of the Dominican treaty in executive session of the serate today resulted in the drawing of party lines. The democrats who have been reported as likely to support the treaty will return to the fold, it is said, and on both sides of the chamber It is admitted there is little prospect that the convention will be ratified. The republicans have been depending on some democratic support and have counted as certain the votes of Senators McEnery and Foster of Louisiana and Clarke of Arkansas. Senator Gorman, the minority leader, gave notice today that these senators are now bring a solution, and this with the su- pledged against the treaty, and it was stated that Senator McEnery tomorrow will recall his telegram authorizing Senator Cullom to pair him for the convention. It is not expected that either he or Senator author's idea of the real conditions which | Clarke will return to Washington to vote. existed at the close of the civil war. The Senator Foster will remain in Washington and vote with his party.

Republicans Short of Votes.

The republicans had planned to recall their absentees, but it was reported tonight that even with the full republican strength two years was paid during the calendar here the necessary two-thirds for ratification could not be mustered if there is no defection of democratic votes. The depletion of republican ranks by reason of the vacancies in Missouri and Delaware, the absence of Senator LaFollette, who has not taken the oath of office, and of Senators has received only \$268,873.97. Aldrich and Knox is felt greatly by the republicans who are striving for favorable action on the treaty. A canvass of the Board of Education has expended for the senate has not developed the necessary two- erection of new school houses about \$57,000, thirds affirmative votes, even counting all and will expend before the close of the republicans as present or paired. If the present fiscal year \$10,000 or \$12,000 more statement of the democrats that there would be no division in their party proves correct, or if the two Louisiana senators and Clarke of Arkansas should vote against it, there is no chance for ratification of

Investigation is Suggested. Because of the doubt of ratification, which was talked seriously today for the first time, the suggestion was made that action should be postponed until after an Investigation has been made of all the conditions in Santo Domingo, including the character of the claims and the stability of the Dominican government and the force that would be required to keep it intact. This proposition came from the democrats and credit for originating it has been given to Senator Gorman. It has not met with favor, largely because of the indifference as to the fate of the treaty which was expressed by a number of republicans. So far as the propriety of the senate making an investigation is concerned it was said that such steps would be unprecedented and that an inquiry, if one is to be had, should be made through the president. It is understood that the subject of appointing a commission to make the inquiry has not been presented to the president, and it seems assured that there will be no postponement of the vote unless such action meets the approval of the president, which is not deemed likely.

Takes on a Partisan Bias. The affirmative and negative on the treaty took on a decided partison bias democrats opposed the treaty and criticised the administration severely. The first speech today was made by Senator Teller. who asserted that the administration could April is the month when lovely spring Dillingham to exercise so much authority. opens her eyes wide after several weeks Fault was found particularly with Commander Dillingham for his position in takis that matron and maid, little folks and In the discussion there were injected many pointed questions, in which practically all of the democrats participated. School Board Revenues

OMAHA, March 14.-To the Editor The Bee: In The Evening Bee of March is the following editorial was published: "The annual report of City Treasurer Hennings shows that the revenue collected in for the school board for the fiscal year aggregated \$853,484.51, none of which came from the sale of bonds. In other words, the school board took in more than balf of the amount which all the other departnents of city government had at their command. If there ever was any excuse for an overlap in the school fund it surely as been removed."

Assuming that the editor of a great etropolitan newspaper like The Bee does not desire to print statements which are

In the first place, the fiscal year you efer to is the calendar year of 1904, which gins January 1 and ends December 31. iot the fiscal year of the school board stablished by statute, which begins July and ends June 30.

f this abnormal sum collected by the treasurer during the year 1964 \$237.000 beemparison of school board resources and expenditures based upon the calendar year (which is the city's fiscal years is always any weakness. disleading, for the reason that in some ears the bulk of the saloon license money is paid in December and in other years it is paid in January. In the case in question the bulk of the saloon licenses for not do, they increase the flow of gastrio venr 1904

The Board of Education has never re ceived during any fiscal year within \$200,000 of the amount stated in your editorial. During the first eight months of the present fiscal year the Board of Education

During the last two years out of the amounts received from the treasurer the for the same purpose.

The Board of Education has also in the bond redemption fund, according to the last statement of the treasurer, \$266,548.97, which is drawing interest and which has been placed there in accordance with law to cancel the bonded indebtedness due in 1908 and 1912. The board has also materially reduced its floating indebtedness.

Realizing the fact that misleading statements, regarding the Board of Education finances, may be made on account of the discrepancy between the city's fiscal year and the Board of Education's fiscal year. J. F. BURGESS. I remain. Secretary Board of Education, School District of Omaha.

Copper Market Lively. BOSTON, March 14.—A sharp upward movement in the coppers, especially Copper Range and Osceola, marked the opening today of the Boston Stock exchange. Copper Range was bid for at 82, up % from yesterday's closing. A little later this stock reached 83, thereby crossing Amalgamated, which was selling at 81. Osceola opened past the 100 mark, many shares changing hands at 101, an advance of 1½ points from last night's closing quotations. United States Mining was up % to 27% and Greene Consolidated up ¼ to 23%. SUPERIOR MERIT.

Remarkable Curative Properties of a Remedy for Indigestion and Stomach Weakness.

Stuart's Dyspepsia Tablets, a preparation for the cure of dyspepsia and the various forms of indigestion and stomach trouble, owes its great success as a cure for these troubles to the fact that it is prepared for disease and weakness of the stomach and digestive organs ONLY, and Is not recommended or advised for other disease:

It is not a cure-all, but for any stomach trouble it is undoubtedly the SAFEST, most sensible remedy that can be advised with the prospect of a permanent cure. It is prepared in tablet form, pleasant to taste, composed of 'vegetable and fruit essences, pure pepsin and Golden Seal, every one of which act effectively in digesting the food caten, thereby resting and invigisleading. I respectfully ask you to print orating the weak stomach; REST is nature's cure for any disease, but you cannot rest the STOMACH unless you put into it something that will do its work or assist in the digestion of food. That is exactly what Stuart's Dyspensis

Tablets do; one grain of the digestive principle contained in them will digest 3,000 You fail to state in your editorial that grains of meat, eggs or similar wholesome foods; they will digest the food whather the stomach is in working order or not, ongs to the calendar year of 1963. Any thereby nourishing the body and resting the stomach at the same time, and REST and NOURISHMENT is nature's oure for In persons run down in fiesh and appe-

tite these tablets build up the strength and increase flesh, because they digest fleshforming food which the weak stomach cantuice and prevent fermentation, addity and sour watery risings.

Stuart's Dyspepsia Tablets can be found at all drug stores at 50 cents per package.

DOCTORS FOR

in early life or neglected or improperly treated pelvic diseases, such as Gonorrhoea, etc. While Gonorrhoea is considered one of the simplest contagious diseases, yet through neglect it develops into Stricture and Gleet, insidiously progressing and tenaciously fastening litself upon the system until it has invaded the kidney, bladder and prostatic region, rendering it so complicated as to be incurable in some cases. Perhaps the first symptom was a little discharge, which, if properly treated, could have been cured in a few days. Rheumalism is another result of improper treatment of this condition, producing not only exeruciating pain, but it frequently warps and twists one or more of the joints in the body, producing horrible deformities, frequently depriving the individual of the ability to earn a living for himself, leaving him a heipless and toctured crippls for life. Another deplorable result of this disease when improperly treated is swollen glands, that are not only painful, but will finally destroy a man sexually, and in many cases physically. When this disease through neglect or improper treatment by its extension has caused a cystilic invasion of the bladder, thence by its extension up the ureters to the kidney, it there produces results that are indeed lamentable. Some men through ignorance of the consequences which are sure to follow neglect or improper treatment, consider this a trifling aliment and rely upon patent medicines, druggists and unskilled dectors in an effort to secure relief for the cost of a bottle of medicine, and by this procedure allow the disease to make such sarious inroads upon the sexual and nervous systems that it incapacitates them for the physical mental and sexual duties of life, and the patient pays dearly for his economy or the selection of incompetent attendance.

We cure quickly, safely and thoroughly Everything has to have a beginning, and one of the most prolific sources of the diseases and weaknesses so prevalent among men is the result of abuses in early life or neglected or improperly treated privic diseases, such as Gon-orrhoes, etc. While Gonorrhoea is considered one of the simplest contagious diseases, yet through neglect it develops into Stricture and Glect. Insidiously
