ministrator of the estate of W. E. Haverstock of Pottawattamie county against the National Masonic Accident association ma/ come up for a rehearing. A petition for such has been filed in the supreme court. The supreme court reversed the decision of the lower court, which was in favor of the plaintiff. The plaintiff now claims that the entire case hangs on the difference between the word "happened" and "caused by." If his death was caused by bodily disease of any kind he is not entified to recover the accident insurance, but if it was an accident and happened from such disease he is entitled to the money.

Bids All Too High. All the bids opened Saturday for the improvements at the Orphan's home at Davenport were too high to come within the amount allowed for the work. On that account the board had to go over the figures with the contractor and the buildings were made a little smaller. All the contractors then entered new bids and the contract was awarded to Heilenberger of Chicago for \$18,771. This included the erection of a laundry, the remodeling of the old laundry to make a kitchen and the erection of a new coal shed.

ing Held at Chicago Yesterday-Staff of Umpires is Announced.

AMES, Ia., March 19.—(Special.)—From the large amount of material to pick from it would seem that Ames ought to be able to make a creditable showing in athletics this year, both in base ball and track athletics. The weather the past week has somewhat retarded outdoor practice, but the training shed has been a scene of activity. There is an immense amount of scrub material on hands to pick from which may yield some stars by the time the season, is well advanced and there is also some good varsity timber on hand. With the training they are receiving from Jack Watson no one feels but what Ames has an equal show with her sister institutions in track athletics this season. In the 160-yard dash several of the men who won points in dual or state meets last year are back again, and the same with those that were placed in the sprints in the fall meet. In the two-twenty practically the same men that took part last year will do so this. The long distance races will have a liberal supply of entries, but the half is not so well supplied. The hurdles have a number of aspirants, while in the matter of quarter mile men the situation is about on an equal with that of last year. Not as much material as would be liked is available for the hammer throw. Cave is out of the shot put this year on account of injuries received to a limb lest fall in the football game with Drake Thanksgiving. In the pole vault three of last year's varsity men are back and are hard at work every day and will make a hard effort to retain their positions. CHICAGO, March 19 .- A playing schedale for the coming season was adopted here today of the American Base Ball association. tember 18. The umpires of the association this sea-

son will be Jack Haskell, Columbus, O.; W. F. Hart, Cincinnati; G. A. Stone, Roches-Those present at today's meeting were; W. J. Kelly, St. Paul: W. H. Watkins, Minneapolis, Arthur A. Irwin, Kansas City; C. S. Havenor, Milwaukee; J. Ed Grillo. Toledo; Thomas J. Brice, Columbus; make a hard effort to retain their positions.

Base ball practice has been encouraging, and the past two weeks has been put in practicing batting and base running. The varsity team will be ploked in a few days. Coach "Bad" Green will arrive some time next week and work will then begin in earnest. It now seems to be uncertain whether "Yank" Brown will be allowed to play or not, as the State University of Iowa at Iowa City and Cornell have refused to play Ames if Brown is retained, making a plea of professionalism.

A strong schedule in tennis is being arranged for and while the dates have not been positively agreed upon, it is almost certain that games will be played here with Iowa, Drake, Grinnell and Coe, and also return games. Ames will also be represented in the state tournament meet again this year, which trophy she carried off last. Taken as a whole, prospects in athletics are assuming an encouraging aspect and with good training and hard work Ames hopes to make a creditable showing in 1906. Charles Ranochaupt, Indianapolis; M.
