

There is hardly an article which a woman wears today but what can be bought ready to put on. The growth of this section of our business has been simply wonderful. In the first place, everything we sell is good - we buy no seconds or discarded samples. Our garments are fitted by expert people free of charge. Our goods are marked in plain figures. We use none of the tricks to sell goods so often resorted to. Our method belongs to the legitimate store.

for Women

Ladies' Waists

It is impossible to enumerate all the good things we are now showing. To see the goods is better. Beautiful styles from \$1.00 to \$18.00.

Silk Shirt Waist Sults

Our styles are new, our silks are good, no skimpy skirts, every one full and preperly made, all the choice colors. Prices from \$15.50 to \$30.00.

Silk Petticoats

All the new Silk Petticoats are now here. Elegant creations in black and all the new colors. Prices from \$5.00 to \$45.00.

Rain or Shine Coats

Most desirable garments for traveling, shopping and general utility wear. Our prices are from \$16.50 to \$30.00.

SILK SALE MONDAY

These are silks that will be in demand all summer. Do not miss thest two special values Monday. On sale at 8 o'clock.

Shantung Pongee, 19 inches wide, 50c quality, Monday's price 271/2c a yard.

20-inch wide White Jap Silk, Monday's special price 17c a yard.

We have plenty for all who come in the morning.

mended for passage this morning. REPORTS BACK APPROPRIATION

Senate Committee Makes Several Changes in House Bill. ·(From a Staff Correspondent.) LINCOLN, March 25.-(Special.)-H. R. 347 was reported back to the senate this morning by the fianance committee and placed

on general file. The committee made the following changes in the bill: A \$5,000 item for furnishing steel vault in the office of the land commissioner was stricken out. One thousand dollars was allowed for furnishing a fireproof vault in the auditor's office.

The item of \$3,000 for field help, postage traveling expenses and instruments for the State Board of Irrigation was reduced to \$2,500

The food commission was given \$2,500 for office expenses instead of \$3,200.

Thirty thousand dollars was given the State university for library books and equipment, physics apparatus, poultry, husbandry and farm land, providing the sum

shall become available in case the grand assessment roll of the state as returned for the year 1905 reaches the sum of \$310.-000,000. The house appropriated this amount unconditionally. For the Institute for the Deaf and Dumb

at Omaha the item for employes and teachers was reduced from \$11,000 to \$9,500. For repairs and improvements at the Girl's Industrial school at Geneva, the ap-

propriation was increased from \$1,750 to \$4,000 Wages for employes at the Hastings asylum were reduced from \$76,800 to \$70,000. Instead of allowing \$22,800 for repairs and

improvements at the Hastings asylum the committee allowed \$10,500, and specified that should be used for a dynamo, boiler, greenhouse, trees, curbing and improvements on the grounds, and a fire escape. The item for employes' wages at Norfolk asylum was increased from \$20,000 to \$22,000 The appropriation for furnishing the administration building, new cottages and new wing at the Norfolk asylum, and for planos, was increased from \$8,000 to \$14,000

The committee recommended that the ap propriation for the Home for the Friand. less is to be expended exclusively in caring for the children inmates of the home, eligible for adoption and for aged women inmates of the home.

Fifteen hundred dollars instead of \$500 was allowed for repairs at the Industrial home at Milford.

The item of \$8,000 to be appropriated from the convict labor fund for repairs of bollers, establishing a school at the penitentiary and paying any deficiency that may occur, was reduced to \$4,000. For trees and improving grounds at the

Soldiers' home at Grand Island, \$250 instead of \$500 was allowed. An item of \$2,500 for painting farm build-

ings and cottages at the Grand Island home was reduced to \$1.250. An appropriation of \$35,000 for the erec-

tion of an administration building at the Soldiers' home at Grand Island was recommended and \$750 for repairing steam plant at the same place was allowed. A \$2,000 salary for the state entomologist was stricked out

For junior normals \$8,000 was allowed instead of \$15,000.

The committee recommended the reinstatement of the appropriation of \$3,000 to pay for printing unofficial supreme court reports.

To prevent the lapsing of the appropriation for the buildings being erected on the university grounds the \$35,000 was extended so that the building could be completed.

Twenty-five hundred dollars was allowed for printing special volumes of series 2 containing minutes of Nebraska constitutional conventions of 1871, 1875, 1884

Albano Strikes the Parisian Off Entrance to Halifax Harbor.

Parisian Has Great Hole Torn in Its

engers Are Panie

peace, he said: The source of my original information on this subject was a high one, but it is gratifying to receive this confirmation. The European powers, notably France, have for some time been endeavoring to find out on what terms Japan would ac-cept peace. These have been certain in a general way and have been certain in a general way and have been communicated to St. Petersburg. When he called his war council on March 14, the emperor knew these terms and doubtless communicated them to his ministers. The reason for Japan's apparent reticence regarding the opening of peace negotiations is not due, as far as I can learn, to a desire to continue the war, but is because the Toklo government wishes to be certain that Russia is pro-

ceeding to peace negotiations in good faith and is not playing for time as she did in the negotiations prior to the war.
