POLAND TO HAVE NEW LAWS

Governor General of Warsaw Ordered to Elaborate Reforms for Promise.

MUST MEET THE CHANGING CONDITION

Emperor Nicholas Issues Rescript Instructing Chief Officer of District to Suppress Disturbances While Perfecting Reforms.

ST. PETERSBURG, March 29.—Emperor Nicholas has instructed M. Maximovich, governor general of Warsaw, to elaborate the reforms necessary for the prosperity of Poland.

In a rescript to the governor general the emperor says: Since the radical revival of civil life in the Vistula territory during the past forty years, a series of needs has developed on which the government must bestow special solicitude. Enemies of the existing order are seeking to provoke disturbances, thus hindering the calm discussion of the reforms for which the country is ripe, and at the same time some sections of the Polish population are putting forth exorbitant claims concerning the limits for the employment of the state language, which has been throughout the empire the high importance due to it, without superfluous or unjust exclusion of local languages.

The emperor accordingly directs the governor general, while lawfully and firmly suppressing artificially supported disturbances, to proceed to the elaboration of the reforms found to be necessary for the prosperity of the territory inseparably connected with the other parts of the Russian state.

Jews Desire Representation.

ST. PETERSBURG, March 29.—Interior Minister Boulanger today received a Jewish deputation which urged that the Jews be represented in the projected assembly and expressed the fear that such would not be the case unless special action is taken, as the Jewish element is almost unrepresented in the zemstvos and nobles' and peasant organizations.

Trustworthy reports from Georgia, Russian Transcaucasia, say that the revolutionary movement is growing in the mountainous districts. It is added that the authorities have been deposed; that a provisional government has been proclaimed and that the troops decline to carry out the orders given them.

Disappointment at Warsaw.

WARSAW, March 29.—Midnight.—There is general disappointment here at the tone of the emperor's rescript. The feelings of the Poles have been hurt by the imperial reference to Poland as the Vistula country, instead of the kingdom of Poland, and the emperor's titles being king of Poland. It is also pointed out that the rescript leaves reforms to the bureaucracy, which is hostile to reform measures. Everything, it is

PSORIASIS AND ECZEMA

Milk Crust, Tetter, Ringworm, and Scalded Head, and Every Form of Torturing, Disfiguring Humors from Infancy to Age.

CURED BY THE CUTICURA REMEDIES

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and the anxiety of worn-out parents, as in milk crust, tetter, and salt rheum—all demand a remedy of almost supernatural virtues to successfully cope with them. That Cuticura Soap and Ointment, and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures and humor remedies of the civilized world.

CAPT. GRAHAM'S CURE

Of Distressing Humour. Captain W. S. Graham, 1321 Eoff St., Wheeling, W. Va., writing under date of June 14, '04, says: "I am so grateful I want to thank God that a friend recommended Cuticura Soap and Ointment to me. I suffered for a long time with sores on my face and back. Some doctors said I had blood poison, and others that I had barbers' itch. None of them did me any good, but they all took my money. My friends tell me my skin now looks as clear as a baby's, and I tell them Cuticura Soap and Ointment did it."

NO MORE PAROLE FOR CRAIG

Edward Morgan Tells the Governor the Story of Assault Upon Him.

GOVERNOR SAYS CRAIG MUST SERVE TIME

Had Been Paroled After Four Years of a Fifteen-Year Sentence When He Made the Assault on Morgan.

(From a Staff Correspondent.) LINCOLN, March 29.—(Special.)—Accompanied by his wife and little child Edward Morgan of Seventeenth and Clark streets, Omaha, who was brutally assaulted in Omaha some weeks ago by one Craig, a paroled convict in the city penitentiary, called upon Governor Mickey this morning and to him related the circumstances through which he has passed from a strong, robust athlete to a confirmed invalid, being partially paralyzed from the blow dealt him by his assailant. Senator Saunders and Representative Anderson of Omaha presented Mr. Morgan to the governor and assisted in setting before the chief executive the details of this rather pathetic case. The purpose was to impress upon the governor's mind the fact that the attack was unwarranted and cold-blooded and should prove that Craig merited the entire fifteen years for which he was sentenced at the penitentiary. The governor now says he will recommend that the convict serve out the term.

STORY TOLD BY MORGAN.

Craig had been paroled after four years of service. According to the Morgan story he (Morgan) was standing upon the street near his home one night in conversation with a young woman, who was a neighbor and friend of Morgan's, when he was known to Morgan and insultingly demanded to know of Morgan what he had been saying to "that young woman." The girl in the meantime had gone to her home, just across the street. Morgan says he answered emphatically that he would, if she then he proceeded to the direction of the girl's home, when Craig slugged him, knocking him unconscious with a blow upon the jaw. It was this blow that had paralyzed that whole side of Morgan. After being knocked down Morgan says he was robbed of \$25 and dragged by Craig to the door of the young woman's home. Craig, he says, rang the doorbell and skipped.

BOTH SENATOR SAUNDERS AND REPRESENTATIVE ANDERSON BELIEVE IN MORGAN'S CASE.

Having the utmost confidence that he was innocent of the implied guilt and that his assailant merely resorted to that means of getting his victim off his guard so he could the better carry out his brutal assault. Craig is back in the penitentiary and so far as Governor Mickey is concerned will stay there.

UNION PACIFIC OFFICIALS AT GRAND ISLAND

GRAND ISLAND, Neb., March 29.—(Special Telegram.)—General Manager Mohler and Chief Engineer Berry of the Union Pacific met a committee of the Commercial club and of the North Side Improvement club in this city in regard to the matter of the removal of the freight switching yards to the lowlands east of the city and the conclusion of the discussion the officials expressed themselves as pleased with the unanimously expressed sentiment of the local people, announcing that the work of moving the yards would be begun at once, and it was the hope that they would be completed by fall. The company's officials stated that they would ask for the closing of a few more streets and it was the unanimous sentiment that any reasonable request of the company in this respect, assurance being given that the remaining crossings be made the safer, be granted.

POLITICAL FIGHT AT FREMONT.

FREMONT, Neb., March 29.—(Special.)—The republican city committee filed objections with City Clerk Stiles against the names of the citizens nominated at the citizens' convention being placed on the ticket under the name citizens' ticket, and also on the ground that a sufficient number of legal voters had not signed the same. The clerk held that they should go on the ticket by petition and not as citizens' ticket.

POOLS PIERCE MERCHANT.

PIERCE, Neb., March 29.—(Special.)—A young man came into Huebner's racket store yesterday morning, bought 5 cents worth of goods and handed out what the clerk, Walter Schulz, thought was a \$10 greenback, but which proved to be a counterfeit \$10 bill. Mr. Huebner called the sheriff to start in pursuit of the young man, but he couldn't see it that way unless Huebner would agree to pay for the livery rig. This Huebner refused to do. Some think that young Cross, who lives at Center, did not intentionally pass the bill, but it was a mistake and that he will rectify it when he finds it out.

Scott's Emulsion does for the consumptive what medicine alone cannot do. It's the nourishment in it that takes the patient in long strides toward health.

THE VALUE OF CHARCOAL

Few People Know How Useful It Is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectively clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the chest and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal (Charcoal Lozenges) is the one composed of finest powdered Willow charcoal and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

APPROACH MORE WITNESSES

Officials Discover Additional Attempts to Fix Testimony in Beef Trust Inquiry.

SHIELDS GIVES BONDS FOR APPEARANCE

J. Ogden Armour Says Indictment of Mr. Connors is Due to a Grave Misunderstanding of the Facts.

CHICAGO, March 29.—Ten witnesses, several of them being employed by Chicago packers, were heard at today's session of the special grand jury which is investigating the business transactions of the so-called beef trust. All of these men were subjected to a Federal examination as to whether they had been approached by outsiders since being called as witnesses, the inquisitorial body seemingly being more anxious to secure further persons than to secure real facts concerning the beef combination. From a Federal official it was learned tonight that several witnesses had been approached, and as soon as the proof is in the hands of District Attorney Morrison, it is said more indictments will be returned.

SHIELDS UNDER BONDS.

John E. Shields, government witness in the case against Thomas J. Connors, Armour's general superintendent, indicted on a charge of trying to influence a witness, was put under \$1,000 bonds today to appear at the July term of the United States court, when the Connors case is set for hearing. Shields signed his own bond and left for New York tonight.

SECRET SERVICE MEN HAVE INCREASED IN NUMBERS SO RAPIDLY THAT NOW ALMOST EVERY MEMBER OF CONGRESS HAS BEING SHADOWED.

Many other persons not directly interested in the daily proceedings of the jury are also being shadowed, and every endeavor is being made to prevent anyone from approaching a proposed witness.

STATEMENT BY MR. ARMOUR.

In a statement given out tonight, J. Ogden Armour, the head of Armour & Co., declared that the indictment against his confidential man, Thomas J. Connors, was the result of a grave misunderstanding as to the facts.

MR. SHIELDS IN THE NEW YORK REPRESENTATIVE OFFICE OF H. J. ELLIS & CO., AGENTS FOR ARMOUR & CO. IN SINGAPORE, AND CALLING TO MR. ARMOUR'S STATEMENT, SHIELDS' ACCOUNT OF THE OFFICE OF THE PACKING COMPANY WERE ENTIRELY OF HIS OWN ACTION.

Continuing, Mr. Armour says: "The usual courtesies of a business house to its representatives, to the extent of commencing their families over private wires to New York, and to care for the incoming mail and telegrams until the could call for them, were extended to Mr. Shields. During his stay in Chicago Mr. Shields received the attention of representatives of Armour & Co. at dinner, theater parties or elsewhere. Mr. Connors assured me and I have every reason to believe him, that he did not as charged in the indictment, in any manner tamper with or influence Shields in the performance of his duty to appear before the jury and to give evidence on any subject of which he might have knowledge."

Ninety-nine per cent of the cattle growers of the country believe there is an illegal combination having for its end the stifling of competition and the controlling of the market for beef and mutton. It is the great slaughtering markets, Chicago, Kansas City, St. Louis, Fort Worth, Omaha and Leadville, which are the cause of the trouble. We will help it all we can and we will help it all we can. It can be done and the cattlemen will help.
