WALLOPED BY THE WHITE SOX

Rourke's Team Rolled in the Dust by the Chicage Visitors.

LACK OF PRACTICE PLAINLY VISIBLE

Game Not So One-Sided Nor So Bac as the Score Indicates and Shows that Team is Strong In Spots.

The base ball season was informally opened in Omaha yesterday afternoon at inton street, where the Chicago White Sox team defeated the Rangers by a score of 14 to 2 in a game that was not fraught with any particular bright spots. Before going into any analysis of the score, which at first blush seems to have a decided list to post, it must be remembered that the Comiskey players have been together since March 7, have been enjoying the balmy weather of southern climes, playing games right along, with the result that the team that appeared here yesterday afternoon, although not the cream of the White Sox staff, is practically organized. It must also be considered before passing judgment on the result of yesterday's game that the Rangers have only been together since last Monday and that yesterday's infield was not the same that played last fall in the exciting games that won the pennant for

It is true that the White Sox did pound Leibhardt for six hits and plucked eight runs out of the burning in the fifth inning. But the first four of the six hits were little fellows, which would have retired the Sox with the infielding Omaha had last season, and which Manager Rourke and the fans believe the team will have before the regular season opens, April 26. Five of the six errors appearing in the Omaha column were made by the infielders, while the sixth was made by Thiel, who made the only outfield error of the game.

Pitchers Show Need of Practice. Pflester, Leibhardt and Bemis pitched three innings each for the Rangers, while Patterson pitched the first six for the White Sox and McKay the last three. Each of the Omaha trio of pitchers showed the need of practice. Bemis put considerable speed into his pitching, but was rather erratic in his delivery. Ivan Howard made three of the eight base hits credited to the Rangers. The manner in which he handles bat bears a strong suggestion of his

brother of pleasant base ball memory. The squad Manager Comiskey has sent here certainly played a creditable game, in which the team work stood out prominently. They took advantage of every opportunity that offered itself and played an errorless game.

The same teams will play again this afternoon at Vinton street, beginning at 3:30 Companion, Quick and McCloskey will be in the box for the Omaha team this after-

OXFORD WINS ANNUAL BOAT RACE

Sixty-Second Contest with Cambridge in Taken by the Dack Blues, LONDON, April 1.-Oxford today won the ixty-second annual boat race between the Universities of Oxford and Cambridge, de-

feating the latter by three lengths. The race was rowed in beautiful weather There was not a ripple on the water and the wind was very light. Consequently there was not much advantage in the holes of stations. This contest, always attractive, drew an unusually big crowd today, as the experts had also prophesied the best race in years, owing to the evenness of the crews. The prophesy, however, was not fulfilled. Oxford speedily taking the lead and heading the procession to the finish.

Cambridge won the toss and selected the Surrey side of the river. The boats got away to a spendid start at 11:34 a. m., but Bucknell set the dark blues (Oxford) slashing stroke of 36 to the minute and almost immediately established a lead which was never lost. When Crawen steps were reached th

Oxnonians were a few lengths in front, and the cheering of their supporters on the river bank was something to be long remembered. Both crews were still rowing strong, but the dark blues continued to came away and soon had two lengths advantage. Passing the Sacharin works, Taylor (Cam-

bridge) called on the light blues, who made a gallant response and closed the gap by half, a length. But the dark blue's stroke oon slicok over their rivals, Oxford quickly regained the lost advantage and added to their lead. Off Chadwick it was evident that the

race had already been decided. Some of the Cambridge crew showed signs that they were weakening, but Taylor made another effort with a stroke somewhat faster than that of Oxford. It was not well pulled through, however, and a lack of rhymth was manifested. Thereafter the leaders were never pressed and passed the ship at Mort Lake the easiest of winners by three lengths. Time: 20 minutes 35 seconds.

The police commissioner had been summoned by telephone to come to the office of the chief of police and started on foot, followed by a policeman. The former noticed at the corner of Konstantinowsk and Zawrski streets a poorly clad man carrying a basket. As Zabalovicz approached the man suddenly hurled a bomb, which exploded with terrific force, blowing off the commissioner's feet and severely wounding him in he breast. It is feared his injuries will prove fatal. The force of the explosion is udgeable by the fact that it tore a hole in the ground two feet deep and twelve feet in circumference. The accompanying pocoman drew his sword and wounded the ommissioner's assailant on the head. When the prisoner was searched a loaded revolver and some cartridges were found in his pockets. He is supposed to be dying from the sword cuts received. The exlosion was heard about five miles away. All the windows in the neighborhood were shattered. LONDON, April 1 .- (Special Cablegram The Bee.1-Expert opinion is almost nanimous that London will ultimately ave to go to Wales for its water supply.
