Opponents of Issue for City Hall and Park Purposes Do Not Propose to Allow Matter to Rest Untested.

Now that the spring election is over it devolves upon the city council to canvass vote on Monday night next and the clerk will be directed to issue certificates of election to the three members of the School board elected. The vote on the special election will also be canvassed and, as the park and city hall bonds carried, it will be the duty of the council to proceed to spend \$40,000 for parks and to select a site for a city hall building. The park bonds will run for twenty years and draw interest at the rate of 4 per cent. That W. W. McCombs used for wedding expenses the \$400 received by him and W. H. Gunsolus from Tom Dennison in May of 1902 is the latest statement of Mr. Starkey, for alleged manslaughter, was to Dennison in regard to his suit. The following story is told by Mr. Dennison: "Gunsolus and McCombs came to me one April 13. The county attorney's office day and told me that McCombs was about will, because of the seriousness of the to be married and needed \$400 to defray his charge, put the case on trial and offer all wedding expenses. They wanted to borthe evidence the state has, but neither row that amount and give me both names on a note. I readily acceded, as McCombs was represented to own a valuable farm near the city. They were together when I handed them the money.

"A few days later McCombs started for the east, and then came the reports of his marriage. Whether he used the money on that occasion or not. I cannot say, but that was his avowed purpose when he borrowed it.

Dennison.

"When McCombs and Gunsolus first heard that I intended to bring suit, they denied having signed the note and said they expected to prove it a forgery. But they remembered that Joe Sonnenberg had been present when the paper was signed, and so they went to Joe. When he told them that he had not forgotten the incident they realized it was no use to deny their signatures.

"McCombs sent the sheriff to me to see f I would take \$100 for the note and 1 told him I, would take \$400 and no less, He then sprung the old joke about securing the services of I. J. A New Idea in Transpacific Trans portation.

The Great Northern Steamship company in placing in service between Seattle. Wash., and Yokohama, Nagasaki, Kobe, Shanghai and Hong Kong the magnificent American built steamships, the Minnesota and the Dakota, marks a new era in transportation facilities between the United

States and the orient. These magnificent steamships, with their superior facilities in handling immense freight cargoes and the luxurious appointments for passenger travel, has given an impetus to our oriental trade. The North Pacific route to the orient is rapidly becoming the popular one and now that the two palatial steamships, Minnesota and Dakota, have been put in commission, there is no question but that a further greater increase in our trade with the orient as well as increased passenger travel to Asiatic ports will be inaugurated. The first sailing of the Minnesota, in addition to carrying the largest cargo to the orient ever carried by any

ship in the world, as well as an extensive passenger list, augurs well for the future. The Minnesota will sail on its next voyage to the orient on Saturday, April 29, and it will not be amiss to say here that the excellence of its passenger accommodations will be heralded to the traveling public of the United States by all who enjoyed the pleasant voyage across the Pacific on its first trip as furnishing the acme of travel comfort. The fact that the superior accommodations of the Great Northern Steamship company in connection with the comfortable journey afforded by the Great Northern railway to Seattle, the sailing point of the Minnesota, will make this route the popular one from occident to orient.
