NEW WORK IN CHINA IS TO BE TAKEN UP

The twenty-eighth annual meeting of the Woman's Presbyterian Missionary Society of the Omaha Presbyterian Church, which opened yesterday afternoon at the First Presbyterian church, with twenty-five towns represented by seventy delegates, thirty of whom represented the thirteen local organizations.

Delegates Made Welcome.

Owing to the illness of Mrs. P. L. Perrine, who was to have delivered the address of welcome, Mrs. George Tilden, synodical president, welcomed the visiting women.

Reports of the vice presidents of the various districts showed four new societies organized during the last year, at Creston, Munro, Colon and Blackbird Hill. An interesting feature of the afternoon was the reports of encouraging signs reported from the delegates of the societies, in answer to roll call.

Mission Work in Syria.

Miss Hattie Hunting of Tripoli, Syria, made an address last evening on the work done by the missionaries in Syria, under the conditions met with and the success that has been achieved. The Presbyterian missions lie between Tyre on the south and Hamath on the north. They have been in operation for eighty years. The Nebraska societies support day schools in two of the four districts of this mission. Syria is a land of many sects, she said, and the American missionaries come in contact to some extent with all of them.

FIRE RECORD.

Hotel in Buffalo. BUFFALO, N. Y., April 6.—Fire which broke out today in the basement of the White Elephant restaurant on Main street, spread to the upper floors occupied by the Hotel. Several of the occupants of the hotel, unable to reach the street, escaped by jumping from windows on the second floor. A woman was overcome by the smoke and carried from the building.

Adults Not Easily Reached.

Miss Hunting pointed out that success was not so generally met with among adults, although in not a few instances notably successful conversions had been effected. The American and English system of instruction, she said, gave the people partly directly and partly indirectly, through the children, a wider and more attractive view of human activity which the people are quick to appreciate the advantages of, but which, as they run counter in many ways to the habits, home training and influences of other sects having less liberal and sympathetic consideration for human equality, meet with opposition that is difficult to entirely counteract.

An elaborate program has been arranged for today, beginning at 10 o'clock in the evening. In the afternoon, Mrs. Kinyu Okamoto will deliver an address on "Mission Work Among the Japanese." He will sing the Japanese national hymn. His wife and child will appear in their native costume.

SSS FOR THE BLOOD

"S. S. S. for the blood" has grown to be a household saying. When the blood is out of order, or needs treatment from any cause, this great remedy is the first thought of and used by thousands of people all over the country.

I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and an all-gone tired feeling that made me miserable. I began the use of S. S. S. and my blood was restored to its normal, healthy condition. My appetite returned, I increased in weight, that "tired feeling" left and I was again myself.
